

Thursday, May 8, 1890.

POSTOFFICE HOURS.

From 7 a. m. to 7 p. m. From 8:30 p. m. to 9 p. m.

THE MARKET REPORT.

Potatoes, young, per bush \$0 to 1.00. Chickens, young, per dozen 4.00 to 4.50.

CHURCH NOTICES.

METHODIST EPISCOPAL CHURCH—Services every Sabbath at 11 a. m. and 7:30 p. m.

Local and General.

Try lemon cream pie at City bakery. This city is in need of a good sewer system.

Fresh bread every day at the Red Front Bakery. Did you hear the city dais say anything about sewers?

The real estate men are growing thicker and thicker every day. Mattie E. Martin, of this city, is giving painting lessons in Albany.

The estate of Chas. E. Sinton has been placed by the appraisers at \$221,000. The marshal is now night watch. His labors are arduous and the pay small.

Dayton and Lafayette say that they will stand in and help the motor line along. Hewitt Bros. are astonishing the people by low prices on musical instruments.

E. Easterbrook is considerable better and will be able to be up in the course of a week or so. When the motor line is running to Dayton, look out for a boom in McMinnville property.

What about the fourth of July celebration? This matter should be given attention and a rousing celebration held in this city this year. J. L. Story of The Dalles has been in the city for the past week visiting friends and relatives.

The Board of Immigration meeting tomorrow night should be attended by everyone who wants to see the city prosper. The Braly place which has been on the market for the last year, in all probability be bought within the coming week.

The horsemen all say that the McMinnville track is without doubt the best track in the state, since the curves have been thrown up. C. W. Holman has Dick Turpin, the thoroughbred Jersey bull, at place for service; terms, \$2.50 cash in advance, with privilege to return.

J. C. Curtis is down with the pneumonia. This disease does not appear in an aggravated form but it brings a man down to a skeleton in a week. "Uncle" Dick Phillips says that he will give 20 acres of the best land in the county and the right of way to any motor line company who will run through his ranch.

Strayed—A small brown mare with both hind feet white, five years old. Has saddle and collar marks. Any information may be addressed to H. C. Mane, McMinnville, Oregon.

John I. Knight, who is in Portland, reports a hard work to catch an immigrant. There are not enough of them to go around. The speculator in city lots seems to predominate just now.

Please bear in mind that by calling at Hewitt Bros. you can see the nicest organs in the state for the money. We will compare them with any of the prices are so low that they will astonish you.

The Salem Statesman says that the Willamette river is about to eat a new channel west of the town and leave the capital city without river communication. Salem wants an appropriation of \$2,500 to put in a breakwater.

The Rev. W. W. Beck was in the city during the past week attempting to sell a tract of land near Seattle to a company of McMinnville people. They concluded not to invest. He wound up his labors by preaching at the C. P. church on Sunday.

"Cupid" tea at C. Grissen's.

LaGriffe is still with us, it appears. Dr. G. S. Wright has gained a reputation for his fine plate work.

Those are daisy organs at Hewitt Bros. Have you seen them? Mr. Caddy, of Springfield, Lane county, spent a few days here this week.

The young son of Wm. Savage, near Lafayette, died Sunday of lung trouble. Bread, pies, cakes, doughnuts, etc., fresh each day at the Red Front Bakery.

Don't contract for this year's twine until you have had a talk with J. G. B. & Co. One top buggy and one one-horse roadster for sale at a bargain. Mrs. J. B. Rohr.

The chief of the fire department orders another drill for Saturday night of this week. Geo. W. Burt has settled at Santa Cruz, California and is engaged in the mercantile business.

C. Grissen still keeps the City bakery where he sells fresh bread, cakes, pies, and home-made candies. Although the season is at least four weeks behind the prospects for a bountiful crop never were better.

Call and see the beautiful calendars given away with each bottle of Wm. R. C. & Co. The W. C. T. U. will meet at Mrs. M. V. Young's, Friday at 3 o'clock. All are invited. N. A. Jacobs, Sec.

Geo. Owens has a "Notice to Breeders" in the advertising columns, and it should be read by lovers of fine stock. The advertisement of F. Dielschneider can be seen on this page and his goods will be sold at cost for the next 60 days.

Don't buy a buggy, cart, phaeton, or spring wagon until you see J. G. Ballinger & Co. It will pay you to give them a trial. The McMinnville bank intends to put a neat galvanized iron cornice on their building at the corner of Third and C streets.

Mr. J. J. Johnson, Chas. Palmer and several others will leave this week to locate timber claims in the mountains west of this city. Nearly everyone is now engaged in monkeying with a hose, wetting down the street. A whole lot of fun now, but it will grow old fast.

The building on the Wright property at the corner of Third and E streets will be sold for \$250. For particulars address Box 65, Dayton, Or. Chas. Fleming has been on a jaunt through Southern Oregon. He is looking for a place in which to embark into the clothing business.

Geo. W. Knapp has moved from his ranch near Dayton to this city. A steady stream of new people pours into this favored city. Can you find a prettier country than Oregon is now? The new season in bloom—everything is green. Strawberries will be ripe in a month.

Jesse High has been very low with pneumonia, but is now slowly mending. For several days it was thought that he would not survive. Dr. H. V. Johnson has been appointed a member of the board of medical examiners for the pension department in Tillamook county.

Buffalo Bill's jamboree is having about as big a run in German cities as Barnum had in London. All classes and stations flock to his tents. The Shorthorn bull, Earl Zand near the brewery, at \$3 to insure, payable in advance. Curtis & Son, owners. A daughter of Mr. Weed, of this city, died Sunday of heart disease. The family doctor has arrived and the change would benefit the young lady.

P. D. Glenn and F. Griffith have formed a partnership under the name of Glenn & Griffith. They will deal in plumbers' supplies and do all kinds of plumbing. Elsa Wright has a beautiful stock of light summer buggy robes, and persons who intend to buy should see him, to look over the stock and get prices before buying elsewhere.

Mr. W. D. Wright has had several offers for his property on the corner of Third and E streets. The people wanting it intend to erect a brick block upon it, if it can be purchased. An agent of the Kansas City Co. will be here on the 10th of this month, and he will offer the right of the electrical railway. This road is assured and the people should do all in their power to help it along.

The pamphlets ordered by the board of immigration have arrived and the friends of the cause will be glad to see them in the east can get them by calling at the rooms of the board of immigration or at H. C. Manee. The fire department drill Saturday night resulted in a fine show. The new hose was tested and the water works are now being relied upon to put out a fire in short order. The pressure at the water works was 100 pounds and 130 lbs. can be had.

James Co.'s new mill at the foot of Third street is fast nearing completion. The millinery is being put in position and in a week will be turning out orders. The firm will take water from the mains for steam and will insert a stand pipe in the building. It is one of the most convenient factories in the state. Wm. Martin has leased the corner corner to the Commercial hotel, on the corner of Third and E streets, for the next seven years, and will erect a large building immediately. If our landed cap italists had an atom of push in their loins they would erect several brick blocks a year and stop this cry for store-rooms, offices, etc.

Mr. Kennedy, superintendent of agencies of the West Side division of the Southern Pacific was in this city Thursday of last week inspecting the present here about the sale of tickets to all points in the East. Anyone wanting to go East can now purchase the tickets necessary at the ticket office in this city. It is quite an accommodation. The tendency of the property owners of this city is to ask more for their property than it is really worth and thus hold back many improvements in the shape of brick blocks which would be built if they did not take a fortune to buy the land. If they continue to do this the town will be dead in two years. Sell at a good profit and let the property be improved and improve yourself.

COUNCIL PROCEEDINGS.

The regular monthly session of the city council was held in the council chamber Tuesday evening, May 6, 1890. Present: Mayor Manning; Councilmen Barneoff, Galloway, Grissen, Johnson, Jones and Wright.

Minutes of previous meeting read and approved. The treasurer made his report and returned the delinquent tax list; on motion the report was accepted. The treasurer reported that the tax levy amounted to \$3,284.97, and that \$2,316.99 had been collected, leaving delinquent \$967.98.

The amount of money in the treasury at present is as follows: General fund, \$128.84; Water fund, \$187.62; Street fund, \$12.40. Total, \$328.86. The treasurer also reported that the interest on the bonds will be due on the 15th of this month at the office of S. A. Keen & Co., in New York; the amount being \$600.00. On motion the recorder was instructed to draw an ordinance allowing the city to borrow the necessary funds for the payment of said interest.

A communication from the G. A. R. and W. R. C. was read inviting the council to participate in the Memorial day exercises. On motion the invitation was accepted. A communication in reference to selling the hand fire engine was read and referred to committee on fire and water and chief engineer.

Chas. Greening asked permission to place building material in street; on motion he was granted thirty days. On motion the superintendent of water and electric lights was instructed to have main pipe trench filled where the dirt had been washed out by the water.

The following bills were allowed: Allen & Walker, \$9.12; H. Rummel, \$15.40; W. A. Dodge, \$6.00; Ed. Helmer, \$5.00; G. H. Homestead, \$5.00; C. W. Talmage, \$5.00; Chas. Grissen, \$1.40; J. W. Masters, \$7.00; W. H. Reynolds, \$5.00; J. W. Barrett, \$7.00; Sawyer-Mann Co., \$30.00; P. D. Glenn, \$131.74; O. O. Holson, \$4.75; Edwards & Derby, \$2.00; Joseph Frisby, \$11.50; T. Bynum, \$23.00; C. A. Washburn, \$6.00; T. Bynum, \$42.00; B. McGuire, \$23.79; Lee Wright, \$21.25; Wm. Artlur, \$10.00; A. R. Logan, \$2.10; Jones & Co., \$2.00; G. W. Kaufman, \$27.00; C. H. Neal, \$40.00; O. V. Watkins, \$10.00; J. C. Cooper, \$18.75; Jno. J. Spencer, \$18.75.

Committee on fire and water was authorized to purchase 800 cords of large fire wood at not to exceed \$2.50 per cord delivered at water works. Report of the superintendent of water works was read and referred to committee on fire and water.

On motion the superintendent was ordered to purchase two oil tanks at \$10.50 each. Chief engineer's report was read and referred to the committee on streets and public property. Wm. Galloway was appointed to serve on the committee on accounts and current expenses, fire and water, and health and police.

On motion the superintendent was instructed to lay the 2 1/2 inch pipe now at the water works down B street to Warren avenue. Mr. J. W. Cook made a statement regarding the bridge at the foot of D street. The committee on streets and public property advised that rock for streets be taken from the Hemlock quarry.

On motion adjourned until Friday night. A New Program. As soon as the Corvallis-Junction extension is done it is expected that the Southern Pacific will divide its train from San Francisco into two sections, allowing those who desire to come down on the west side to do so. Arrangements have been made by the San Francisco press and the receivers in that city exposed. Without receivers in California there will be no poachers in Oregon, so it is probable that the efforts of the gentlemen to save our pheasants will be successful.—Albany Democrat.

The City Income. During the month of April the city superintendent reported 25 taps made in the water mains. The income from the water and electric light plant is increasing fast and last month more than pay the cost of operating.

The following is taken from the superintendent's report: Water rate, \$125.00; Light rate, \$107.50; Installations, \$126.05; Hydrants and street lights, \$147.00. Total, \$505.55. This is only the beginning, and in all probability the income from the water and lights will double during the coming year.

The Telephone-Register willingly publishes all reports of any body sent to it for publication, but hereafter they must be sent in immediately after the advertisement of the body is received to receive attention at our hands. For instance, the report of the W. C. T. U. in this issue gives an account of the proceedings of April 22nd, which is eighteen days ago. A report of this kind grows old fast, and we want it when it is a matter of news or not at all.

Garrison's opera house will be refitted during the coming month. Sixteen additional electric lights will be put in, the ceiling and walls calcimined and decorated, the hallways whitewashed, and the house put in good condition throughout. The managers, Messrs. Rogers & Heath, intend to allow none but first-class companies to play in the house. When the refitting is finished it will be one of the neatest appointed theatres in the state, outside of Portland.

May-day was celebrated by the school children. Three of the smaller rooms with their teachers spent the afternoon and having failed in making connection with the school, consisting of the larger scholars, spent the afternoon on the banks of the Yamhill river. Everyone reports a good time. This idea of plenty of play with the regular work is a good one, and it is a pleasure to hear the merry shouts of Young America, while enjoying one of the half holidays.

The trenches which have been dug across Third street for the water pipes to consumers have not been filled properly and the street is now a series of humps. More attention should be given to the filling of the excavations. For sale cheap—28 inch improved Buffalo Pitts Separator with either eight or ten horse Pelton Power, all in good running order. Enquire of J. T. Fryer 1 mile south of Carlton. (April 17.3 m)

G. A. R. Caster Post. Hall corner of Third and F streets, McMinnville, Or. Post meets on the second and fourth Saturdays of each month at 7:30 p. m. Transient comrades cordially invited to attend. W. T. GARDNER, Commander. WYATT HARRIS, Adjutant.

SHILOH'S Vitalizer is what you need for all symptoms of debility, such as all symptoms of dyspepsia; price 10 and 25 cents per bottle. Sold by Rogers Bros. For lame back, side or chest use Shiloh's porous plaster; price 25 cents. Sold by Rogers Bros.

AN ENCAMPMENT INSTITUTED.

This Degree of Old Fellowship Organized Monday Night. For some time past the Old Fellows of this city have been making arrangements for the establishment of an encampment in this city. Monday night the encampment was instituted and the degree conferred upon six of our local Old Fellows by Dist. Dep. B. F. Morris, S. W. R. L. Harris, J. W. P. Morris, W. H. Tallman, H. L. Baker, and S. J. W. Hollis, of Dayton Encampment. After the ceremonies the Lodge adjourned to the St. Charles hotel, where a fine supper was awaiting them.

The lodge is known as Shaffer Encampment No. 22. The charter members are E. B. Fellows, S. F. Harding, W. H. Kuns, G. S. Wright, L. J. Patterson, Milo Bond and J. Millard. The officers elected were S. F. Harding, C. P. Wm. Kuns, J. W. L. J. Patterson, S. W. G. S. Wright, H. P. E. B. Fellows, S., and Milo Bond, Treas. There are eight more officers to be appointed.

LONG WALK ON A WAGER. Ten Thousand Spurs Harrison on His Tireless Journey. J. S. Harrison who is trying to walk from Walash, Ind., to San Francisco within 65 days, on a wager of \$10,000, arrived at Lawrence, Col., May 5th. He is now 148 miles from the starting point, and 320 miles ahead of schedule time. Since his last rest of Dodge City he has covered in a day and a half 150 miles. His average has been about seventy miles in twenty-four hours. He is now at Lawrence, Kan., to secure fresh horses. Fourteen horses have already been played out, unable to stand the strain. His route from there will be via Junta and Trinidad. He is looking well and shows no appearance of fatigue, although he has lost twelve pounds in flesh since he started.

Report of school in district No. 13. School commenced March 31st. Number of scholars enrolled the first day, 27; the number enrolled 22; the number of the month 27; six were dropped on account of the measles. The following have not been tardy nor absent: Paul Cone Winnie Casteel Harry Casteel Pearl Casteel Allie Delashmutt Sadie Casteel John Delashmutt Mary Garrett Roy Delashmutt Edna Owens Bird Hamilton Edna Sherman Charlie Morgan Ina Sherman Harold Townsend Emma Townsend Perry Townsend Minnie Townsend Claude Wright Walter Wilson W. H. MOON, Teacher.

County School Matters. McMinnville, Or., May 6, 1890. In answer to the many letters of inquiry concerning the annual county teachers institute for Yamhill county, I desire to say through the columns of your paper that the teachers institute for this county will be held at McMinnville, commencing June 16 and lasting about ten days. It is contemplated in the forthcoming institute to do normal school work. The best teachers of the county including Prof. W. N. Hull of the agricultural college have been secured as instructors. Classes will be organized and best methods of class work exemplified, thereby giving young teachers opportunity to profit by the experience of successful teachers.

Teachers who desire to obtain a high standing in the profession will certainly attend this meeting for upon you depends to a great extent the success of the institute. Your patronage endorses every laudible effort upon your part to raise the standard of excellence in the profession. You cannot afford to miss this opportunity of gaining knowledge and inspiration for your work, and judging from the corps of earnest, zealous teachers now in the work in Yamhill, I feel confident that the leaders will be greeted by a large class. Further notice as to board rates of travel, etc., will be given from time to time. In addition to the above I desire to say that it is useless for persons wishing to see me on official business to call at my house during the week as I am now inspecting the schools of the county and will continue in that work until the institute meets. My family is in the country temporarily but my office is still in the court house, where I can be found on Saturdays. Following are the teachers who will be present and conduct the work from time to time: Prof. W. H. Hull, C. A. Woody, Geo. Peedles, J. A. Buchanan and E. H. Anderson. L. H. BAKER, School Supt.

Probate Court. Estate of Neil Johnson; will admitted to probate. Rebecca Johnson and Rasmus Nelson appointed joint executors. J. W. Cowls, J. H. Henderson and John Narver appointed appraisers. Inventory approved. Estate of Enos C. Williams; inventory approved. Estate of Daniel Carter; inventory approved. Guardianship of the minor heirs of Anson B. Henry; Robert C. Henry appointed guardian. Estate of James A. Walker; John H. Walker appointed administrator; bond fixed at \$1000. Bond approved. D. A. Walker, John Standup, and Wm. Wolf appointed appraisers. Estate of Joseph Fletcher; final account approved. Estate of George Skelton; first semi-annual account allowed. Petition to sell realty to be heard July 8, 1890. Estate of John C. Carlin; final account allowed and administrator discharged. Estate of James F. Bewley; sale of realty in Polk county confirmed.

Squirrels. There is nothing of more interest to the farmer at present than the squirrel problem. James Walters, on Silver creek gives his remedy, which he says has almost cleared his farm of the pest. The ingredients of the dose are four gallons oats, two and a half gallons water, one and a half sticks phosphorus. Boil till the oat hulls open. It should be dropped into the holes. Mr. Walter estimates that he has killed 5000 squirrels since he used this recipe, which he says beats anything he has ever seen in his ten years experience in poisoning squirrels.—Walla Walla Journal.

Work Horses For Sale. Five head of sound work horses will be sold cheap. For further particulars enquire of R. McDonald of this city.

WEATHER-CROP BULLETIN.

For the Week Ending Saturday, April 26, 1890.—U. S. Signal Service. The temperature for the past week has been above the normal. Since January 1st, it has averaged below the normal. There was no rainfall during the week. From January 1st to date, more than the average amount has fallen, from July 1st 1889, to date, about the average has fallen. The amount of sunshine has been above the average for the week. Almost cloudless weather has prevailed during the past seven days. The nights have been much warmer and no frosts are reported. This is the second week of good growing weather this season and all vegetation has shown the beneficial effect of the weather. While the low lands are generally moist yet, general rain would prove beneficial.

Winter and spring wheat is reported to be in excellent condition. "Prospects were never better at this season for a bountiful wheat crop," is reported from various wheat districts. Early spring grain is up; the late would be materially benefited by rain. The weather has been especially favorable to the fruit crop. The warmer nights and bright sunshine have done much towards advancing the fruit to its present stage, liable to be injured by the frost. The peach and apple crops will be less than the average; other fruits and berries give promise of immense yields. Many acres of new orchards will come into bearing this year.

In Washington county, maples, alder and hazel are in leaf, one month later than last year. Ground is in excellent condition. In Clackamas, the ground is drying out. On the uplands of the Willamette valley, rain, especially in Benton, at the agricultural college grasses are heading out, garden peas are quite high, radishes and lettuce growing finely, strawberries large as a dime, apple trees in full bloom. Oak trees are generally leaved out in western Oregon. In Douglas county in the neighborhood of Roseburg, the peach crop was generally killed by the April frosts. In Jackson county, grape vines budding out, one month later than last year.

In eastern Oregon, sheep-shearing is in full swing, the clip is good and wool weighing well. Plums and prunes in the interior sections in blossom. The grain prospects throughout this section were never better. Spring grain is generally up. B. S. PAQUE, Observer.

County School Matters. McMinnville, Or., May 6, 1890. In answer to the many letters of inquiry concerning the annual county teachers institute for Yamhill county, I desire to say through the columns of your paper that the teachers institute for this county will be held at McMinnville, commencing June 16 and lasting about ten days. It is contemplated in the forthcoming institute to do normal school work. The best teachers of the county including Prof. W. N. Hull of the agricultural college have been secured as instructors. W. C. T. U. CONVENTION.

Sixth Annual Convention of the W. C. T. U. of Yamhill County. The sixth annual convention of the Women's Christian Temperance Union convened at the Christian church in McMinnville at 2 o'clock on Tuesday afternoon, April 22nd, 1890, with the president, Mrs. A. W. Woodward, in the chair.

Devotional exercises were conducted by Mrs. M. E. K. Edwards, who read the 77th psalm which was interspersed with very earnest and pointed comments. Prayer service followed, and devotions closed by singing. The president then spoke briefly, but to the point and filled with love and enthusiasm for the work. The following committees were then appointed: On credentials, Mrs. Cozine of McMinnville; and Sadie Hall, of Newberg. On courtesies, Mrs. Annie Henderson and Mrs. N. A. Jacobs of McMinnville. Committee on courtesies introduced Mr. Logan to the convention who made some interesting remarks. He has been engaged in the temperance work 32 years and intends to spend all of his life in it.

Mrs. Edwards explained why there were only two unions in Yamhill county. That we had come here to see what plans could be made for forwarding the work; expect from this to move on until a union is formed in every town in the county. Committee on courtesies presented Mrs. Kautner, of Lafayette, formerly of Philadelphia, Prof. G. N. Hartley, of Newberg, Rev. Round and Rev. McKillop, of McMinnville, who united in the thought that the W. C. T. U. is the strongest arm the temperance work has.

The following committees were appointed: Resolutions, Mrs. Cozine, Mrs. Cook, McMinnville; Mrs. Hobson, Newberg. On nominations, Mrs. N. A. Jacobs, Mrs. Round, McMinnville; Miss Emma Vestal, Newberg. On plan of work, Mrs. M. E. K. Edwards, Mrs. Hall, Newberg; Mrs. Mary Young, McMinnville. Time and place, Miss Mary Cook, Newberg; Mrs. Cozine, McMinnville.

The following were appointed pages for the convention: Misses Mary Cook and Emma Vestal, Newberg. Finance committee, Mrs. Cook and Mrs. Jacobs, McMinnville. The evening session opened with music by the choir, scripture reading by the president, prayer by Rev. B. F. Fuller, after which a lively rendered greeting song by the children prepared the way for the Demost medal contest.

First Declaration, "Rumseller Legal Vio," Mary Round; second, "A Barrel of Whiskey," Susie Weed; third, "The World on Fire," Walter Edwards; fourth, "Not Dead nor Dying," Gertie Penn; fifth, "A Voice From the Poorhouse," Maud Dallas; sixth, "A Voice From the Poorhouse," Mary Cook. While the judges retired to decide on the merits of the contestants Mrs. Edwards made a brief but stirring address on "The Great Need of Work."

Professor G. N. Hartley complimented all the contestants for their good work and by unanimous decision of the judges presented the medal to Mary Cook of Newberg. Devotions were conducted by Mrs. Haworth. The committee on plan of work reported as follows: As thorough, systematic organization, is, under God the very foundation and strength of our work, and as the existence of only two unions in this great county of ours shows plainly that the crying need of the work is more extensive and complete organization; therefore, 1st, we recommend that organization for the coming year be made the chief line of work for the county, and that we press the organization until a Woman's Christian Temperance Union is well fortified in every town and village in the county. To this end we recommend that you place an organizer in the field to prosecute the work as rapidly as possible; and further that the local unions at once appoint recruiting committees who shall visit every home in the town carrying literature and soliciting membership until our work reaches every family. Committee on time and place reported that the next convention will be held at Newberg in April, 1891, executive committee to decide the exact time.

Afternoon session met at 1 o'clock. Mrs. Jacobs conducted the devotional exercises. Committee on finance reported no money; some conversation on ways and means to raise it; report accepted. Report of committee on resolutions read and adopted as follows: First—As mothers and sisters united in one great cause for humanity we feel the feminine women, and feeling that our help is derived from an all-wise Creator we hereby pledge anew our loyalty to the W. C. T. U., believing that by striking at the root the whole must perish. Second—Resolved that we are opposed to the license, high or low, and that we are non-partisan in our sentiments. Third—Resolved that we approve the action of our last legislature in prohibiting the sale of cigarettes to minors and that we will aid to the extent of our power in the enforcement of the law. Fourth—Resolved that we ask for space in our county papers for items concerning our work, to be furnished by persons designated. Fifth—Resolved that we invite and urge all ladies to investigate the aims and objects of the W. C. T. U., and to familiarize themselves with the work of the society. Sixth—Resolved that the department of social purity should claim our special attention and that each local union be urged to improve every opportunity for prosecuting the work. Seventh—Resolved that in the death of sister W. C. Young the W. C. T. U. has sustained a great loss, but knowing it is her eternal gain, we bow in submission. Eighth—Resolved that we thank the citizens of McMinnville for the general hospitable feeling accorded; also to the trustees of the Christian church for the use of their house of worship. To the choir, Mrs. Stratton and Miss Georgia Hoberg for the excellent music. Ninth—Resolved that a synopsis of the proceedings of this convention be tendered to all the papers in the county for publication, also to the state Bulletin.

Question box conducted by Mrs. Henderson was very interesting. Subject discussed was the rightfulness of W. C. T. U. women to endorse lotteries by patronizing the prize giving by merchants. "Using flavoring extracts containing liquor" and "What can be done to banish racing from our fair grounds?" Song, followed by mothers' meeting, conducted by Mrs. Edwards, who read a scripture lesson concerning Hannah and Elkanah. Some discussion on how we shall train children to better observe the Sabbath and many good words spoken which we have not space for. But the time had come for closing the convention. On motion Mrs. Jacobs was chosen delegate to the state convention. The temperance doxology was sung and Mrs. Round offered an appropriate benediction and the convention then adjourned.

Mrs. A. M. WOODWARD, President. LUCY HAWORTH, Secretary. Real Estate. M. C. Graham to Bank of Newberg, lot 6 and north 1/2 of lot 5 in block 1, Newberg; \$300. Geo. W. Knapp to Wm.
