McMINNVILLE, OREGON, THURSDAY, MAY 15, 1890.

"FAIRLAWN"

MOST SIGHTLY ADDITION TO

McMINNVILLE, OREGON!

This fine tract of land lies just outside the city limits of this city. and is within ten minutes walk of the business center. It is divided into tracts as given above, and is being sold off fast. It is sightly and well drained-a small creek in the rear taking the surplus water away immediately. It is adapted to small fruits of all kinds, market gardening, etc. A large nursery will be started there soon. Nearly one-half the tract is already sold. It is opposite the Yamhill County Fair Association's grounds. Price of land ranges from one-hundred to one-hundred-and-fifty dollars per acre Several good pieces have not yet been sold, and persons who want a large and commodious building site should call at once and secure some of this land, as it will in the near future be the residence portion of the progressive city of McMinnville. Call upon or address

Galloway, Goucher & Agee, McMINNVILLE, OREGON.

> > A youthful looking artist walked up Cortlandt street a day or two ago with commission for one of the biggest pub ades in the Sierras, some big fires, and the proposition that such bonds, when almost every kind of calamity that can happen," said he, "and the list of 'em for the past ten months in the United States would be appalling to a lover of for people in my business. You have probably heard that nearly, if not quite all the great influenza epidemics known to the authorities for a thousand years back have been coincident with or imcatastrophies by flood and fire. Our late epidemic has already had its historical share of them.
