WEATHER-CROP BULLETIN.

For the Week Ending Saturday, April 18. 1891--- U. S. Signal Service.

This bulletin is based on reports received from 163 correspondents. Owing to the entire difference between west-There are a number sick with la ern and eastern Oregon, this bulletin Mrs. Olds is visiting friends in La- one will treat entirely of that section section east of them.] WESTERN OREGON.

The temperature has been from a normal condition in southern part to 3 from 40 to 75 degrees. Showers occur-There will be a dance at the hotel on red on several days; on the 13th and Friday night in honor of Miss Lena 15th thunder accompanied them. The winds have been light to fresh in force cloudy weather predominated, with warm, bright sunshine at intervals. Marked growth in all vegetation dur

ing the week has been reported. Fall wheat has had rapid growth. Early and growing remarkably well. Oats are healthy and equal wheat in growth. Spring seeding has been rapidly pushmade. The acreage has been generally largely increased. Fruit trees are all blooming and leafing; generally some bloom is falling. Fruit prospect were

EASTERN OREGON. The temperature has been about nor mal. A few showers fell, but not an average amount. The weather wa with bright, warm sunshine. A few frosts are reported south of the Blue

mountains. North of the Blue mountains spring is well advanced. The ground is becoming dry. Fall wheat has a remarkable good growth, spring grain is all ing well. Grain prospects were never better. Fruit trees are in full bloomand trees are leafing out-berry bushe Farmers are busy plowing for summer fallow. Showers would prove beneficial, for the section is very dusty and ground in fields is caking on top. South of the Blue mountains spring is not so far advanced. The temperature is low-

Sheep are in fine condition, shearing
