W. A. Wells, a prominent grain buyer of Corvallis, offers to contract for 50,000 bushels of this season's crop of wheat at 75 cents. Crops in the Willamette valley are looking unusually good for this season of the year, and prospects are flattering for more than an ordinary year.

MILITARY MATTERS.

The First Regiment will go into Camp July 4, 1891.

Company B, First Regiment, O. N. G., of this city, is fast coming to the front as a military organization. The band is hard at work practicing, as it will act as regimental band at the encampment. Two new instruments have been ordered in order that they may better equal the occasion. The company will give a dance on Saturday night at the Armory, the proceeds going toward the purchase of the new instruments, and everyone interested in the success of the company should be there in order that they in some degree can contribute toward its success.
The following company order is published for the information of the members of the company:
COMPANY "B"
FIRST REG. INF. O. N. G.
(Company Order)
No. 5, 1891.
McMINNVILLE, Or., April 27, 1891.

I. Article II, Company Order No. 2, c. s., these headquarters is hereby annulled.
II. The following privates of Company B are detailed to act as Company B Band, and will hereafter report as such at all regular drills of the company: Newton Rowland, Marion Rowland, Chas. Mann, W. M. Toney, J. H. Nelson, Ford Nelson, H. C. Egleston, E. W. Wallace, A. W. Green, Austin Adams, J. L. Wright and C. E. Branston.
III. Newton Rowland is made principal musician of B company band with the rank of sergeant. Hereafter the band will assemble under his leadership for instruction. He will see that the men report promptly for duty, and will report to the commanding officer, through the first sergeant, all absences and each every member tardy at regular meetings of said band. He will require the men to report in uniform at every assembly of the band, and will report to the commanding officer all who do not so appear. He will at intervals make a thorough inspection of the instruments, clothing and all property of the band, and will report same with recommendations and suggestions to the commanding officer at least once in each month. In all particulars the band is to observe military etiquette and discipline.
IV. The First Regiment Infantry, Oregon National Guards, will go into camp by order of Commander-in-Chief Sylvester Penneyer, for a period of six days, commencing July 4, 1891, at a place to be designated by the officers of the regiment. It is mandatory by and state law every member will be required to report for duty at that time.
Every member of Company B is cautioned to prepare himself for said encampment. Every member will procure a pair of blankets or comforts for use during encampment. In order that B Company may be in some degree fit for the responsibilities of the encampment Article V is promulgated.
V. On the first and second Tuesdays of the months of May and June the ceremony of battalion guard mount will take place at the Armory of B company with the following detail of officers and men: Adjutant, commanding officer; sergeant-major, First Sergeant, Walter Link; senior officer of the guard, Lt. C. H. Fleming; junior officer of the guard, Lt. F. L. Harris; drum major, Quartermaster-Sergeant U. S. Booth.
First detail—First Sergeant, Sergeant F. H. Story; Sergeant of the guard, Corporal T. C. Nash; Corporal of the guard, Corporal A. M. Dee; guards, Privates Baker, Collins, Carlin, Coulter, Durham, Fuller, E. Glenn.
Second detail—First sergeant, Sergeant W. F. Dilschneider; Sergeant of the guard, Corporal James H. Fuller; Corporal of the guard, Corporal F. E. Griffith; guards, Hewitt, Hibbs, S. L. Hibbs, S. F. Hibbs, R. B. Martin, A. D. Martin, W. E. McGuire.
Third detail—First sergeant, Sergeant Russell Connor; Sergeant of the guard, M. D. L. Rhodes; Corporal of the guard, Corporal Toos. B. Kay; guards, Privates McKinney, Neal, Redmond, Story, H. L. Shaden, Simpson, Walker.
Fourth detail—First sergeant, Sergeant Arthur S. Cooper; Sergeant of the guard, Corporal E. M. Warren; Corporal of the guard, Corporal Wm. Arthur; guards, Privates Young, Bell, J. S. Bell, W. W. Mance, Johnson, Malone.
The necessity of much labor within the company is apparent and the above officers and men are counseled to faithfully study the details of the ceremony of guard mount in order that they may have a good understanding of it by encampment. The officers are required to see that the men are steady while in ranks, and to sharply rebuke all who do not obey the orders of their officers. At 8 p. m., sharp, the principal musician will sound "Assembly of Trumpeters" and the band will assemble in the extreme right of the Armory and will face to the East; in five minutes after the "Assembly of Trumpeters" the principal musician will sound "Assembly of Guard" and the band will assemble under command of their respective first sergeants.
VI. The use of the Armory on Saturday night, May 2, 1891, has been requested and the same granted. The Armory is to be used for no other purpose than the giving of a hop for the benefit of B company.
VII. The following detail for guard duty at the Armory on the evening of May 2, 1891, is announced: Lt. F. L. Harris; Sergeant of the guard, Sergeant Russell Connor; Corporal of the guard, Corporal T. C. Nash; guards, Privates Thad. L. Simpson, H. W. Hewett, H. B. McGuire, Hoyt Malone. The detail will report for duty at the Armory at 7:30 p. m., sharp, in complete fatigue uniform.
VIII. The following detail will report to the commanding officer at the Armory at 7:30 p. m., sharp, Saturday May 2, 1891, for fatigue duty during the evening: Lieut. Chas. H. Fleming; Sergeant Arthur S. Cooper; Corporal F. E. Griffith; Privates P. D. Glenn, Chas. McKinney, A. Young, James Durham, Wayne Carlin.
By order of
CAPT. H. L. HEATH.
WALTER LINK, First Sergeant.

No one can afford to do without Wright's Myrrin Tooth Soap. It cleanses the mouth, purifies the breath, preserves the teeth, and makes them beautiful. Sold by Rogers Bros.
The Best Remedy—Wright's Paragon Headache Remedy. Stops pain in five minutes. Harmless, tasteless, no ill effects. A positive cure for headache and neuralgia. Sold by Rogers Bros.
Down South they are married and given in marriage to a considerable extent. At a wedding given in Arcadia, Fla., the other day, the bride was married to her ninth husband, and four of her former husbands were present at the ceremony.
Great changes are being made at the state fair grounds. The old huts, etc., near the camp ground are being torn down and the trees grubbed out. The Mechanic's Pavilion is also being torn down and a new one erected. The kind of way for two electric car lines has been granted and the roads will be running by July 1891.
In this age of keen competition a man must advertise and advertise wisely. He must give the same attention to his advertising as he does to his stock and store. An advertisement runs an impression on the mind of the reader and it means a great deal to the advertiser that that impression be a favorable one and that it be fully sustained in the establishment.
J. E. Magers received a telegram from Dr. G. F. Tucker, of The Dalles, Wednesday, stating that Mrs. Tucker was drowned in the Columbia at The Dalles on Tuesday, and that the funeral would be held in Brownsville on Friday. No further particulars of the drowning can be obtained at the present writing. Mr. and Mrs. J. E. Magers, Mrs. H. Henderson, Mrs. Campbell and Miss Sadie Smith of this city will attend the funeral.
The price of wheat went up 12 cents per hundred in San Francisco one day last week. This is a great raise and the farmers are jubilant in so far as it will effect this season's crop, but no further. Last season's crop is now in the hands of speculators who are making the money. Oregon farmers will receive at least 75 cents per bushel for this crop. The wheat crop of the world is light for 1891, and the prospects for European war is good, but fact has not been better for years. A war is to be deplored, but there is no disguising the fact that it will effect Oregon farmers for the benefit of the world. As it effects all, and we are all here for the money there is in it. Ain't it so?
That Census Fiasco.
The census bulletin seems determined to report Salem's population at about a third what it really is. The last bulletin issued gives the total population, or cities of 8,000 and over, but Salem is not mentioned in it. Mr. Porter promises another bulletin at an early day which shall treat of Salem, Eola and Shank's Landing. Verily, the 1890 census is a failure, so far as Oregon is concerned. And the record of Salem has no position on the records.—*Statesman*
It will not be long before the papers of Salem will claim the population of Marion county as the population of the village. They now call four precincts "Salem."
Died.
MORRIS—At Lafayette, on Sunday April 26, 1891, H. T. Morris, aged 42 years. Funeral held Tuesday under Masonic auspices.
Mr. Morrison was a well-known and good citizen of Yamhill county. He was a prominent Mason, being master of Lafayette lodge and king of Sterling Chapter of this city.
CRONIN—On Tuesday, April 28, 1891, Ella, daughter of John Cronin, of Gopher Valley, of his grippe. Funeral held on Wednesday at Catholic church in Muddy Valley yesterday.
Miss Cronin has been attending school in Portland and came home on a visit a short time ago.
Plenty of Time Yet.
Being asked when he intended to make the appointments on the state board of charities and corrections, and the state board of equalization, Governor Penneyer said yesterday he would not make them until the bills creating these boards became laws. This will give him until about the 20th of May to decide upon suitable timbers. Neither of them was signed by the governor, and as they were not they will become laws by limitation.—*Oregonian*.

A New Claim Bureau.

The San Francisco Examiner has been retained in Washington, D. C., a bureau to be called "Examiner Bureau of Claims," which will be of great benefit to all persons having claims against the government of any nature or description whatsoever. The pension fees chargeable by attorneys have for some time past been limited by law and under the recent act of March 3, 1891, transferring the jurisdiction of Indian Department cases from the interior department to the court of claims, congress not only limited the fees, but in order to check the rapacity of the claim agents cancelled all existing contracts and fee agreements between client and attorney. Congress was led to take this action on account of facts brought to their notice that by a combination among the leading claim agents a range of fees from 33 1/3 to 50 per cent. had been established. The vast mass of government claims are still unprotected by law.

Mr. Wm. R. Hearst, son of the late Senator Hearst, and the proprietor of the Examiner, proposes to attend through his new bureau to all classes of cases before the departments—pensions, patents, devaluation claims and Indian claims—for a small percentage above the actual cost of the work.
He has engaged several competent attorneys and the necessary clerical force of a large bureau, and they will soon be at work. He has placed at the head of the bureau Mr. John Wedderburn of San Francisco who has long been the correspondent of the Examiner, and had a remarkable experience a few years ago in ferreting out for Secretary Tracy some gigantic fraud contract at the Mare Island Navy Yard. The new bureau being established by a responsible newspaper has the cordial endorsement of many western members of congress and is getting a big pile of mail from all sections of the country.

A Man With Nerve.

The Astoria Bulletin has this to say in regard to a new paper that is soon to be launched on the sea of journalism: "Sikamokawa, whose poetic name has been the talk of an endless number of jests by barn-storming actors and others who failed to appreciate the future greatness of that city on the slough, is to have a newspaper. The plant and the planter arrived down on the telephone yesterday, and Mr. N. O. 1, will be looked for in a few days. The man who possessed the required amount of nerve and money to locate at this embryo city is just from Dakota and he will probably find it pleasant to be lulled to sleep by the music of the waltzes of the Columbia than to live in a country where the cyclone blows the handle off the Washington hand press and interferes with the circulation of the paper by killing off the subscribers."

The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it you are one of its staunch friends, because the wonderful thing about it is that it never fails to cure. King's New Medical Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any throat, lung or chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time or money refunded. Trial acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all druggists.

A Novel Foot Race.

Over a week ago a professional foot racer, pretending to be a schoolboy, lacerated Mr. F. S. Ingram, the well-known young farmer, residing this side of Tangent, for a foot race. Mr. Ingram, who suspected what the man was, finally consented, provided he could choose the distance and ground. A race was made and \$25 a side put up. Mr. Ingram chose newly plowed ground and one mile of it. A track was measured on his farm, plowed for the occasion, a little over twice around the field making the distance. Yesterday the race was run several from Alameda being present. It was the most novel as well as ludicrous race on record. The foot racer ran in regular suit, except shoes, while Mr. Ingram had his underclothes on. Mr. Ingram, on account of his great strength, endurance and length of reach, took the lead and kept it to the finish. Both men fell down repeatedly, being well tired out at the end, the stranger giving completely out before the finish and shouting for help and being hoarse in game. The money was turned over to the victor. Several amusing incidents are reported.—*Albany Democrat*.

A Husband's Mistake.

Husbands too often permit wives, partly their children, to suffer as head-ache, dizziness, neuralgia, sleeplessness, fits, nervousness, when by the use of Dr. Miles' Restorative Nerve such serious results could easily be prevented. Druggists everywhere say it gives universal satisfaction and has an immense sale. Worth & Co., of Fort Wayne, Ind.; Snow & Co., of Syracuse, N. Y.; T. C. Wall, Hillsdale, Mich.; and hundreds of others say "it is the greatest seller they ever knew." It cures all headaches. Try a bottle. Fine book of testimonials free. Dr. Miles' Restorative Nerve is unsurpassed for sleeplessness, headache, fits, etc., and contains no opiates.

That Coal Mine.

On Blair Forward's farm in the Waldos hills the recent coal find is being developed. The workmen have already succeeded in digging out the entire ledge of coal which was first discovered. The indications are good for an other ledge of considerable size and prospecting will be continued as long as signs are favorable. They believe they will be able to find the "black diamond" in paying quantities. The coal taken from the first ledge was of a 1 quality and burns readily. The land owners in the vicinity of the coal mine are hopeful.

At the College.

May Day will be observed at the college by a literary and musical entertainment followed by an ice cream social. The crowning of the May Queen will be a part of the exercises. Admission ten cents: ice cream and cake ten cents.

WEATHER-CROP BULLETIN.

For the Week Ending Saturday, April 25, 1891.—U. S. Signal Service.

WESTERN OREGON.

Cool, cloudy weather, with rain, prevailed during the week. There were general light frosts, which did no damage, on the 19th and 20th; some hail fell in various sections on the 23d, doing no damage.
Along the coast and in the Willamette valley from one to two and a half inches of rain fell. In Southern Oregon less than an inch of rain fell. The temperature ranged from one to two degrees a day below the average for the week. There was a marked increase in the water level above the average amount.
The rain was very beneficial to crops on uplands. On the lower lands seedling is not all done and it will now be further delayed. Fall sown wheat and oats have fine growths, and in sections it is being pastured down. Spring grain is doing nicely. The fruit crop is thriving; all trees are generally in full bloom. Present indications point to a phenomenal fruit crop this year.
Hops have good growth; they are from one to two feet above the ground. The hop acreage has been increased. More potatoes than usual have been planted. Strawberries and other small berries are coming on finely, and promises to be unusually plentiful.
Lamb are doing well. Preparations are being made for shearing, which will be in full blast next week. The week closes with most favorable prospects for western Oregon crops and productions.

EASTERN OREGON.

The weather has been more cloudy during the past week than for a long time and light rains were general. Over one-half an inch fell throughout the section. The temperature has been slightly below the average, with occasional light frosts.
The rain that fell was needed, for the soil was becoming dry and late sown grain was not germinating. The rain gives renewed vigor to the grain and ready up and growing assists that not yet appearing. The rain that fell is worth a vast sum to the wheat fields. Prospects were never better for the wheat crop than they are at the close of the present week. The increased acreage and the more favorable weather will produce a much larger crop than the phenomenal yield of last year.

Grass on the range is growing and furnishing good feed. Stock are flattering. Shearing is in progress. Fleeces are large and the wool of good quality.
Fruit promises unusually well. In Wasco county there has been a largely increased acreage of watermelons. Vegetables in gardens are growing rapidly. As in western Oregon, the prospects were never better for bounteous crops throughout Eastern Oregon.

A Hundred Years Ago.

The members of the Oregon Pioneer and Historical society deeming the discovery of the Columbia river by Capt. Robert Gray, of the American ship Columbia, on the 7th day of May, 1792, the event of national importance and worthy of centennial celebration, has appointed a special committee to issue a circular to all pioneer and kindred societies existing within the borders of the territory acquired by the United States as the result of this discovery, and now comprising the important states of Oregon, Washington and Idaho, inviting and urging the said organizations to appoint and send delegates to Astoria May 12th next, for the purpose of attending the centennial celebration of the plan and program for the centennial celebration of this important event in the national history of our country on the 9th of May, 1892.

The Secret of Success.

Rogers Bros., druggists, believe that the secret of success in business lies in the fact that they sell the best goods at the lowest prices. They especially invite all persons who have palpitation of the heart, nervousness, neuralgia, head-ache, indigestion, dyspepsia, eye trouble, and all other ailments arising from a weak, diseased liver, to try Dr. Miles' Restorative Nerve. It is unsurpassed for sleeplessness, headache, fits, etc., and contains no opiates.

FAIRDALES.

And still it rains with no sign of stopping.
J. S. Fairchiles talks of running a stage from North Yamhill to Tillamook this summer.
Mr. Phelps, Martin Christenson, and Will Joplin left for Bay City on Monday, where they will work this summer.
Born, to Mrs. Kolling, April 21, a daughter. Also to the wife of Mr. Almball, a son, April 22.
The dance on Friday night passed very pleasantly. All report having a good time.
Mr. Fouts and Miss Sadie Fairchiles, of Carlton, attended the dance Friday night.
Mr. Johnson is up from Lafayette again. He expects to stay here most of the summer, as his health seems better here than in the valley.
We would advise the young men, when they go out riding on Sundays with ladies, to leave their bottles at home; others to take a lantern along for fear they will get lost as N. K. did.
The First Step.
Perhaps you are run down, can't eat, can't sleep, can't think, can't do anything to your satisfaction, and you wonder what ails you. You should heed the warning, you are taking the first step into nervous prostration. You need a nerve tonic, and in Electric Bitters you will find the exact remedy for restoring your nervous system to its normal healthy condition. Surprising results follow the use of this great tonic and alternative. Your appetite returns, good digestion is restored, and the liver and kidneys resume healthy action. Try a bottle. Price 50c at Rogers Bros. drug store.
