

POSTOFFICE HOURS.

From 7 a. m. to 7 p. m. From 7:30 p. m. to 9:30 p. m. Money order hours from 7 a. m. to 6 p. m.

CHURCH NOTICES.

METHODIST EPISCOPAL CHURCH—Services every Sabbath at 11 a. m. and 7:30 p. m. Sunday School at 9:30 a. m. Prayer meeting Thursday evenings at 7:30.

Local and General.

That nice light bread at the Red Front bakery is delicious. Try it. Chas. Grissen is now in New York. He will be home some time in August.

J. C. Cooper left for Detroit on Monday last. He will return in September. The mountains now contain a considerable number of McMinville people.

Prof. Rigler, of Oregon City, is attending the normal institute in this city. Miss Mary Cook, of Portland, is visiting Misses Aggie and Kate Johnson, of this city.

S. A. Manning has put in a new sidewalk. Let others follow his example. It is needed. At last we have found the reason of J. E. Mager's success in fishing. He uses grasshoppers.

Anyone wanting a competent engineer for harvesting, address box 34, McMinville, Oregon. Six per cent. money on long time of F. L. Moore, office in bank building, Newberg, Oregon.

Don't forget that Burns & Daniels have over a hundred patterns of wall paper to select from. Harry F. Keene's well-known company at the opera house, in "Held by the Enemy" to-night.

The Amity school will be taught by Prof. J. A. Buckner, formerly of the North Yamhill school. Western and Michigan washers for less money than any one in town can sell them at Hodson's.

The Royal restaurant has come to stay. Come and see. First door south of First National Bank. The Yamhill county colt show will be held in this city after harvest. Particulars will soon be published.

Elia Wright expects to do some threshing this week. His colt wagon is completed and it is a comfortable affair. The Grangers are repairing their warehouse. A new boiler and a new cleaner will put the house in good repair.

The total enrollment of the normal institute is now 70. Prof. Baker states that it will run up to 100 before it closes. Why pay 16 cents for hose when you can get the best warranted steel wrapped hose for one third less at Hodson's?

Change of life, backache, monthly irregularities, hot flashes are cured by Dr. Miles' Nervine. Free samples at Rogers Bros. If you do your own washing you should try "Washine," manufactured by A. Kinsey. It will do what it is recommended to do.

Teachers' examinations will be held on the second Wednesday of each of the following months: August, November, February and May. Moved to this city Mr. Jacobson from a short time ago from San Francisco. He is now preparing to move to Dallas where he will open a store.

Prof. Peebles has received a life diploma through the educational department of the state. This is an honor which is shared by but few. F. E. Rogers, Al Young and L. L. Collard start for Clear Lake next Monday. They will possibly visit Crater Lake before they come back.

Misses Nellie and Josie Gortner are now at the hotel. Miss Nellie is very low. Sadie, the youngest daughter, is considered better. C. Fritz, the photographer, will go up the Columbia next week to take views of the magnificent scenery, which he will have for sale when he returns.

Agent Wilcox is now selling round-trip tickets to Yacquina City for \$6.00. This no doubt will considerably increase travel to that pleasant resort. Chas. Talmage has sold his lot in Tucker's addition to A. D. Simpson, realizing considerable above the original investment. There is money in McMinville real estate.

Miss Alice Potter was baptised in the river Sunday by Rev. A. D. Simpson, of the M. E. church of this city. Twelve others were baptised by sprinkling at the church in the morning. Sara Somers, the lady writer of this paper, sends in an article on dried apple pies. They are well written and contain much valuable information.

The thistle ordinance like nearly all the other ordinances has now become a dead letter. The privy is now letting itself be known. We wonder if the marshal could lock a few of them up? The state fair management offers this year the sum of \$300 in premiums for displays by agricultural organizations in Oregon; for display of grains, \$75; grasses, \$75; fruits, \$75; and vegetables, \$75.

Warehouse receipts printed at this office in quantities to suit, neatly bound. Order them of the TELEPHONE-REGISTER, as the work turned out can not exceed by any office in the county. We reported last week that Wallace's orchard was nearly destroyed by blight. It is not Mr. Wallace's orchard but belongs to a person whose name we could not learn. The Wallace orchard is in good condition.

George Scott was arrested Sunday for being drunk and disorderly upon the streets. He had a slight attack of delirium shortly after his arrest and Dr. Goucher was called to relieve him. He threatened to commit suicide. There will no doubt be a bid made for the warehouse business this summer. The flouring mills offer to clean and store grain for 15 cents per bushel. The grangers no doubt will do as well, if wheat goes up to 50 cents there is no reason why we can't be prosperous in this county.

Evening carries Hammocks, Croquet sets, Bed sets, Carpets, Lounges, Wall paper, Window shades.

ARRESTED FOR THE CRIME.

George L. McCullough, Arrested for Murdering the Burned Man.

Thursday the coroner finished the inquest on the remains of the man found in the ruins of the burned house at Newberg. The jury rendered the following verdict.

"We find that the person found in Luke McKerns old house came to his death by foul means at the hands of some person, or persons, unknown."

The jurors rendering this verdict were John S. Larkin, John T. Hash, W. M. Parrish, Andrew Hagey, T. E. Jones, and M. J. Jones.

Saturday Marshal Woods, of Newberg, brought to the county jail, George L. McCullough, whom he had arrested for the murder at Hillsboro, just as McCullough was stepping on board the train to take his departure to a place unknown. The suspicious circumstances surrounding the arrest are as follows:

The physician examining the body found that looked like a knife wound in the right side of the stomach. The maggots found were near this opening and makes the matter look as if the person had been killed by a knife.

From the fact that the burned ashes of an old carpet covered the remains when found, it is now almost certain that the body was beneath the floor of the house when it was fired, the floor having been some three feet from the ground at the place where the remains were found.

In the stomach of the burned man was found undigested young potatoes, meat and berries, food similar to that found at the camp fire near the old house. It will be recalled that a sack was found there and was identified as the sack loaned to a tramp sometime previous to the fire.

McCullough is the person to whom the sack was loaned. On the Monday and Wednesday previous to the fire some of the ladies of the neighborhood were on the premises picking berries and were also in the old house, at both times they noted a bad smell, but laid it to a cat under the house. The old carpet was noticed in the corner where the body was found. This man arrested has been in the neighborhood of St. Paul and Newberg for some time past and bears a bad reputation. He has served a term in state prison, he was recognized by Attorney Irvine, of this city, is the man he defended some time ago for burglary. He was seen secreting a valise near the old house two or three days before the fire, the person seeing him looked at the valise after he had left and identified it as the one found in his possession when arrested. He states that he can prove an alibi, but it can be seen that he is very anxious over the matter.

He has retained Fenton & Ramsey as his attorneys and states to the sheriff that he has plenty of money at Newberg. When arrested he had only a few dollars. Since the arrest the matter of the murder of a man, Murphy, at St. Paul last spring has been revived and it is noted that a short time after this murder McCullough crossed the river at Champgo going to Newberg with plenty of money, and it is openly stated that if he has money secreted, it is Murphy's money. Monday he was taken to Newberg for examination before Justice Wright; Attorney Irvine of this city appearing for the state and Ramsey for the defense. He was bound over without bonds to await the next term of circuit court. He is a hard looking customer, having the same nose and nearly the same eyes as the executed murderer of Corker. The people of that town are excited and intend to sift the matter to the bottom. From mysterious whispers we have heard, it is supposed that there is more evidence than is given out.

The McMinville Creamery.

This institution was established two years ago with a capital stock of \$8,000. It was not expected by the stockholders that a dividend would be realized for two or three years. A creamery cannot succeed without cream any more than a flour mill can be made to pay without wheat to keep it running. This creamery has not been a paying institution simply because the farmers have not furnished the cream to make the butter. Just at this time it is a very serious question with the directors and stockholders whether they should keep the factory running any longer or shut it down. Since the first of January the creamery has not paid expenses. The company is already considerably in debt, the result of running at a loss. With seventy-five gauges a day, and but two teams to bring the cream in the company would lose nothing. This is far above the average for the past six months, which has really been but little above twenty-five gauges a day. The benefit to the farmers of having the creamery running in their midst is great. It furnishes them a means of turning a certain product of their farms into cash twelve times a year. A few of the stockholders who have farms have made and are making preparations to increase the amount of cream furnished by another year. But unless the directors will be compelled to suspend operations. There are farmers who have refused to furnish cream because the company did not pay more for it. Some have made one excuse and some another; but those who have been patrons of the creamery ever since it started, and have taken any trouble to inform themselves as to the cost of manufacturing and price of the product when sold, are well satisfied. Mr. Collins and Mr. Reid will make a canvass among the patrons and farmers generally with a view to increasing the cream supply to a paying basis. This will be done in the next few weeks and at a meeting of the stockholders to be held August 29, a report will be made. If this report is favorable the creamery will continue to run, but if unfavorable it will be closed.

The McMinville Flouring Mills Co. held their annual stockholders' meeting on July 22nd and elected the following officers for the ensuing year: President N. G. Blagen of Portland, vice-president T. G. Brownson, secretary A. C. Chandler, general manager A. C. Chandler. The directors decided to store wheat at the rate of one and one-half cents per bushel.

A. C. CHANDLER, Manager. Garden hose by the thousand feet direct from the factory at Hodson's.

AN AVALANCHE OF WONDER AND FUN

Sells Brothers' Teeming World of Entertainment.

This great show is booked for McMinville on Monday, Aug. 17, and regarded as a whole, it is doubtless without parallel. Wherein it differs from others is this: in its rare variety, its endless interest, its boundless capacity to please every taste. Good things with it are not doled out with a grudging hand; they are poured forth in a Niagara-like profusion, typical of the great country of greatest enterprises.

Here we have a regal Roman Hippodrome, a Five-Continent Menagerie, Three big circuses, a Wild Moorish Caravan, performing droves of Wild and Domestic Beasts, a huge Tropical Aquarium, Aviary, Royal Japanese Troupe, Arabian Nights Entertainment, Spectacular Pilgrimage to Mecca, and Splendid Free Street Parade, rolled into one tremendous alliance, for but one price of admission, or more properly speaking, roaring, rushing, racing, marching, dancing, gliding, tumbling, soaring, diving and disporting under ten acres of canvas!

Whom! The very thought of it fairly makes one catch his breath. And not only is it all very great, but it is a very good, clean, admirably managed show, under the immediate eye of its proprietors, and free from any and every annoyance or objectionable association. Had Artemus Ward lived to see such an exhibition, he would not have wondered why it always took three grown-up persons to take one child to a circus, but would have increased the number of adults to at least a score.

Europe. This is what you ought to have, in fact you must have it to fully enjoy life. Thousands are searching for it daily, and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you good digestion and out the demon dyspepsia and install instead Epepepy. We recommend Electric Bitters for dyspepsia and all diseases of liver kidneys and stomach. Sold at 50c and \$1 per bottle by Rogers Bros. 4

Return of the Favorites. It is with much more than usual pleasure we announce to our readers that they are to enjoy the privilege of once more witnessing a thoroughly first-class dramatic performance. The occasion will be the appearance of the celebrated Keene company at the opera house to-night, in an elaborate production of Wm. Gillette's greatest of all American war dramas, "Held by the Enemy."

The re-appearance of this excellent company in a play so famous will be a notable and attractive event in our theatrical experience, and is one which affords us much more than usual pleasure in recommending every one to see, inasmuch as the performances given during the company's former visit were of a most satisfactory nature, and as the strength of the company has been greatly augmented by the addition of several prominent New York performers and now numbers fourteen people, we may look for a performance such as we are seldom treated to in McMinville.

It is true that Miss Gage, the leading lady of a year ago, is not with them, but the press of the state report that the company is strong.

Pronounced Hopeless, yet Saved. From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Creator, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery, and I gave it a trial, took in all eight bottles; it has cured me and thank God I am now a well and hearty woman." Trial bottles free at Rogers Bros. Drugstore, regular size, 50c and \$1. 4

Notice to Farmers. Your attention is respectfully called to the fact that I have lately leased the Powell warehouse, and will operate the same this season in connection with my own house. This move was necessitated from the fact that last season my own house was taxed to its utmost capacity, and as I am assured of a large increase in the volume of my business this season, increased facilities were absolutely necessary. Both houses will be placed in first-class condition and I shall constantly endeavor to make Dayton what it should be (from its admirable location at the head of navigation) the best shipping point in Yamhill county.

I shall, at all times, pay the highest possible price for grain, potatoes and hay, and am prepared to sell sacks, binding and sack twine. I am also prepared to do chipping at fair rates. M. W. TALLMAN.

Normal Institute Entertainment. Yamhill county normal institute now in session, will close on the evening of July 31st with a public entertainment at the court house. Everybody invited.

PROGRAMME. Music.....Instrumental Address.....Rev. McKillop Recitation.....Solo Music.....Solo and Quartette Recitation.....The Conflict Lecture.....W. C. KANTNER Music.....Solo and Quartette

A Fatal Mistake. Physicians make no more fatal mistake than when they inform patients that nervous heart troubles come from the stomach and are of little consequence. Dr. Franklin Miles the noted Indian specialist, has proven the contrary in his new book on "Heart Disease," which may be had free at Rogers Bros. who guarantee and refund money if Dr. Miles unequalled new heart cure, which has the largest number of cures in the world. It cures nervous and organic heart disease, short breath, fluttering pain or tenderness in the side, indigestion, irregular pulse, fainting, smothering dropsy, etc. His Restorative Nervine cures headache, fits, etc.

Married. WESTERFIELD-FISHER.—In Salem Wednesday, July 22, 1891, by Rev. Brown. Mr. Geo. H. Westerfield, of this city, and Miss Clara Fisher, of Salem.

Born. HALL.—to the wife of C. Hall, of this city on Sunday, July 26, 1891, a daughter, weight 6 pounds.

WEATHER-CROP BULLETIN.

For the Week Ending Saturday, July 30 1891.—U. S. Signal Service.

WESTERN OREGON. Thursday, the 25th, was the warmest day on record; the maximum temperature ranged from 96 to 105 degrees. The 22nd and 24th were warm while to-day is much cooler. On evening of 23d thunder storms were observed in various localities, though little rain fell.

The hot weather was favorable to the ripening of grain but slightly injurious to gardens. Wheat harvest is generally in operation and reports indicate larger and more plump grains and better heads than were anticipated. Oats are doing well and ripening rapidly. The codlin moth is becoming dangerous and doing damage; the apple crop will be poor. The hop louse is fairly under control. Green corn and peaches are ripe and plentiful; the peach crop is the largest on record. Prunes are generally not over an average crop, though in Douglas county the trees are heavily loaded with fruit. Hay harvest in sections continues, and all reports indicate heavy yields.

EASTERN OREGON. The week has been the warmest of the season, the 24th being especially warm. The weather has been cloudless and no rain is reported to have fallen. The warm weather has brought spring wheat rapidly forward, fall wheat is being cut, headers are at work in the Columbia river valley; in Union county and south of the Elsie mountain the spring wheat was more backward and harvest will begin about the 10th of August. All reports indicate wheat to be better than was expected, by all odds the grain crop will be the largest ever produced.

Reports from the wheat districts of the world, other than the United States, indicate a general deficiency, this means a demand for American wheat and good prices. Already there are signs of increased prices and it bids fair to be as high or higher than previous prices.

Oregon is to be congratulated on its immense yield and prospective good prices, resulting in prosperous times for the agriculturist.

B. S. PAGUE, U. S. Signal Observer.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and tried to cure it by local means, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, made by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses of one or two teaspoonfuls, and acts directly upon the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

The Willamette University. The trustees of the Willamette university at Salem will renovate the building this year. Next year they intend to build a new building not to cost less than \$50,000. They have elected Prof. Geo. Whitaker to the presidency of the college. He was born in Boston and spent his life in New England, with the exception of the past four years which he spent at Marshall, Texas, where he has been at the head of Wiley university. Prof. Whitaker is 55 years of age, and is said by all those that know him, to be a man of commanding presence. He is a graduate of the Bridgewater state normal school, of Wilberham university, of Middlebury, Wesleyan academy, of Middleton, Conn. His recommendations are all of the highest order, and there is no doubt but in the selection of Prof. Whitaker for president, Willamette university has secured a good man and an enthusiastic worker.

Bucklen's Arnica Salve. The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin Eruptions, and positively cures Piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Rogers Bros.

Notice. Having purchased the thoroughbred Jersey bull, Duke of Dayton, we respectfully invite those interested to call at the place of either undersigned.

Terms for common cows, \$5; thoroughbreds, \$10. W. HUCK, F. W. MARTIN. For Sale. Large pitch fir engine wood, two feet long at \$3 per cord, double rank, also four-foot wood at \$2.50 per cord, on J. W. Rogers' farm, 11 miles west of McMinville. Inquire of SKINNER BROS.

Deeds Recorded. The following deeds have been filed for record in the Recorder's office of Yamhill county since our last report: Wm. E. Boyd and wife to Pansy Wright 3.07 acres pt d 1 e C. C.
