Very True. At a meeting of officers yesterday a committee was appointed to solicit subscriptions in the city for funds for an exhibition of the resources and products of Oregon at the World's fair at Chicago. Portland must do her full part.

For a beginning at least \$25,000 will be wanted. It is an object that appeals both to the pride and to the interest of the state. To assist in the undertaking becomes a public duty. The visit of the committee, therefore, must not be received with impatience, still less with a rebuff. There is but one way to place an Oregon exhibit at Chicago, and that is to subscribe the money necessary for it.—Oregonian.

Not Long Enough. Last Sunday Al Lawson, the young Swede who assaulted Mrs. Poirman at the Dalles, arrived at the penitentiary in Salem. The next 22 years of his life will be spent within the walls of that institution. This is a long time but it is not as great a punishment as should be inflicted for crimes like his. Until 1913 he will have a chance to compare his condition to that of his more normal and free brethren on the outside of the walls. It is hoped that this comparison will be of benefit to him.

Forty Years Ago.

On Nov. 16, 1851, Rev. S. G. Irvine, then a young minister just from New York, by way of the Panama canal, having just come from Portland, where he was landed, in a river steamer as far as Salem, on a wagon to the Santiam, and thence on foot delivered his first sermon in Albany. It was in the building opposite the Simpson warehouse, now owned by J. H. Upham, and then incomplete. About twenty-five people were present, only about four of whom were native. Yesterday Dr. Irvine again delivered the same sermon, with the text from Amos. In connection with it he made several interesting references to the early history of Albany. Forty years is a long time to preach in one place; but Dr. Irvine is more in the hearts of the people here than ever before.—Democrat.

Don't Want to be Senator. Last Monday Governor Penoyer remarked to a Salem Statesman reporter: "I notice that quite a number of papers in this state have mentioned my name in connection with the next United States senatorship. While I am extremely gratified to them for their kindly mention, I want to say now, what I have uniformly said, that under no circumstances whatever will I be a candidate for that place. The office of governor ranks that of senator, and when I retire from it, I will step out to the saw mill and not down to the senate."

OREGON IN IT.

Oregon Horses Have been Entered at the Great World's Fair Derby.

A great interest is being taken in the rich stake events of 1892-93 at Chicago. And Oregon and the coast are not going to be left out. These races are by the Washington Park club, and the American derby of 1893 will be the biggest race (\$60,000) the world has ever known. Every prominent stable in United States is represented, as well as those of Col. North, the "Nitrate King" and Duke of Beaufort, of Merric England; there never has been anything like so many entries in any race. Big added money catches the world over. R. E. Byrbe is to the fore with entries in several of the World's fair races. In the \$60,000 American derby, a sweepstakes for 3-year-olds (foal of 1890) to be run the first day of the meeting, 1 1/2 miles, 255 nominations, Mr. Byrbe has entered his sh-e. Wyana-shott, by Oregon, dam Superba; and f. Rosebud, by St. Paul, dam Neyella. He has made the same nominations in the \$5000 added Sheridan stakes, a sweepstakes for 3-year-olds (foals of 1890) in this race there are 218 nominations and the race 1 1/2 miles. In the \$10,000 added Queen Isabella stakes, a sweepstakes for fillies 3-year-olds (foals of 1890), one mile 120 nominations, he enters Rosebud. And in the Hyde Park stakes, \$5000 added, for 2-year-olds foals of 1891, with entries closing Oct. 15, 1892, he has the pick of nine colts from St. Paul, Oregon and Broadchurch. There are by St. Paul out of Lina by King Alphonso, Lenora by Kyre Daily, Neyrella by California, Brunette by Virgilan; by Oregon out of Bielow (mother of Eclipse) by Longfield, Superba by Flood, Oceania by Flood, by Broadchurch out of Keapsake by Flood. Mr. Byrbe will enter the most promising of these colts. He will no doubt have four or more entries. V. B. de Lashmuit expects to represent Oregon in this grand racing event. He will make nominations in the trotting races.

Merit Wins. We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Budge's Arnica Salve and Electric Bitters, and have never handled remedies that sell so well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Rogers Bros. Druggists.

Indian Depredation Claims. Judge P. P. Prim, of Southern Oregon, was in the city during the latter part of last week, taking evidence for the government on some old Indian depredation claims. Mr. Prim is a pioneer and has served the state in various capacities. He was supreme judge under the territorial government. It might be well to remark that not one fourth of the people having claims against the government for damages done by Indians, have presented their claims to the government. Texas has the largest number presented, 1464; New Mexico next, with 1113, Oregon next, with 281. Oregon has been the scene of several very bloody and property destroying Indian wars, and as long as the government desires to pay for the destruction we see no reason why our citizens should be backward in presenting their claims. Every tribe of Indians in the United States has charges against it for depredations.

These symptoms mean heart disease. The most reliable remedy is Dr. Miles' Heart Cure, which has saved thousands of lives. Book of testimonials from Rogers Bros., who also sell the New Heart Cure.

A Good Thing for the Farmer.

Frank H. Peavey, of Minneapolis, probably the largest individual grain merchant in the world, is now in Portland. He owns all the elevators on the line of the Northern Pacific railroad and is said to be here looking for desirable locations on the Southern Pacific lines. McMinnville is situated in a great grain producing center and an elevator here would no doubt be of advantage to Mr. Peavey as well as our farmers. He does not use sacks but buys in bulk from the farmer's wagons, stores in bulk and ships in bulk in cars specially built for the service. With an elevator of this description in the city at least four cents per bushel could be saved by the farmers. They of course would have to do their own cleaning. People interested in these matters would do well in conferring, if possible, with Mr. Peavey. Last year he was in Salem looking over the ground but did not build because he could not find a man capable of handling the business. Has McMinnville a man with the ability? We think so, several.
