KAY & TODD, CLOTHIERS AND TAILORS.

P. S. Goods when advertised to be sold at Cost are usually sold at a profit to the seller. The buyer has no means of finding out the cost of the goods he is buying and simply takes the word of the seller. We have been in business in this city for years and have sold Thousands of Dollars Worth of Goods to the people of this county. These goods are not sold at cost, but are sold very near it. The people know the price of Staple Articles and we will sell them articles at 20 per cent. below those prices. Our Prices are plainly marked on all goods and the purchaser deducts 20 per cent. from these figures. If any one thinks there is very much more than 20 per cent. profit in clothing and gents' furnishing goods, one year's experience in the business will show him different. Recollect you can get for the next two weeks a \$20 suit of clothes for \$16; a \$10 overcoat for \$8, and so on. This is no buncomb, but is earnest talk to our customers. Our large line of Fall and Winter goods must be sold. Quick sales and small profits are preferable to slow sale of unseasonable goods.
