Local and General. Social hop at the armory Saturday night. Wm. Henderson is working in the clerk's office.

R. R. Hays of Tillamook has moved to Portland. There will be a grand ball at Amity on February 12, 1892.

C. H. McKinney and wife leave for California to-morrow. Dr. Black and mother have arrived from Galveston, Texas.

Geo. H. Handley, of Tillamook, is attending college in this city. Miss Nora Cooper spent last week in Independence visiting relatives.

Thos. B. Kay and family spent a part of last week in visiting relatives on the East side. Mr. Edward Hulery and wife, of Ontario, Canada, arrived here Monday night. They will make this their future home.

C. A. Wallace is out with a remonstrance against the placing of a sidewalk on E street. The sidewalk is a necessity and should go in.

If you should want a photo of yourself or friend printed on linen, silk, porcelain or wood, remember Moore and Taff are the boys who can do it.

Monday 331 children attended the public schools of this city. The school contains 318 seats, making 13 scholars without seats. This means a new school house.

Rev. Edward Eceleson, pastor of the Presbyterian church of Lafayette, will preach in the Christian church, next Sunday, Jan. 10th at 4 p. m. All are cordially invited.

Capt. Wyatt Harris, of this city, was confined in the Charleston prison with Major Calloun, the author of the "Prisoner of War," the serial now appearing in this paper.

Carlin and Coulter think some of giving up the dray business and getting a perpetual franchise from the council for the operation of a ferry on the streets of this city.

Thos. O. Allison was committed to the insane asylum Saturday. He went insane on religion and has very peculiar ideas of right and wrong. His views do not coincide with the law.

Rev. D. M. McFarland, presiding elder of Willamette district, M. E. church, will preach at the Grange hall in McMinnville Saturday evening and Sunday morning and evening.

John Winn, Umatilla county's stock inspector, finished his fall inspection about two weeks ago, finding about 124,000 head of sheep in the county. Sheep, generally speaking, are in good condition, there being very little scab, as compared with other years.

The second quarterly meeting of this conference year will be held at the M. E. church Saturday and Sunday, preaching Saturday at 2 and 7 p. m., and on Sunday at the usual hours by the presiding elder, S. P. Wilson. Quarterly conference at 3 p. m. Saturday.

Turney & Kent have recently received one of White's Medical Manikin. It is one of the best things possible for a physician's office, as it keeps before him all the most important features of human form. It is useful in the diagnosis of diseases and the explanation of the same to patients.

The new values made by the state board of equalization last week, amount to 50 cents per head on horses and cattle and the increase of 25 cents per head on sheep as compared with the valuation of this county, as it contains just twice as many sheep as cattle and horses.

Sunday night a couple of men attempted to break into the residence of Sandusky Wilson. The noise aroused him and they left. They had a dark lantern and one of them was masked. The house of Mrs. Clara Wilson, on E street, was broken into by a burglar and a frying-pan, a loaf of bread and a can of fruit were taken. Tramps should be run in upon sight.

Friday while some boys were playing with a loaded gun it exploded, and a young Morse was injured. Luckily for him the gun only contained a charge of powder and some brown paper wadding. He was struck on the right part of his thigh and the doctor spent quite a number of minutes digging the wadding out. It made quite a large flesh wound.

The dance was a success on New Year's eve and everyone speaks of the enjoyable time. The boys are slowly adding to the list of their admirers at the armory and soon will have the nearest armory in the state outside the regular armory in Portland. As soon as the finances will allow a billiard, private room, a check room and a reception and waiting room will be furnished. A full dress dance is being talked of for February.

The young ladies of this city are arranging for a leap year party to be given on the 26th of January. The enthusiasm already developed presages an excellent evening to all the gentlemen popular enough to receive consideration at the hands of the young ladies. Games and singing, as well as dancing, will be on the program for the evening. It is leap year and if the young ladies do not have fun it will be their own fault.

"Now is the winter of our discontent made a glorious summer by this war of Saraparilla." This wonderful medicine so invigorates the system and enriches the blood that cold weather becomes possible enjoyment. And if you are not well do well to make a note of this.

The following was telegraphed to the Oregonian from Washington, D. C. last Saturday: "Senator Ford today referred to the war department a communication from Charles H. Pease, of Corvallis, Ore., saying that in the event of any serious difficulty with Chili he thinks he can bring a company of fifty or sixty Winchester riflemen thoroughly familiar with this arm, and the crack shots of the Oregon mountaineers."

The promptness with which Ayer's Cherry Pectoral stops a hacking cough and induces refreshing sleep is something marvelous. It never fails to give instant relief, even in the worst cases of throat and lung trouble, and is the best remedy for whooping cough.

Andrew Smith, who died at the residence of his son in Salem, aged 69 from pneumonia, was born in Cold Springs, Cattaraugus county, N. Y. in 1822. He crossed the plains in 1842, being one of the first settlers in the Willamette valley, living in Yamhill county in the vicinity of Dayton. He married Sarah E. Palmer, daughter of Captain Joel Palmer, in 1848. He was the father of six children, three of whom survive him.

The funeral of the late Capt. Medorum Crawford was largely attended. Withstanding the inclemency of the weather a number of Portland people attended, among them Chas. E. Ladd, Chief-of-Police Parritt, Dan Holton, A. H. Morgan, Mr. Alexander and O. J. Tompkins. They were met at St. Joe by carriages and conveyed to Dayton. After the funeral the visitors from Portland called in at a house on Colonel Chas. Taylor, who is confined to his house, but is cheerful and was pleased to greet his old friends.

It is rumored that the city is to lose the services of Mr. Granstrom, chief engineer of the water plant. This, if so, would be a calamity indeed, as there is probably no other good engineer for the place in the city. He is careful and painstaking and the machinery under his care is in better condition now than it has been for years. He is not perfectly up to all the things necessary to properly conduct an electrical and water plant could do the city more injury in a second than could be repaired in six months. If the council would co-operate with Mr. Granstrom and use some of his suggestions instead of those from incompetent persons, we would be better off.

The fire on Saturday morning at 2 o'clock the fire bells pealed forth their alarm, and the people hurried toward the south end of town, where they found the Jackson Peters house, occupied by C. Guish, in flames. The alarm was sounded too late, and there was but little for the fire department to do when it reached the ground. Mr. Guish was sick and a light was burning in an adjoining room to the sick man. The cause of the fire was the explosion of this light. The occupants were awakened by the heat and smell of the burning building, and had just time to escape. But very few articles were saved. Mr. Guish was carried in a chair to the barn. Mrs. Guish has suffered greatly from fire, she having gone through four, her loss aggregating over \$20,000. She was engaged in business in Spokane, and was burned by the great fire. The Seattle fire destroyed some \$10,000 worth of millinery stock for her.

Our Dilapidated Highways. "I tell you, Johnson," said a late arrival from Iowa, "people who come here in the winter to buy a farm will change their minds when they look at the condition of our public highways. I believe this is the best county under the sun but the roads at present are impassable and very discouraging to a farmer who has produce to haul to market." The words were weighty and we couldn't help but think he was about three-thirds right. The public highways never were in a worse condition and the demand for a radical change in our road laws comes in emphatic tones from every farmer. This valley has been inhabited by the Caucasian race for fifty years and it is about time the principal thoroughfares were showing marks of civilization. This matter is getting too important to be neglected longer and the farmers are in earnest in their appeals for improvement.—Corvallis Times.

County Court in Session. The county court is in session and will probably not be through until the fore part of next week. Road matters are now before court and they will demand their attention until the latter part of this week. After this will come the division of the county into the election districts required by the new election law. Judge Galloway informs us that Newberg precinct is to be cut in two and will probably be known as east and west Newberg. North Yamhill will also be cut in two and each of the McMinnville precincts will be cut up, making in all eighteen voting precincts in the county. North and south McMinnville will probably be cut at B street, running north and south and the two precincts lying west of B street will be given new names. This program is liable to change however when the county court takes action on the matter.

The Democratic Club. On Saturday last a democratic club was organized in this city. F. W. Fen-ton was elected president; Wm. Galloway, 1st vice-president; E. W. Wallace, 2nd vice president; J. W. Baker, secretary.

The delegates elected to attend the meeting of democratic clubs in Portland to-morrow were: Dr. E. E. Goucher, Hiram Runnel, J. W. Baker, G. L. Baker, W. E. Martin, A. McPhillips. The alternate delegates are, E. W. Wallace, Henry Gee, D. A. Smith, L. H. Cook, Frank Wright, W. S. Wade.

The club now has a membership of 63, and all the democrats of this county are requested to send in their names for membership.

Newspapers Endorse. "Educators are certainly the greatest benefactors of the race, and after reading the Franklin Miles' popular works, cannot help declaring him to be among the most entertaining and educating authors."—New York Daily. He is not a stranger to our readers, as his advertisements appear in our columns every issue, calling attention to the fact that his elegant work on nervous and heart diseases is distributed free by our enterprising druggists, Rogers Bros. Trial bottles of Dr. Miles' Nervine are given away, also book of testimonials showing that it is unequalled for nervous prostration, poor memory, dizziness, sleeplessness, neuritis, hysteria, fits, epilepsy.

WHAT THE BOARD HAS DONE. How the Work of Equalization has Affected the Totals of the Different Classes. The increase on agricultural land in the state as raised by the state board of equalization is found to be \$3,295,524. The increase on railroad lands amounts to \$35,121. On wagon road lands the increase is \$802,554. Swamp lands have been raised \$172,604. The raise on town lots will be \$4,066,515. The above totals added give the increase on all lands of the state as \$8,282,328.

Among the objections and recommendations made to the assessors of Oregon were the following: More prompt return of the rolls. A more extended classification of the property by adding to their rolls more columns for the classification of property. More faithful performance of the duties of the county boards of equalization, as it is observed by the board that the county boards lower but seldom raise the value of property in their respective counties while the assessors raise them to both lower and raise the assessors in order to secure equalization.

They will also the county courts to a more faithful performance of their duties in scrutinizing the rolls. In their recommendations to the legislature it is understood the following will be made: The assessment of all property as to its ownership on a day and hour certain, as 6 a. m. March 1st, annually. Second—that no deductions for indebtedness be allowed, except when there is a corresponding taxable credit. The enactment in all cases of a sufficient penalty for refusal to properly verify or list property. To compel banks to make lists of depositors, and also a list of their own notes held by them against their debtors.

To abolish all forms of indebtedness and to also repeal the mortgage tax law. To assess corporations on their gross earnings. To compel assessors to assess all property at its money value and to provide a penalty for such failure.—Statesman.

Probate Court. The following business has been transacted in the probate court during the week past: Estate of Medorum Crawford; will admitted to probate; John M. Crawford appointed executor without bonds. A. Callian, Dan Gibson and Geo. Gibson appointed appraisers. Estate of Jas. Flett; will admitted to probate; George Flett appointed executor without bonds. W. F. Booth, J. W. Gault and S. A. Manning appointed appraisers. Estate of Geo. E. Getchell; final account to be heard February 6th, at 8 p. m. Estate of Geo. H. Drummeller; final account approved and executor discharged. Estate of Geo. Christenson; inventory filed and approved. Guardianship of heirs of Louis Forrest; final account approved and guardian discharged. Bondsmen exonerated. Guardianship of Wm. Chatfield; 2nd annual account of guardian approved. Estate of H. S. Keene; inventory approved.

THE HOURS OF McMINNVILLE.

At the New Year's dance at the armory it was demonstrated that the ladies of this city have good taste in personal adornment. Looking at the beautiful and healthy faces of the ladies and the delightful contrast of complexion and costume one could not help but think that the hours of the oriental paradise had been turned loose for a night's enjoyment upon this revolving sphere. Perfect health, intelligence, good taste in dress, and perfect form in all society, and it would be hard to find more intelligence, health and perfect figures in any city than was possessed by the ladies enjoying the dance on Thursday night last. Contracted waists and painted faces have not yet made the figures and complexions of our damsels distasteful to the eyes of the beholder, and it is hoped these feminine vices will not become a necessity for years to come. A woman usually admires herself to both lower and raise the assessors to please masculine eyes, and when she paints her face and contracts her waist to such an extent that a man's eyes is aroused and he has a burning desire to open his jack-knife and relieve her distress, her efforts to please have been in vain.

To the writer the display of feminine loveliness was entrancing, and so far as his acquaintance with people and his knowledge of ladies' dress goes, he has attempted to describe the dresses worn by the ladies attending. Many have been left out because of the lack of knowledge in order to describe, and his inability to learn names.

Mrs. Jas. Minty was resplendent in a costume of rose silk and black velvet. Mrs. Edwards in a very neat and peculiarly tinted brown cashmere; Miss Lasira Apperson was lovely in a red cashmere trimmed with gold. Miss Cynthia Feltows looked bewitching in a brown and tan mohair; Miss Younger wore a costume of black lace over pale blue; Miss Beckie Humphrey looked entrancing in a costume of figured silk with diamond ornaments; Miss Alta Booth was very pretty in a maroon velvet and gray henrietta; Miss Annie Diehsneider wore a handsome suit of plain black henrietta trimmed in jet; Miss Olds wore a pale gray cashmere; Miss Emma Kinnear looked regal in a lovely costume of tan trimmed in black lace; Mrs. W. E. Martin appeared in an elegant tailor-made grey lustre; Miss Rock in a lovely costume of mouse colored plush; Miss Bena Snelling wore a very becoming costume of black; Miss Ida Miller wore a costume of heavy black silk. Mrs. Walter Durham was dressed in a heavy black lustre, diamond ornaments. Miss Venetta in a lovely costume of electric blue covered with black lace; Miss Harrison in a beautiful costume of black, in train; Mrs. U. S. Booth wore a very fine black trimmed in jet, diamond ornaments; Mrs. G. S. Wright was lovely in black with colored bead trimming; Miss Cora Baker was in a lovely costume of blue serge; Miss Elvira Apperson was dressed in a handsome black lustre, diamond ornaments. Miss Rose McPhillips was full of life in a costume of black with five beautiful LaFrance roses; Miss Millsapp was very handsomely costumed in electric blue and old rose.

The ladies attending whose dress we cannot describe sufficiently to be accurate and among whom some of the most beautiful costumes of the evening appeared were: Miss Mary Apperson, Miss Mary Carlin, Mrs. W. Kellert, Mrs. V. Swell; Miss Alena Baker, Miss Lena Baker, Miss Inez Eccleson, Mrs. H. C. Eccleson, Miss Ella LeMasters, Miss Minnie Howell, Miss Maggie Howell, Mrs. V. Simmons, Mrs. John McCullough, Miss Laura Miller, Miss Josie Gardner, Miss Stella Redmond, The Misses Sarah, Rose and Mary Hillary, Miss Lena Burgan, Mrs. L. H. Cook, Mrs. Southam, Mrs. Bardsley, Mrs. Thompson and Mrs. Black.

We ask the pardon of the ladies not mentioned for our lack of knowledge. If they continue to create new means of beautifying themselves we will make a closer study of feminine affairs.

What May be Expected. The United States department of agriculture's weather bulletin says next to December January is the wettest month in the year on the Pacific slope, and the general rule covering the December distribution of precipitation is followed very closely by the January falls, except that on the middle California coast the rains become slightly heavier in localities. The heaviest precipitation occurs in a belt some twenty to twenty-five miles wide along the Washington coast and in Oregon, north and south of Coos county, extending southward into California over the Pacific coast range. The chart of the January rains on the Pacific slope shows a general average of six inches of precipitation north of the thirty-first parallel in California, excepting only from two to four inches in extreme northern California and a like amount in the Sacramento valley. Between the thirty-sixth and thirty-eighth parallel from one to four inches usually falls, the lesser amounts in the eastern portions and south of the thirty-sixth parallel along the coast from two to four inches decreasing to but a few tenths of an inch in the eastern half of this section.

Marriage Licenses. The clerk has issued licenses to wed to the following people: Ada Stultz, 29; J. B. Rogers, 20. Francis C. Brower, 23; M. H. Grant, 21. Marie M. Wood, 17; W. T. Vinton, 26.

From Jan. 5, 1891, to Jan. 2, 1892, there was issued 101 marriage licenses by the clerk of this county. This is a very good showing.

Happy Hoosiers. Wm. Timmons, postmaster of Ida-ville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined for the bad feeling arising from kidney and liver trouble." John Leslie, farmer and stockman, of the same place, says: "Find Electric Bitters to be the best medicine for liver and kidney trouble, made me a new man." J. W. Gardner hardware merchant in same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he felt just like he had a new lease on life. Only 50c a bottle at Rogers Bros. drug store."

COMING TO OREGON.

An Illinois Man Gives Advice on Going West. A gentleman who recently came to Oregon, from Illinois, writes to his home paper what he thinks of this state, after traveling over the valley seeking a place to locate. The following is what he says: "I have been prospecting through the country for land and can tell something of the fertility of the soil. I find some very fine farming land at lower figures than Illinois farms, but you will find first-class bottom, second rate and pasture land all on the same farm. To strike an acre you would hardly be as fertile as Illinois. You can obtain a farm of mixed land from ten to twenty-five dollars per acre, while the rich bottom land taken alone is thirty to forty dollars per acre. Will say it is the country for a man of limited means to obtain a good farm. To the man who rents land Oregon is preferable to Illinois. Good land rents for a third of the crop and two and a half to three dollars per acre cash. Fruit in abundance and vegetables plenty. Flowers are in bloom, green vegetables in the market. The air is soft and fine. I learn the rainy season is very disagreeable and lasts four months in the year. I call Illinois second to no country, and a man that owns a large farm I would advise not to go to Oregon, but one who has only an eighty acre farm can do better here. We have no cyclones, tornadoes or hail storms. I am a farmer not accustomed to writing for the paper, but have simply given my advice to those wishing to move westward."

Remarkable Rescue. Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could benefit her. Her druggist suggested Dr. King's New Discovery for Consumption. She bought a bottle and to her delight and joy she found herself benefited from first dose. She continued and after taking ten bottles found herself sound and well, now does her own house work, as well as she ever was. Free trial bottles of this great discovery at Rogers Bros. drug store, large bottles 50c and \$1.

Bad Blood.

Impure or vitiated blood taints times out of ten caused by some form of constipation or indigestion that clogs up the system, makes the blood naturally become impregnated with the acid from matter. The old-fashioned attempts to reach this condition by attacking the blood with the old and obsolete, Joy's Vegetable Sarsaparilla is modern. It goes to the seat of the trouble. It opens the liver, kidney and bowels to healthy action, and invigorates the circulation of the impurities are quickly carried off through the natural channels.

Try it and note its delightful action. It has been used by thousands of people in all parts of the world. It is the only medicine that can be taken for a long time without doing any harm. It is the only medicine that can be taken for a long time without doing any harm.

SUMMONS. In the Circuit Court of the State of Oregon, for Yamhill County. T. W. Baird and Alice M. Baird, Plaintiffs, vs. E. A. Webster, and his wife, M. Webster, Defendants.

To M. A. Webster, one of the above named defendants: In the name of the State of Oregon: You are hereby notified and required to be and appear in the above named court in the above entitled suit and answer the complaint filed against you therein by the plaintiffs by Monday the 25th day of March, A. D. 1892; that being the first day of the first term of said court and the expiration of six weeks publication of this summons; and you will take notice that if you fail to do so and do not answer said complaint or the writ thereof, the plaintiffs will apply to said court for the relief demanded in said complaint, which is in brief as follows: to-wit:

For a decree in favor of the plaintiffs and against said defendants for the sum of ten thousand dollars (\$10,000 00) with interest thereon since May 15, 1890, at the rate of seven per cent per annum; for the further sum of \$500.00 as attorney's fees and for costs and disbursements of this suit; for a decree foreclosing the mortgage executed by the said defendants to the plaintiffs on the 15th day of May, 1890, to secure the payment of said sums of money, upon the following described real premises, to-wit:

The donation land claim of J. R. Derby and Ann Derby, who are being the northeast quarter of section seven (7) township 3 south, range 3 west; also the homestead claim of John M. Gates, No. 1254, and the southeast quarter of the southeast quarter and lot No. three (3) of section six (6) and lot No. two (2), three (3), four (4) and five (5) of section seven (7) in township 3 south, range 3 west, save and except from the above described land, being conveyed by John M. Gates to J. Harrison on December 22, 1875, by deed recorded at page 273 and 274 of book "F" of records of deeds of said county of Yamhill, said tract excepted being fifty acres. HAPPY, THrice HAPPY NEW YEAR!

To all Our Friends and Patrons. NOW is the time for forming good resolutions.

If you owe your neighbor a grudge, go at once and have an amicable settlement with him. If you have any bad habits, let them cease from this date.

If you don't do your trading with home merchants, begin now. If you owe your grocer a bill go and pay him—a more appropriate New Year's gift cannot be imagined.

If you have been trading with us we respectfully ask you to continue with us. If you have never dealt with us give us a trial with the New Year.

If we haven't got what you want in the Grocery or Crockery line, no one in the city has, and we will send and get it for you. If you will call at our store we will convince you that it will be to your interest to trade with us the coming year. We are Here to Stay.

Respectfully, WALLACE & WALKER.
