The price of this paper has been reduced to \$1 per year. The reasons for poverished, and hence "that tired feelit are many. One of the principal is that the people demand a cheaper paper in the county. During the past few years the price of material has been reduced and the papers have continued at the same rate and it has remained for us to take the lead and make the reduction. Our business can stand it, and we undertake to say that we will make money because of it. It will most certainly reduce the price of every paper in the county, demonstrating very thoroughly that the Tele-PHONE-REGISTER is the leader of Yamhill county newspapers. It is the only democratic newspaper in the county and it is our aim to make its influence for good felt in all parts of the county. We call upon the people who are for reform to come to its support by subscribing fot it.
