

THE TELEPHONE-REGISTER

April 7, 1892

POSTOFFICE HOURS. From 7 a. m. to 7 p. m. From 7:30 p. m. to 8:30 p. m.

CHURCH NOTICES. METHODIST EPISCOPAL CHURCH. Services every Sabbath at 11 a. m. and 7:30 p. m.

CELEBRATION. The Epworth League will give a religious literary entertainment at the M. E. church next Sunday evening.

Local and General. Wm. Diehschneider writes that he will probably return to this city during the coming summer.

W. H. H. Gilbert has purchased the Eurisko market of Bond & Co., and desires a share of the public patronage.

Clark Braly and family left this morning for Portland. This evening they leave on the overland for San Diego.

There will be no services at the Presbyterian church in this city on Sunday next, as the pastor Mr. Knowles, will be at Lebanon attending the meeting of the Presbytery.

Mrs. Harford, who speaks at South Yamhill at 11 a. m. on Sunday April 10, will be in this city Saturday evening and will speak at the Baptist church at 7:30. All are invited.

The board of equalization on the city assessment has met and the gross value of property within the city is \$776,222.

Any person knowing the present whereabouts of Jas. H. McElroy, who was in the city some eight years ago, will confer a favor by sending him information to S. G. McElroy, Lebanon, Kentucky.

On Saturday next a running 1/2 mile race will be run at the fair grounds in this city between a horse owned by Ed. Hulery and one owned by Price Triplett.

Rev. J. Hoberg will deliver a lecture on the geography of the Holy Land, next Sunday at 11 o'clock in the M. E. church. This will be entertaining and instructive to all, especially the children and young people. Let all attend.

"Gentle Spring" loses many of its terrors when the system is fortified by the use of Ayer's Sarsaparilla. Its multitudes, this wonderful tonic-alterative has long superseded all other spring medicines, being everywhere recommended by physicians.

J. R. Booth and S. I. Hibbs have formed a partnership under the name of Booth and Hibbs and have opened a very neat butcher shop next door to H. Adams billiard hall. The choicest meats will always be kept and the patrons of the shop are assured of square treatment and the best of meats.

The extra building necessary for the housing of the new Corlies engine has been built at the water plant. The foundation for the line shafting is all in and the engine is now wanted in order that its foundations can be built. There will be but little delay when the machinery arrives and the lights will not be out more than three or four days, and probably not that long.

During the week past this office has been in a state of turmoil. The painters and paper-hangers and carpenters have been at work here and there. If the paper contains errors please blame the men who have made all the noise during the week. We now have the neatest looking office in the city, and state. We are growing, and soon will need more room.

F. M. Boyer, of the firm of Derby & Boyer, returned several days ago from Washington state, where he spent the winter. Since his return the firm has been getting its file factory in readiness for the seasons run. The factory has been in operation for seasons but has never been run more than half its capacity, and the proprietors feel confident that they can supply the demand, however large it may be. Operations will be commenced as soon as the weather will permit.

The democrats of this county are called upon to turn out in force on the coming Saturday at the primaries in the various precincts and elect delegates to the county convention.

Two Panthers Killed. Thursday last Jap Lady near Sheridan, brought to this city two panthers that he had killed the evening before.

The largest, a female, measured six feet and four inches from tip to tip, and although very poor weighed 86 pounds.

The small one, a kitten, measured four feet from tip to tip. They were purchased by Chas. Fleming and are now being mounted by Mrs. Ursuh, of this city.

The porkers of the residents of the Mill Creek range of mountains have been disappearing lately, and Wednesday three belonging to Bill Nuble were found dead and panther signs were found near by.

Jap Lady and his dogs were sent for and arrived late in the afternoon. It was nearly dark when the dogs tread the animals and when the party of hunters, consisting of Elmer Yocum, Bill Nuble, Taylor and Jap Lady arrived the old female had deserted the kitten and departed for a tree further up the creek.

The kitten was shot by Jap and in a few minutes the dogs had found the old one. A well directed shot behind the shoulder brought her down. She fell in the creek and the dogs were upon her in an instant.

She had life enough to make it warm for them and Jap jumped in the creek to help them. It was dark and he could not see, and before he knew it she was in front of him ready for a spring.

Before she could do so however, he picked up a large rock from the creek bottom and threw it at her. It struck her on the side of the head, breaking her jaw and stunning her so that she was easily dispatched.

Jap Lady claims to own the best dogs in the mountains and during the past two weeks has killed several panthers and one cougar, whose measurements we will not give because you would think we were telling you a fish yarn.

Local Institute at Sheridan. The next session of the Yamhill county teachers' local institute will be held at Sheridan April 15-16.

The exercises on the evening of the 15th will consist of music, recitations, addresses and a lecture. The program of the evening will be rendered by local talent, assisted by a quartette of singers from Lafayette.

CROP-WEATHER BULLETIN.

For Week Ending Saturday, April 2, 1892. U. S. Signal Service.

During October the rains were well distributed and about the average amount. During November and December the rains were heavy and general throughout the state.

An absence of the usual amount of sunshine, January, February and up to March 20th the rains were light; sufficient, however, to keep the soil in good condition.

There was an absence of any heavy snowfall, east of the Cascade mountains, while to the west there were few days that the temperature was below the freezing point.

In eastern Oregon there was an entire absence of snow occurring but a few times in the more elevated regions.

There was not the usual average of fall snow put in, owing to the heavy November and December rainfall, but that which was sown did remarkably well.

Plowing and seeding were pushed to their utmost during January, February and fore part of March, so that now the acreage of cereals is fully up to the average, and it is all reported to be in first class condition.

A more favorable winter for the stock has seldom been experienced. There is no loss reported, the grass and feed were plentiful, and the stock all came through the winter in excellent condition.

The growing season of 1892 opens most favorably for a bountiful harvest, even surpassing the wonderful yields and products of 1891.

It should, however, be borne in mind that the success of the cereal crop in eastern and Southern Oregon especially depends more upon the distribution and amount of rainfall in the months of May and June and the temperature conditions in those months, than the conditions of the soil and prospects at the present time.

WESTERN ORGANS. The week has been generally cloudy and rainy, the temperature has been from 2 to 6 degrees, a day below the average.

The rainfall amounted to from 1.5 inches to 3.3 inches for the week but considerably more than the average amount. Light frosts occurred on the more exposed places on the 26th, 28th, 29th, 30th and 31st of March and on the 29th snow fell on the foothills and mountains.

The winds have been generally easterly and chilly in effect. There is all in good condition, though more growth would be obtained if there should be more sunshine, which has been very deficient.

The rainy weather stopped almost entirely, plowing and seeding. The reports indicate excellent prospects for a large acreage and the present conditions to be first class for all the cereals.

The peach, apricot, some varieties of plums, pears and cherries are generally in full bloom, and so far are in good condition, though the weather for the past week has been unfavorable, the present weather conditions, which if continued, will seriously injure the prospective crop.

Less rain, more sunshine and warmer water are needed to protect and develop the fruit buds. The smaller fruits and berries are developing nicely.

The hop men are busily engaged in working their yards preparing for the coming crop; the acreage is being increased in most sections.

The weather has not been favorable to the lambing season, though the losses are much less than usual.

Warmth and sunshine during the coming week will materially benefit all crops and products.

EASTERN ORGANS. General reports have been received through the week past, preceded on Sunday, March 27, by a general snow storm throughout the entire section, being heaviest along the Blue mountains, at Cove, Union county, snow fell to a depth of one foot, in Grant county from 10 to 16 inches fell.

General frosts have prevailed, except in the more sheltered places. The amount of sunshine has been below the average.

The weather has been unfavorable to the growth of all vegetation, though no damage has been done save in a very few exposed places. The frosts of March 27, 28 and 29, nipped the more advanced and tender vegetation.

Grand Jury Report.

To the Honorable the Circuit Court of Yamhill County, State of Oregon: We, the grand jurors for the March term of said court, have enquired into all the business brought before us and have disposed of same to the best of our ability.

We have examined the various county offices and find that all are run in a neat and business like manner. We find that the clerk's office need more case room for records, and would recommend that metallic cases be purchased.

We also find that the county surveyor needs a table of suitable size for his work. We recommend that the floor in the east corridor of the jail be repaired and that the jail be lined with steel plates and that the grating over the windows be replaced with chilled steel.

We recommend that a competent man be employed to examine and repair the roof of the court house, as we find it in a leaking condition. Respectfully submitted, McMinville, Ore., April 1, 1892.

J. W. BOYES, Foreman. M. COLLINS, N. H. PERKINS, JAS. MORRISON, ISAAC LAMBRIGHT, R. L. STOWE, GEO. W. MITCHELL.

Of a Military Nature. The quarterly meeting of the state military board will be held on Monday April 11th, and will be one of much interest as matters of great importance to the welfare of the state are to be considered.

This body will meet at the capitol. Adjutant-General R. W. Mitchell of Portland has been in this city looking after business pertaining to the Oregon National Guards and arranged for the payment of claims outstanding against the organization.

As soon as these payments are made an inspection of the entire brigade will be ordered to take place about May 1st. The inspector general, Colonel Froeman, will make a tour of the state, visiting the different commanders and their regiments. It will not be many months when military companies will be in demand to assist in celebrations, and they should get in and drill.—Statesman.

A Real Estate Boom. Attracts the attention of every property holder in good condition. But when Dr. Franklin Miles, the eminent Indiana specialist, claims that heart disease is curable, and proves it by thousands of testimonials of wonderful cures by his New Heart Cure; it attracts the attention of the millions suffering with short breath, palpitation, irregular pulse, choking asthma, edematous swelling, pain or tenderness in side or shoulder, smothering spells, fainting, dropsy, etc.

A. F. DAVIS, Silver Creek, Neb., by using four bottles of Dr. Miles' New Heart Cure, was completely cured after twelve years' suffering from heart disease. This new remedy is sold by Rogers Bros. Books free.

School Report. The following is the report of Dist. 36 for the month ending April 1, 1892. No. of boys enrolled 19; No. girls enrolled 29; Total enrollment 30. Average daily attendance 24; No. cases of tardiness 18. Roll of Honor: Olive Lambright, Daisy Potter, Flora Potter, Earle Agee, Clyde Smith, Willie Lambright, Joseph Casey.

MARGUERITE REDMOND, Teacher. \$100 Reward \$100. The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh is cured in one week by this medicine. It is a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by rebuilding the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for literature. Address: F. J. CHEEY & Co., Toledo, O. Sold by all druggists, 75c.

PROHIBITION PLATFORM. The prohibition party of the state of Oregon, in convention assembled relying upon Almighty God for guidance, declares the following as its platform:

First—We declare our adhesion to the national prohibition party, and pledge our renewed efforts to secure throughout the nation the suppression of the manufacture, sale, importation, exportation and transportation of alcoholic liquors as a beverage.

Second—The right of citizens of the United States to vote should not be denied or abridged by the United States or by any state on account of sex.

Third—The circulating medium of the country may rightly consist of gold, silver and paper. It should all be of full legal tender and sufficient in quantity to meet the demands of business, and give full opportunity for the employment of labor. No private individual or corporation should be allowed to make any profit through issuing it. Neither should it be possible for any man, or combination of men, to produce an artificial scarcity, and secure exorbitant rates of interest.

Fourth—We favor the most rigid state and national control of all the railroads, express, telegraph and telephone lines in the interest of the people.

Fifth—That all trusts and combinations of capital for the purpose of controlling the price of articles of necessity or popular consumption, are unjust and should be prohibited by law, and that we hail with pleasure the organization of workmen and farmers and the intelligent and just demands they make in their resolutions for the abolition of class and monopoly legislation in the interest of the honest toiler and wealth producer, and we most earnestly invite the co-operation of workmen, farmers, and all classes of people to aid us in the efforts of the prohibition party to overthrow class legislation and accomplish much needed industrial reform.

Sixth—The adjustment of the duties of import should be fixed in a business like way by a national commission of experts, and not made the football of political acrobats; that the amount of duties levied should not exceed the necessary expenses of the government economically administered, and that the wealth and luxuries, and not food, clothing and necessities should bear the burdens.

Seventh—The prohibition sentiment that allows itself to be officially misrepresented is impotent against the liquor traffic and the ballot cast for the candidates of any political party which does not openly antagonize the liquor traffic is a vote for the continued sustenance of such traffic and the voter casting ballot is morally responsible for any injury arising from such traffic.

Eighth—We deplore the rapid increase of landed estates and favor the limitation of alien and corporate ownership of land. We hold that the government should reclaim all unearned and forfeited land grants made to railroads and other great corporations, such lands together with the remaining portion of the public domain, should be reserved for actual settlers.

Ninth—We favor the election of president, vice president and United States senators by direct vote of the people.

Tenth—Our immigration law should be so revised and enforced as to exclude from our shores all paupers and criminals and all persons suffering from contagious or other diseases, who are likely to become a public charge. The required time of residence for naturalization should be extended and no naturalized person should vote within one year after naturalization papers are issued.

It Should be in Every House. J. B. Wilson, 371 Clay St., Sharsburg, Pa., says he will be without Dr. King's New Discovery for consumption, cough and cold, that it cured his wife who was threatened with pneumonia after an attack of "La Grippe," when various other remedies and several physicians had done her no good. Robert Barber, Cookport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for lung trouble. Nothing like it. Try it. Free trial bottles at Rogers Bros. drug store. Large bottles 50c and \$1.

Kidney Disease. It is the cause of no end of suffering. A safe and certain remedy is DR. HENLEY'S Oregon Kidney Tea. It can do you no harm. It may do you much good. Here is the testimony of one sufferer who has been made "a new man."

I had been troubled many years with disease of the kidneys when my wife and I were sent to Dr. Henley with the Oregon Kidney Tea to my hotel. It had an almost miraculous effect and in a few days I was a new man. G. A. FIPPIN, Proprietor Occidental Hotel, Astoria, Ore., Cal.

It has cured thousands; why not you? Your doctor may be too late. Your druggist will tell you about it. Ask him.
