The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to curre that is estages and that is estages. A large manufacturer, whose affairs were very much embarrassed, and who was overworked and broken down with nervous exhaustion, went to a celebrat of specialist. He was told that the only thing needed was to be relieved of system, thereby destroying the foundation and assisting nature in doing its work. The proprietors have so much faits in curre.
