A Little Girl's Experience in a Lighthouse Mr. and Mrs. Loren Trescott are the keepers of the government lighthouse at Sand Beach, Mich., and are blest with a daughter, four years old. Last April she was taken down with mea-sles, followed with a dreadful cough home and at Detroit treated her, but in vain; she grew worse rapidly, until she was a mere "handful of bones."—Then she tried Dr. King's New Discovery and after the use of two and a half bot-tles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you can get a trial bottle free at Rogers Bros. drugstore. 6
