There was a little gold excitement on the streets Tuesday afternoon, as several fair specimens were picked up among the crushed rock just brought in from the hills. Old miners and experts differed as to the nature and value of the rock, but all conceded there is no earth in this vicinity to lose any sleep over.

At the passenger depot the Southern Pacific is erecting what is called a semaphore. This located on the east side of the track and will be used for displaying signals. During the day time different colored "paddles" will be displayed. The white one when slightly tilted the engineer that the track is clear, while the red one warns him to stop his train. At night colored lanterns will be exhibited.

One of the most delightful social events of the season was a parlor meeting at the residence of Mrs. W. A. Henderson, one day recently. It being the largest for the regular meeting of the W. C. T. U., it was decided to hold one of this kind as it is a new department of the work. The general hostess was appointed state superintendent at their last convention and the grace and dignity with which she presided at the first local meeting she was given credit for so honorable a position. Members of the union and several invited guests were present. A short program suitable to the occasion was given, after which ice cream and cake was served and each one went away feeling it was good to have been there.

Killed by a Falling Tree.

Alba Emurick, a young man about 20 years of age, was killed while at work in a logging camp about a half mile west of Fairdale, Tuesday between two and three o'clock. The particulars of his sad death are about as follows: He was working with Fred Remiers in the logging camp and was falling trees. He had just finished chopping a tree down, when, as it fell struck another tree when near the ground, which flew up and struck him on the breast just over the heart. He uttered but two words, which were, "I'm killed," and closed his eyes in death. Fred Remiers was standing near and saw the stick strike him, and rushed to his assistance just in time to hear his dying words. Mr. Remiers called to some men working near, who went up and helped carry the unfortunate young man to the residence of Mr. Kelo, where he was boarding. Mr. Emurick was well known in that vicinity, having lived there about three years. He has no relatives on this coast, his parents living in Kansas. Mr. Alexander, who came to this coast with him was notified, and went to McMinville and telegraphed to his mother in Wednesday. The funeral took place Thursday at 10 o'clock.—N. YAMHILL LEADER.

DISPATCH.

MASONIC PICNIC.

A Large Crowd and Fine Weather Make a Good Picnic.

Last Friday, being the 24th of June, which is a red letter day on their calendar, the Masonic fraternity met in a beautiful grove at Lafayette to have a picnic. A programme of exercises had been arranged, which included an address by J. R. N. Bell, of Independence, vocal music and music by the McMinville band. The subject of the address was a surprise to the order and was no less enjoyed by those not members of the fraternity. The speaker after short introductory, proceeded to confer the degrees of the mystic order upon all present, explaining the meaning and signification of each degree as he went along. In this respect the address was unique, and instructions were given "according to Hoyle," that were not recognized by some of the brethren present. The singing by the Lafayette choir was superb, as it always is, and the three or four selections rendered received their meed of praise. The performance of the band were favorably commented upon, and in fact all things worked together in harmony to make every body happy. After a basket dinner the congregation was called together again to listen to short talks by Revs. Hoberg and Knowles, and a poem by Rev. C. C. Poling.

The festivities of the day closed with a ball game between the Lafayette and Independence teams, which, owing to the fact that several "imported" players were with the former team, resulted in a very one-sided, and consequently uninteresting game.

DIED.

TAYLOR—At his home in Dayton, June 24, 1892, Christopher Taylor, aged about 70 years.

About four years ago he was paralyzed on the left side, which laid him for several months, and about a year and a half ago he received another stroke on the right side, from which he did not recover, although able to ride about. For the last four or five months he has been confined to the house, and continually growing weaker, until, having lived the allotted three score years and ten, he was called to lay down his life. The funeral services were conducted by the Grand Lodge A. F. and A. M., there being a large number of the fraternity present, besides many of his old friends and acquaintances.

General Taylor was born in Germany, Ohio, Sept. 18, 1822. At the age of twenty-five he started for the Pacific coast in company with General Palmer arriving at their destination in the fall of 1847. When the Cayuse war broke out he tendered his services and served through the exciting Indian troubles of that period in the commissary department. After the war he was clerk for Mr. Pettigrove, who then owned the only store in the Knights Templar of the gold excitement took him to California, but the next year he returned and settled down in Dayton, when he began general merchandising, which he carried on successfully, retiring with a competency about fourteen years ago. On December 31st, 1850, he was married to Miss Sarah A. Williams, who, with their only child, Ella E., now Mrs. G. E. Detmering, survive him. In the organization of the Oregon state militia, he has borne an important part. On August 25, 1864, he was general commissary assistant adjutant general, with the rank of colonel on the staff of Major General Palmer, and on May 24, 1883, he received at the hands of Governor Moody the commission of major-general of the state militia. In the Masonic order he has received the highest honors that can be given on the Pacific coast. His fraternal career began in 1848, when he joined the Knights Templar of the first Mason made on the coast. This lodge, Multnomah No. 1, was then the only one west of the Rocky mountains, and its charter came from the Grand Lodge of Missouri. From his initiation he took an active interest in Masonry and the many Masonic titles which has been conferred upon him, shows the estimation in which he was held by his brothers of the mystic tie. He was Past R. E. Grand commander of the Grand commandery of the Knights Templar of Oregon; Past Grand Master of the Grand Council of Royal and Select Masters of Oregon; Past President of the order of High Priesthood of Oregon; Vice President for Oregon of the Masonic Veteran Association of the Pacific coast; Past Grand Master of Grand Lodge A. F. & A. M. of Oregon; Grand Treasurer of the Grand Chapter of Oregon; Honorary Inspector general of the supreme council of the Thirty-third Degree, Southern Jurisdiction of the United States. He had taken every degree in both branches of Masonry, York and Scottish. He was an honorary member of various lodges throughout the state, and a member of Alkater Temple, A. A. O. N. M. S. of Portland. Something over a year ago the name of the chapter in this city was changed to Taylor in his honor. With all, he was very modest and could not be induced to give any facts about himself for publication.

CROP-WEATHER BULLETIN.

For Week Ending Saturday, June 28, 1892. U. S. Signal Service.

WESTERN OREGON.

Tuesday, the 21st, was cool and showery, and from Wednesday the temperature has risen until Sunday and Monday, the 26th and 27th, when 90 degrees or more were recorded throughout this section, except on the immediate coast. This is the warmest weather so far this year. The sky has been cloudless and the winds have been northerly.

Grain has grown and filled very well except in parts of Josephine and Jackson counties, where it has been burnt. Along the coast and in Douglas county and throughout the Willamette valley the grain is doing very well, though it is not so good as last year. The ground is becoming very dry and hard, and all vegetation would be benefited by rains.

Potatoes are doing very well, and promise a good yield. Strawberries are not so plentiful now as one week ago, they are going out of season. Cherries are ripe; they are of good quality, but not an average in quantity. Hops are present, but are yet rather dormant. It is hoped that the present warm weather may decrease them.

Haying is being finished, the weather being very favorable to that operation. The fruit prospects are no better as for quantity, but the quality promises to be above the average.

SHOWERS FELL ON THE 22ND AND FROSTS OF VARYING INTENSITIES OCCURRED ON THE MORNINGS OF THE 21ST AND 23RD IN COUNTIES EAST AND SOUTH OF THE BLUE MOUNTAINS, WHICH INJURED VINES AND TENDER VEGETATION TO SOME EXTENT. SINCE THE 24TH THE TEMPERATURE HAS BEEN RISING UNTIL SUNDAY AND MONDAY, WHEN IT WAS IN EXCESS OF 85 DEGREES IN ALMOST EVERY SECTION. THE WINDS HAVE BEEN FROM THE NORTH AND THE AIR IS VERY DRY. THE CROP CONDITIONS HAVE NOT IMPROVED ANY. THERE IS AND THERE MUST BE A GLOOMY OUTLOOK FOR THE GRAIN CROP. IN THE CENTRAL PART OF GILLIAM COUNTY, THE EASTERN PORTION OF UMATILLA AND GENERALLY THROUGH UNION AND WALLOWA COUNTIES THE GRAIN CROP IS GOOD, BUT IN THE OTHER PORTIONS OF THIS SECTION THE GRAIN IS BURNT; FARMERS ARE DISCOURAGED AND SOME WILL NOT EVEN OBTAIN THEIR SEED.

The weather has been cool for corn, but the late warm weather may give it more growth. Twenty-four hours of good rain fall would revive much of the damaged wheat. Barley and rye are doing better. Rye will soon be ready to cut. Strawberries are ripening in Grant and other interior counties, where alfalfa is being cut.

Pimples.

The old idea of 40 years ago was that facial eruptions were due to a "blood humor," for which they gave potash. Thus all the old Sarsaparilla contain potash, a most objectionable and drastic mineral, that instead of decreasing, actually creates more eruptions. You have noticed this while taking other Sarsaparillas than Joys. It is however now known that the stomach, the blood creating power, is the seat of all vitiation or cleansing operations. A stomach clogged with indigestion or constipation, vitiates the blood, result pimples. A clean stomach and beautiful digestion purifies it and they disappear. Thus Joys Vegetable Sarsaparilla is compounded after the modern idea to regulate the bowels and stimulate the digestion. The effect is immediate and most satisfactory. A short testimonial to contrast the action of the potash Sarsaparilla and Joys's modern vegetable preparation. Mrs. C. D. Stuart, of 409 Hayes St., S. E., writes: "I have for years had indigestion. I tried a popular Sarsaparilla but it actually caused more pimples to break out on my face. Hearing that Joys's was a later preparation and acted differently, I tried it and the pimples immediately disappeared."
