Commenting upon Governor Penoyer's appointment of Hon. Jeff Myers to the position of lieutenant colonel, the Roseburg Review says: Gov. Penoyer has appointed Jeff Myers, the brave and gallant hero of several sanguinary Oregonian interviews, a colonel of the O. N. G., vice Colonel Robt. Miller. Fame has marked the Lin county statesman for her own.

The Kickapoo Indian medicine company arrived in the city Monday and is now giving nightly exhibitions in the vacant Rowland block near the railroad track. The aim of the entertainment is to advertise the medicine, but the people can not object to that from an amusement standpoint as it amuses them all. The people employed in the show are few in numbers but are good in quality. But one Indian is at the company at present as the government has called in all their wards traveling with shows.

The meetings of the W. C. T. U. heretofore mentioned, will open on Saturday, Aug. 20, at 2 p. m., with school of methods, conducted by county president, Mrs. Edwards. The object of these meetings is solely for the spread of gospel temperance and the public are cordially invited. Full program and places of meetings will be given in next issue. PRESS SECT. W. C. T. U.

Free Entertainment.

The Kickapoo Indian Medicine company will locate their Indian village at McMinnville, commencing Monday, August 18th. Their program is strictly moral and instructive, consisting of vocal and instrumental music, songs, dances and funny sayings, Irish, Dutch and black face specialties, contortion acts, Spanish ring exercises, feats in sleight of hand, funny, laughable and side splitting farces by black faced comedians. Dr. Leon Smith will deliver a lecture and explain the medicinal virtues of the Kickapoo Indian remedies. The doctor will also extract teeth free of charge.

Notice to Patrons.

Having sold my business to Wm. F. Dielschneider, I request that all patrons of mine continue to give their business to my successor. I can recommend him as thoroughly able to do all work in his line satisfactorily and in a perfect mechanical way. WM. HOLLS.

Some First Things in Oregon.

George Winslow was the first colored man to reach Oregon. He came from California in 1834 with Ewing Young. In 1840 the ship Albatross, from Boston, entered the Columbia river and sailed up as high as Oak Point, where the captain erected a house, after having cleared the land. So far as any record goes, this was the first house built in Oregon. Lee Parker and Whitman were the first missionaries. They came in answer to a call from the Indians made in 1832. The first printing press received in Oregon came as a donation from the American board of foreign missions in the Sandwich Islands to the mission of the board of Oregon. It reached its destination at Lapwai and was put in operation by E. O. Hall, who printed books in the Nez Perce language. Both Mr. Spaulding and Mr. Rodgers soon learned to set type. This was in 1839 and this same press is now at the state house in Salem.

A New Road.

Capt. Wyatt Harris and J. C. Cooper started Wednesday for the mountains. They are loaded down with surveying instruments and barometers and will view out a road from this city to the settlements on the Nestucca. This road would be of vast commercial advantage to McMinnville as well as a great benefit to the settlers on the east slope of the Coast range as it would be the most direct route to the coast. The intention is to follow up Baker creek to the summit and then go down the Big Nestucca. The route will save from 20 to 30 miles to the coast. If a practical route can be found a company will probably be organized to build the road.

Probate.

The business transacted in the probate court since our last report is as follows:

Estate of W. E. Colby, inventory appraised and petition to set apart exempt property to widow granted.

Estate of Elizabeth Sale; Sale of real estate confirmed. Administrator authorized to execute deed.

Estate of Robt. Stewart; Petition to appoint J. N. Kelly special administrator until such time as permanent executor be appointed, granted.

Petition of Moses and Annie Votaw for the adoption of Francis Stewart, a minor, granted. Ordered that name be changed to Francis E. Votaw.

The First Wagon.

It was in 1846 that the first wagon was wending its weary way across the desert wastes and mountain fastnesses toward the land of the setting sun. Dr. Marcus Whitman was bringing it and many hardships were endured on the way. At Fort Hall 1836 the rear wheels were taken off and with the axle tied onto the front wheels, when the outfit proceeded as a cart. After Snake River it was again taken off and the wagon could be taken no farther and it was consequently left at a point near where Boise City now stands.

CROP-WEATHER BULLETIN.

For Week Ending Tuesday, August 9, 1902. U. S. Signal Service.

WESTERN OREGON.

The temperature during the past week has been about normal, the extremes ranging between 46 and 95 degrees. Generally speaking the weather conditions have been favorable.

There has been almost an entire absence of rain.

Fall wheat threshing continues unabated. The berry is of fair quality in most sections.

Oats are doing tolerably well, though needing a little rain in some places.

Spring wheat continues to improve. Reports from Marion county indicate a yield of from 18 to 20 bushels to the acre.

Hops are blossoming and but little damage from lice is reported so far.

Haymaking is progressing nicely. Timothy and clover varieties are yielding largely, and stock is in an excellent condition.

Corn and melons are ripening fast and being shipped to the markets in goodly quantities.

The onion crop in Washington county will be far short of the average.

In Douglas county blackberries are so plentiful that large quantities are drying up on the vine for want of pickers.

Gardens in general are a bit late, in some localities peaches are almost ripe.

EASTERN OREGON.

There has been no rain during the week except a few local showers in portions of Baker and Union counties.

The temperature has been about normal; the extremes ranging from 36 to 105 degrees. Hot winds are reported from stations in the northeastern portion.

Wheat is being harvested steadily and will be a fairly good crop except in some portions of the northeastern counties.

Spring wheat has not improved any since last report; but continues to suffer from drought to some extent.

Oats are doing well enough. Corn would be improved somewhat by a little rain.

The fruit crop will be light in most sections owing to early frosts.

Crops in Gilliam county have almost perished from the effects of the hot winds and the potato crop is said to be a total failure.

The weather conditions that have been obtained during the past seven days have been as a rule, favorable to vegetation in nearly all sections of the state and were all that could be desired for harvesting purposes.

Camp Jones, Aug. 7th.

The height of the season has been reached at Camp Jones this week.

S. Wm. Millsap found a bee tree in the midst of the camp and the mill hands kindly agreed to cut it, so all had quite a jubilee on Monday evening.

A platform has been built and the young people indulge in dancing until a late hour. The music consists of a banjo and mouth organ. On Saturday afternoon Mrs. Potter gave a quilting and invited all the ladies in camp.

Raspberries and cream were served and all had a delightful time.

Sam Hibbs is the "timid man" around camp. He is very kind to the "foreign wildies" who have left their mon at home.

Henry Gilliam came near meeting with a severe accident Friday. An ax in the hands of another workman slipped and struck him in the face, cutting his upper lip severely. The ax glanced on the saw or it would have killed him instantly. His collar was cut in two. One of the mill hands sewed up his lip.

Prof. Peebles and family expect to leave for home this week, much to the regret of the young people, as no one can take his place on the dancing platform.

Every one up here is enjoying the delightful weather and good water and can not realize that it is so warm in the valley. Mrs. John Wortman and Mrs. Wm. Henderson expect to stay until the 1st of September.

Notice to Water Consumers.

The use of water for sprinkling and lawn purposes is prohibited by City ordinance No. 91, after 9 p. m. and the consumers who continue to allow the water to run after said time will have it turned off and the sum of \$1 will be charged for turning on again with future strict compliance to the law promised.

F. E. GRIFFITH, Supt.

I wish to announce that I have purchased the jewelry business of Wm. Holl and am prepared to do all classes of modern jewelry work on short notice. Engraving of monograms, etc., a specialty. A new, neat case will soon be opened and patrons and friends are requested to call.
