

POSTOFFICE HOURS. From 7 a. m. to 7 p. m. From 7:30 p. m. to 8:30 p. m. Money order hours from 7 a. m. to 6 p. m. Sunday from 12 m. to 1 p. m. Mail south closes at 9:30 a. m. Mail north closes at 2:30 p. m. Train closes evening before at 9 p. m. Sheridan and southern Tillamook mail closes at 11 a. m.

CHURCH NOTICES.

METHODIST EPISCOPAL CHURCH—Services every Sabbath at 11 a. m. and 7:30 p. m. Praver meeting Thursday evening at 7:30. Rev. J. T. Abbott, Pastor. PRESBYTERIAN CHURCH—Services every Sabbath at 11 a. m. and 7:30 p. m. Praver meeting Thursday evening at 7:30. Rev. W. L. Knowles, Pastor. BAPTIST CHURCH—Services every Sabbath at 11 a. m. and 7:30 p. m. Praver meeting Thursday evening at 7:30. Rev. R. McKillop, Pastor.

McMinnville Grange, No. 31, of P. H., meet in their hall the first and third Saturday of each month at 10 a. m. Visitors cordially invited. Mrs. M. E. K. K. Secretary.

Cluster Post No. 9 meets the second and fourth Saturday of each month at G. R. hall in Wright's building at 7:30 p. m. All members of the Order are cordially invited to attend our meetings. W. L. Knowles, Post Commander. E. F. Clipse, Adjutant.

Local and General.

A. M. Peery, of Dayton, was in the city Tuesday. W. T. Vinton has moved into the Coulter residence. The tin roof on the Manning block is now being put on.

Mr. and Mrs. J. G. Wright, of Salem, spent Sunday in this city. Mrs. McKillop returned from California last Saturday evening. Miss Ethel Ballinger returned from Port Townsend last Saturday.

The city is livelier at the present time than it has ever been before. E. N. Ford and family returned from Big Creek, Yaquina bay, on Monday. Capt. Wyatt Harris, of the weather bureau, has erected a large signal pole in his yard.

Judge W. M. Ramsey has returned from the session of circuit court held in Tillamook county. Miss Bena Snelling is employed in the real estate office of Avery, Churchill & Co., Portland.

Will Houck has his arm in a sling, the result of a scuffle with the miller at the McMinnville Mills. Geo. Westfield is running a dairy and in all probability will put in a milk wagon before winter.

The full report of the Sullivan, Corbett battle by rounds will be bulletined at Wm. Martin's billiard parlor. The front of the Manning block had been torn down and rebuilt owing to the settling of the large central pier.

Geo. W. Bart, formerly of this city but now of San Francisco, is visiting friends in this city. He will remain here for several days. Last night at 12 o'clock the Chinese pheasant was exploded and now the hunters will not have to carry them through town in a sack.

Buckingham's Dye for the Whiskers is the best, handiest, surest, cleanest, most economical and satisfactory dye ever invented. It is the gentleman's favorite. Already 50,000 bushels of wheat has been received at the Kratz & Kiernan warehouses in this city and it is coming in now at the rate of 2000 bushels per day.

The new pastor of the M. E. church, Rev. S. E. Meminger, will fill the pulpit Sunday morning and evening. He will also preach at McCabe chapel at 3 o'clock in the afternoon. Two of our prominent bachelors, the initials of whose names are John W. Cook and Byron Millsap have postponed their marriage to a time in the future when there will be a double wedding. The date is not settled upon.

Many people, not aware of the dangers of constipation, neglect the proper remedy till the habit becomes chronic, or inflammation or stoppage results. A dose or two of Ayer's Pills in the beginning would have prevented all this. Mrs. M. Matthius is at the residence of Mrs. Parker suffering with a sprained ankle, the result of a slip on the rocks while at the coast. Mrs. M. Matthius will reside in this city during the winter occupying her house on C street.

The largest shipment of mens shoes ever received in the city reached here last week. It consisted of 45 dozen pair of the finest shoes from the best factories in the East. They are a part of the shoe stock purchased by Kay & Todd for the fall trade. Last Saturday J. H. Russell, a hop grower near North Yamhill, fell from the eaves of his hop house to a shed a distance of about 18 feet and hence to the ground in all 45 feet. He was somewhat scratched and bruised, but was in the city Tuesday all right.

One of the features of the California exhibit at the World's Fair will be a pampas palace, twenty feet square, which will be erected in the state building. The palace is the contribution of Mrs. Harriet W. B. Strong, of Whittier, Cal., who is a large grower of pampas plumes. Wm. Bray, of LaGrande, Oregon, is in the city, visiting W. E. Martin, arriving Monday evening. It will be remembered that Mr. Bray caught for the McMinnville ball team two years ago and a great share of the victories of that team were owing to his good work behind the bat. He will stay here for the week.

The Oregon conference of the M. E. church closed its annual session in Portland Tuesday morning. Among the appointments for the coming year here, goes to Albany, and Rev. S. E. Meminger, who has been the pastor at Albany for several years, comes to McMinnville.

The only radical cure for rheumatism is to eliminate from the blood the acid that causes the disease. This is thoroughly effected by the perspiring effect of Ayer's Sarsaparilla. Persist until cured. The process may be slow, but the result is sure.

STRIKEN WITH APOPLEXY.

J. E. Swanson, the grain buyer of Carlton, died of apoplexy in the office of Balfour, Guthrie & Co., Portland, at 6:45 o'clock Tuesday morning. He was talking with J. S. Paterson, one of the clerks, regarding a wheat deal, and had just made the remark that the terms offered were satisfactory, when he fell over on the floor. Medical aid was at once summoned, but Swanson was beyond their reach. Dr. J. Hunter Wells, who arrived first on the scene, saw that Swanson was dying and that nothing could be done for him. He died a few minutes later. The coroner took charge of the remains and held an inquest at 2 o'clock. Dr. Wells, who made an examination of the body, concluded that death resulted from apoplexy, and the jury returned a verdict in accordance with his affidavit. Dr. J. W. Haines, who has been Swanson's family physician, testified that he had treated him for heart trouble and indigestion nine years ago.

The deceased was a man about 40 years of age, and leaves a family. His wife was telegraphed to, and the body has been shipped to his home for burial.

Mr. Swanson was a member of Carlton Lodge, No. 88, A. O. U. W. Besides this his life was insured for \$3000, making a total life insurance of \$5000. The funeral will be held today at 10 a. m., under the auspices of Carlton lodge.

Nov For Artesian Water. W. W. Harvey of this city has constructed the St. John blacksmith shop, a peculiar piece of machinery that he calls an hydraulic well drill. It can be seen in operation at the residence of Mr. Tyler, on third street, where Mr. Harvey is drilling a well. He intends to go to the gravel and get a supply of good water. The machine can bore a hole 1000 feet in depth and easily demonstrate whether or not this is an artesian country. Well experts contend that it is, although no boring of that depth has been made in this immediate vicinity. Mr. Harvey thinks that it is and states that the cost of a hole 500 feet in depth would be in the neighborhood of \$450. Artesian water would be a great benefit to this country. In Dakota artesian wells with 200 pounds pressure to the square inch have been opened up and immense mills are being run by the power thus furnished.

A Few Things Worth Knowing. The best way to keep your credit good is by not using it too indiscriminately. Flour declined to \$1.05 per sack last April or May, still many have paid \$1.10 ever since, because of a lack of knowledge where to go.

A thing to remember; September is the month to pay bills whether you receive dues or not. The best time to pay bills is when you have the money. Never put this off until those you owe have to employ an attorney to assist you in raising the money. It is dangerous business. The Kickapoos have come and gone. Their greatest success was in relieving people of their dimes.

A. J. APPERSON. Quick Communication. Owing to the completion of the telephone lines on the west side and their connection with the east side lines, McMinnville is now able to communicate with Beaverton, Hillsboro, Forest Grove, North Yamhill, Astoria, Independence, Corvallis, Portland, Oregon City, Salem and Monmouth. Albany is not on the line owing to the lack of progress in the council of that city. They would not allow the poles and wires to be erected in the streets. Moss must be especially embarrassing to that peaceful hamlet on the banks of the Calappa.

W. R. Johnson and M. Messinger brought to this city Sunday a negro who has been roaming around the country acting in a strange manner. His greatest fun was to scare women out of their wits. Monday he was examined by Dr. J. H. Baker and pronounced insane. He gave his name as John A. Thompson and could not tell anything about himself. He was taken to the asylum Monday afternoon. This negro is probably the wild man of the Eagle mills, about whom there has been so much said.

The trout pond at the Meadows, is a settled fact as the proprietor Mr. R. B. Hibbs has let the contract for the dam to Mr. Lawrence of this city. The dam will be made of heavy timbers and will be backed by rock. By this dam at the narrow gorge at the lower end of the Meadows about 200 acres will be covered to a depth of 18 feet with water, making one of the prettiest lakes in the state. The Meadows is destined to be one of the prominent pleasure resorts of the state.

The board of commissioners for the sale of the state lands is now having and has always had a great deal of trouble by reason of the work of unscrupulous attorneys throughout the state who represent themselves to the prospective land buyers and home seekers as agents for the board. This board has no agents, and the persons so representing themselves are unworthy of confidence.

The Sullivan-Corbett fight at New Orleans on the 7th of September, is creating a great amount of interest, and W. E. Martin, being up to the times, will receive a report of the fight by rounds in his billiard parlors on the evening of the 7th. All interested should be there as the report will come direct from the scene of the battle.

Strong Witnesses. Among the thousands of testimonials of cures by Dr. Miles' New Heart Cure, is that of Nathan Allison, a well-known citizen of Glen Rock, Pa., who for years had shortness of breath, sleeplessness, pain in left side, shoulders, smothering spells, etc.; one bottle of Dr. Miles' New Heart Cure and one box of Nerve and Liver Pills, cured him. Peter Jaquet, Salem, N. J., is another witness, who for twenty years suffered with heart disease, was pronounced incurable by physicians, death stared him in the face, could not lie down for fear of smothering to death. Immediately after using the New Heart Cure he felt better and could lie down and sleep all night and is now a well man. The New Heart Cure is sold, also free book, by Rogers Bros.

THE HOP INDUSTRY.

Yamhill county producing the largest quantity of hops. In the last few years numerous hop yards have been put out in this county. They comprise yards of from 5 to 20 acres and the average citizen does not comprehend the magnitude of the industry. North Yamhill seems to be the center of the largest acreage and the people of that section are becoming prosperous through it. Our attention was called to the matter by a request from North Yamhill to one of our local banks for \$10,000 for the payment of the hop pickers for this season. The distribution of \$10,000 amongst such a number of people as is required in hop picking means universal prosperity for the section in which it is distributed. Looking the matter up we find that the hardware firms of this city have worked up 5 tons of sheet iron into pipe for the new hop houses. Some 24 stoves for drying hops have been sold by the firms in this city and probably before the season over 7 tons of iron pipe will be sold. This is quite a revenue to this city but a greater one could be had if more encouragement was given to men of small capital by cutting up and placing on the market the large farms that act as a barricade about the place; keeping out every business that requires a small amount of land. The Braly, Baker, Malone, Hibbs, Stout, and McDaniel ranches fit up and sold would easily support a population of 1500 people as these farms comprise some 2000 acres. Cut up into 10 acre tracts and planted to hops with the care that could be given to such a small holding the amount of money that would be brought into the country is almost beyond comprehension. The average production of hops per acre this year is estimated at 200 pounds and the price offered is 38 cents per pound at the present time. The total amount of hops produced in a normal year would not be less than 6,000,000 pounds and the money paid for the same would be \$2,280,000.

Farmers' Institute. The agricultural college proposes to hold an institute on the state fair grounds during the fair on the evenings of September 13, 14, 15 and 16. One evening is to be devoted to agricultural topics; one to horticultural and kindred subjects; one on dairying; one to hop-growing, discussions of curing, hop-lice, etc., and probably an afternoon or evening will be given to wool-growers, who meet during the state fair. It is hoped that all will unite in making the institute successful.

Professor H. T. French, of Corvallis, has charge of the agricultural evening. Mr. C. H. Schmidt, with C. G. Whick, of Portland, has charge of the evening on dairying. Any communications regarding the hop-growers' meeting may be sent to F. L. Washburn, Corvallis; T. D. Linton, Eugene, or A. E. Muleke, Aurora mills. Communications regarding the horticultural evening may be sent to G. I. Sargent, Portland; Dr. Carlwell, Portland; F. L. Washburn, Corvallis, or Mr. Hoskins, Newberg. Hon. John Minto, of Salem, is president of the wool-growers' association.

The directors have been considering the advisability of not opening school until the 12th of September, owing to the hot weather. As the hot spell seems to be over, the public schools will open on Monday next and it is desired that parents will send every child to the school on that day in order to properly classify them. Doing this will save the teachers considerable trouble.

How This Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. Cheney for the last 15 years, and believe his best remedy. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Rogers Bros.

Edward Rogers to A. M. Miles, free pt lot 2, blk 3, Edwards add to Newberg; \$600. Fred R. Rogers to A. M. Miles, 9 lots, blk 39, Edwards add to Newberg; \$800. Yamhill Land Co to O. V. Allen, blk 1 and 15 lots, Maple Park add to Lafayette; \$1250.

Reed, 4 acres, pt Wm Hall d 1 e, 1.3, r 5 w; \$5.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became a Woman, she clung to Castoria. When she had Children, she gave them Castoria.

A Wonderful Cave. A recent visitor to the petrified moss cave on Lake Pend d'Oreille thus describes it: The entrance was not more than 50 yards from the lake, though at an elevation of about 100 feet above it in the side of a cliff which rose abruptly to the height of about 2000 feet. The passage to the natural curiosities was through the roots of huge cedar trees. After entering the cave and lighting our tapers we were struck with admiration at the wonderful formations which the lime water trickling from the roof through countless ages had effected. Pools of ice cold water impregnated with lime lay at our feet in basins, caused by the continual drippings from above, and surrounded by moss which had been petrified by the properties of the water.

Strength and Health. If you are not feeling strong and healthy, try Electric Bitters. If "La Grippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on Liver, Stomach and Kidneys, gently aiding those organs to perform their functions. If you are afflicted with Sick Headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. Large bottles only 50c. at Rogers Bros. drug store.

FOR ASSAULT AND BATTERY.

John W. Eves Arrested on Complaint of His Wife. Saturday the Sheriff of this county received a letter from Lydia A. Eves, of near Wheatland, describing the cruelty of her husband, and requesting that the Sheriff come to her assistance. In the letter she recounts several gross indignities and assaults one of which resulted in the death of an unborn babe from the effects of which she has not yet recovered. Tuesday Mrs. Eves appeared before Justice Rhodes and swore out a warrant charging her husband with assault and battery. The sheriff learned that he was in Salem and telegraphed to have him arrested. This was done and Tuesday he arrived here in charge of Mr. Gates who had taken the crazy negro to Salem the day before.

The examination of Eves was set for 2 p. m. Wednesday, but owing to the witnesses not arriving in time it was postponed till Saturday at 10 a. m.

A Remarkable Relic. The Salem Journal says that at the market of Davidson & White, 94 Court street, can be seen one of the most wonderful curiosities of modern times; along with their collection of pet owls, mountain pheasants, rabbits pigeons, etc., it forms quite a museum. The latest curiosity is an old knife, probably lost by some trapper in the times of the Hudson Bay company, which is grown into a solid oak root. The tree was about four feet in diameter and was cut by Ashley White, of the firm, on his farm in Polk county. The knife is about seven inches long, has two blades and is enveloped in a solid root, with each blade protruding slightly. It is impossible to tell how long it may have been since lost by its owner, but good judges say not less than a hundred years. It was found in this root fully fifteen inches below the ground's surface and was evidently carried down by the growth of the root.

Newspapers Endorse. "Educators are certainly the greatest benefactors of the race, and after reading Dr. Franklin Miles' popular works, cannot help declaring him to be among the most entertaining and educating authors."—New York Daily. He is not a stranger to our readers, as his advertisements appear in our columns in every issue, calling attention to the fact that his elegant work on Nervous and Heart Diseases is distributed free by our enterprising druggists, Rogers Bros. Trial bottles of Dr. Miles' Nerve and Liver Pills, also book of testimonials showing that it is unequalled for nervous prostration, headache, poor memory, dizziness, sleeplessness, neuralgia, hysteria, fits, epilepsy.

Goats and Hop Vines. A story comes to us from the Sheridan Star that in some of the hop yards the owners turned their sheep in to eat the sprouts and leaves from the hop vines near the ground, and thereby destroy the rooting place of the festive hop house, and allow the nourishment from the roots to go up into the upper leaves and hops. A farmer on Salt creek heard of the experiment, and having no sheep, he turned his band of goats into his hop yard, but "Oh! what a difference in the morning," he was wild with rage and astonishment to find that every dod-gasted goat had climbed the poles and eaten every vestige of the hops vines and all. He swears that he'll kill every—n goat on the place. He says goats are good for oak grub, but not good for hops.

The Best Salve in the World for Cuts, Burns, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all Skin Eruptions, and positively cures Piles or no matter how long they have existed. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Rogers Bros.

CROP-WEATHER BULLETIN.

For Week Ending Tuesday, Aug. 30 1892. U. S. Signal Service. WESTERN OREGON. For threshing and other farm work the weather condition during the past week has been all that could be desired, but on the other hand the partial drought of the past month is beginning to tell on crops still in the ground, besides drying up the pastures. The temperature has been about the average, some ranging from 45 to 97 degrees. There has been plenty of sunshine. The winds have been so light that smoke from forest fires, burning of slash and other causes, has accumulated to such an extent as to almost obscure the heaven. A good rain that would wash away all these impurities floating in the air would be very welcome just at present. Fall grain has all been threshed by this time, the machines are now idle and waiting for the spring grain, which will soon be cut.

The hop crop in some of the counties west of the Cascades will turn out much better than it did last year; reports from Benton county indicate a short crop, but of excellent quality. Corn has not improved any the past week, nights being too cool and the days too warm and then the absence of rain has had its effect. Fruit on the trees and on the vines has shown considerable improvement and is ripening rapidly. The tomato crop in portions of Benton county is very promising.

EASTERN OREGON. With the exception of a very light shower in the northern portion of Umatilla county on Wednesday last, there has been no rainfall in this section. The temperature has been about normal for this time of year, the extremes ranging from 41 to 85 degrees. Of sunshine there was plenty during the week. In short, the weather has been very propitious to farm operations and no immediate nor decided change in the present conditions is desired by the farmers of eastern Oregon.

This year is said to be the best in a long time for the burning of slash and lands, which is being vigorously pushed and as a result, a mantle of dense smoke now covers the whole section. Threshing operations are now in full blast in most counties. In Grant county the prospects for wheat are said to be good, while in Baker county wheat is turning out from 20 to 45 bushels to the acre.

The general tone of the reports concerning the wheat crop is more cheering. What little hay yet remains to be cut is being harvested with great activity, the weather being exceptionally fine.

Very little change is noted in the condition of fruit as compared with last week. In some counties it is said to be looking well. Corn could yet be improved some by a timely rain; but not so with potatoes, which are rapidly drying up.

B. S. PAGE, Observer. A Little Girl's Experience in a Lighthouse. Mr. and Mrs. Loren Trescott are the keepers of the government lighthouse at Sand Beach, Mich., and are blessed with a daughter, four years old. Last April she was taken down with measles, followed with a dreadful cough and turning into a fever. Doctors at home and at Detroit treated her, but in vain; she grew worse rapidly, until she was a mere handful of bones. Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you can get a trial bottle free at Rogers Bros. drugstore.

Before Starting on a Journey. A person usually desires to gain some information as to the most desirable route to take, and will purchase tickets via the one that will afford him the quickest and best service. Before starting on a trip to Chicago or any point east, you should provide yourself with a map and time table of the Wisconsin Central lines. The trains run on this route are vestibuled and are equipped with Pullman's latest Drawing Room Sleepers, elegant Day Coaches and dining cars of latest design, built expressly for this service, and are exquisite in furnishings and convenient and comfortable in every detail that they have no superior in comfort and elegance. The Dining car service is pronounced by all the most elegant ever inaugurated, and is operated in the interest of its patrons. Fast trains via the Wisconsin Central Lines leave Minneapolis daily at 12:45 p. m. and 6:25 p. m., and St. Paul at 1:30 and 7:15 p. m., making favorable connection with all trains from the west and southwest.

For tickets, time tables, berth reservations, etc., apply to G. E. McNeill, C. P. & T. A., Minneapolis, Minn., or Jas. C. Pond, G. P. & T. A., Chicago, Ill.

Marriage Licenses. The clerk has issued license to wed to the following persons during the past week. Elva Stevens, aged 19; Walter S. Mills, aged 23. Myrtle Johnson, aged 20; W. J. Webster, aged 24. Clara Green, aged 16; Ed Benton, 20. Pauline Layman, aged 32; Peter Schate, aged 64. Kate Crimmins, aged 29; Eric Erickson, aged 32. Ross B. Atkins, aged 17; B. H. Stark, aged 20.

Miles' Nerve and Liver Pills. Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' Pills speedily cure biliousness, indigestion, torpid liver, piles, constipation. Unequaled for men, women, and children. Smallest, mildest, surest! 50 doses, 25 cents. Samples free at Rogers Bros.

Women. The common afflictions of women are sick-headaches, indigestion and nervous troubles. They arise largely from stomach disorders. As Joy's Vegetable Sarsaparilla is the only tonic requiring preparation, you can see why it is more effective than any other Sarsaparilla in those troubles. It is daily relieving hundreds. The action is mild, direct and effective. We have scores of letters from grateful women.

We refer to a few: Nervous debility, Mrs. J. Barron, 147 7th St., S. F. Nervous debility, Mrs. Fred. Loy, 527 Ellis St., S. F. General debility, Mrs. Belden, 510 Mason St., S. F. Nervous debility, Mrs. J. Lamphere, 750 Park St., S. F. Nervous debility, Mrs. E. Rosenblum, 222 17th St., S. F. Stomach troubles, Mrs. E. I. Wheaton, 704 Post St., S. F. Sick headaches, Mrs. M. E. Price, 16 Prospect Place, S. F. Sick headaches, Mrs. M. Fowler, 27 Ellis St., S. F. Indigestion, Mrs. C. D. Stuart, 1224 Mission St., S. F. Constipation, Mrs. C. Melvin, 126 Kearny St., S. F.

Most modern, most effective, largest bottle. Same price, \$1.00 or 6 for \$5.00. SOLD BY ROGERS BROS.

SCHOOL BOOKS.

The Fall Term of School opens September 5th. Those in need of School Books should buy them early

We have a large and well selected stock of Pencils, Tablets, Rules, Slates, etc., etc. In fact everything necessary for a complete school outfit

AT LOWEST PRICES. ROGERS BROS' PHARMACY.

Monday, Sept. 5th

Our New Goods will be Open and Ready for The Trade. THEY ARE SHOWING UP VERY FINE!

Our Cloaks and Winter Wraps come direct from the manufacturers in Chicago. Everything in this line will be new and fresh.

It has been our aim and effort to purchase good Serviceable Goods; those that will give customers the most service for their money.

We don't believe in sacrificing everything for cheapness; hence don't buy nor sell the auction goods, if we know it.

But we do claim to lead all competitors in low prices, here or elsewhere, who carry the same quality of goods.

This season as an inducement for people to buy for cash we shall, on all but a few staple goods, give ten per cent. off to cash buyers.

This we find is absolutely necessary in order for us to meet the changed conditions and demands of our wholesale houses.

A. J. APPERSON.

AT THE MODEL GROCERY

You will find a Complete line of Fancy and Staple Groceries, Teas, Coffees and Spices, Melons, Fruits and Vegetables, Crockery, Glass and Stoneware.

REMEMBER OUR BLENDED COFFEE IS THE VERY BEST Highest market price paid for produce, either in cash or merchandise.

Goods delivered promptly to any part of the city free. Orders given the driver will receive prompt attention.

J. H. HENDERSON, Union Block, McMinnville.

Warehouse Receipts

Can be had in quantity on short notice at this office.
