well be. There is a certain freshness and sweetness and evanescence about rule, even among young girls, but these them like the charm of flowers, but- variants as a rule are neither under terflies and birds, and besides this a stood nor admired in their own me graciousness and attractiveness like that ridian; what is spontaneous independ one feels in all frisky, confiding, fond ence of thought in an American girl is young creatures like kittens and lambs set down as suspicious eccentricity in and suchlike helpless, frolicsome and an English girl, and in fact the latter never can possess that charm of uncontrustful creatures.

For myself I am devoted to girls sciousness which marks the vagaries of wherever I may be, and I have been, I our own lassies; there are too many believe, in most parts of the habitable globe. Everywhere I have found girls, much Saturday Reviewing for the Engand everywhere there have been many lish girl to step one foot outside th traits of identity and some of difference. beaten track without knowing it, while All were nice, and I do not know that if our own girls follow their impulses very I would I could tell which I like the best. much as the wind does and generally

Our own girls certainly have the most | come to as little harm. character; also, as a rule, they have the most beauty. But the question is, Are and we would not if we could change not they, so far at least as the great cities go-are not they more young women of the world than girls pur et simple? There has been a great deal said both at | seas, we come upon more girls and home and abroad upon this subject, but | thoroughly new types, and yet are not it is one that is always coming up again, prepared to set them in a place of inferiand we should not blink the di

Is the American girl not enough a girl, or is she too much of a girl?

It is certainly true that the American girl accepts, in fact assumes, responsibilities that no other girl in the world would dream of doing, and the consequence is that she sometimes appears lacking in that modest humility and did not; nobody inquired and nobody eigners, in fact, are apt to mistake her at least acquiesced without choice or calm self assertion for boldness and opinion. want of self respect, and acting upon In those days there was no such thing this mistake they sometimes meet with as a French girl, for she was repressed ican girl as a shrewd, a sharp tongued after her marriage. Robberies in Apartment Houses

Flat robberies have become fashion able. In fact, ever since the average family took to "flat living" the burglar and his associates have been at their wits' ends to know how to "burgle" premises where so many eyes and ears shafts will not some day have gone out were open. But either such tenants have entirely. It is the persons of wealth grown careless in their seeming security who do these things and it is they who or the clever thief has discovered the are finding a more satisfactory way to weak points in their armor, for a number of robberies have been attempted and carried out with more or less success. In apartment hotels, where the
