

POSTOFFICE HOURS. From 7 a. m. to 7 p. m. From 7:30 p. m. to 8:30 p. m. Money order hours from 7 a. m. to 6 p. m.

METHODIST EPISCOPAL CHURCH—Services every Sabbath at 11 a. m. and 7:30 p. m. Sunday School at 9:30 a. m. Prayers meeting Thursday evenings at 7:30.

CEMBERLAND PRESBYTERIAN CHURCH—Services every Sabbath at 11 a. m. and 7 p. m. Sunday School at 9:30 a. m. Prayers meeting Thursday evenings at 7:30.

MCMINNVILLE GRANGE, No. 31, P. of H., meets in their hall the first and third Saturdays of each month at 10 a. m. Visitors cordially invited.

Local and General. James Spencer of Clifton spent Sunday in this city, returning Monday.

A. V. R. Snyder of the Dallas Transcript, was in the city during the week. Wm. Malone, returned from Big Nestucca Sunday evening with a sick child.

W. Nicholls has eight or ten tons of salted hick straw that he wants to sell. Call and see him.

U. S. Booth has charge of the Chas. Dodd agricultural implement exhibit at the exposition. W. C. Hembree of Monmouth was in the city during the week on business.

A ladies purse containing 55 cents, has been found and owner can have same by calling on John McCullough.

Thos. Fraser a subject of Queen Victoria has taken out his final papers and is now a citizen of the United States. The work of laying the pressed brick front to the Campbell building was commenced Tuesday. It will be the best looking front in the city.

The Woodworth meetings will continue until further notice. Two sermons every day at 2:30 and 7:30, and three on Sunday at 10:30, 2:30 and 7:30.

For Sale—Twenty acres of fine land, suitable for fruit, within one-half mile of the college. Price \$150 per acre. No money wanted down. Enquire at this office.

There will be no services at the Presbyterian church next Sunday, the pastor, Rev. Wiley Knowles having gone to Sodaville to attend the meetings at that place.

The health club will meet at the residence of Mrs. Anna Todd, Friday evening, Sept. 29th, at 7 o'clock. All ladies interested cordially invited. S. N. Wright, Sec.

The dedicatory services of the M. E. church at Amity have been postponed and they will be held on October 16th. Rev. G. W. Gue, D. D., of Grace M. E. Church, Portland will deliver the dedicatory sermon.

Probably the best hop yield in Marion or Polk county was that of Putnam Bros., of Eola. Their yards embraced 25 acres and they have about 45,000 pounds of hops. They picked 600 boxes from three acres.

A dancing club has been organized in the city and dances will be given during the winter. The club will pay expenses on the subscription plan. The club is now negotiating with Mr. Campbell for the upper room in his new block.

Dr. J. H. Nelson has refitted his office and has added to the furniture a handsome dental cabinet in antique oak. All the different parts of dental surgery he has mastered and people who entrust work to him can rest assured that it will be properly executed.

Hops are now quoted at 20 cents.

J. C. Landingham, of Dolph, proprietor of the Big Nestucca toll road, is in the city.

A new electric bell has been put in at the fire department. A new alarm system should be put in.

The bailiffs appointed for the court are Chas. Berry and Ed Warren, for the grand jury Geo. Easterley.

Geo. W. Fauceit, deputy revenue collector of this district, was in the city Tuesday looking up the government's business.

Doc Wright is said to be one of the most expert pheasant shots in the county. That is providing the pheasant is in the ground.

On Friday morning at 10 o'clock Mrs. E. Smith died at Salem. Mrs. Smith was a sister of W. H. Kines and Mrs. Chas. Daniels of this city.

The first quarterly meeting of this conference year will be held at the M. E. church Sunday evening. Preaching by Rev. John Parsons. Quarterly conference 9:30 a. m. Monday.

The total number of prisoners who have been incarcerated in the Oregon state penitentiary, is 2845; the present number is 281, so that Oregon has opened the doors of her prison to 2464 ex-convicts.

All persons indebted to the undersigned, are hereby requested to call and settle before the 1st of November, as we need money and will have to put our accounts in the hands of a collector after that date. CALBREATH & GOCHER.

The Eugene city council has repealed the ordinance granting a franchise to the telephone company, composed of citizens of that place. This action will be resisted by the company on the ground that the franchise cannot be taken away.

Judge Stott, of Portland, is attorney in the Shurtliff, Arment & Ozane case against Yamhill county, and he is in the city pushing things. The firm claim that due diligence has not been used in collecting the taxes on the property found by them and they want their money.

"Tommy, how did you get the lack of your neck all sunburned?" "Puttin' seed in the garden." "But your hair is all wet, my son." "That's perspiration." "Your vest is on wrong side out, too." "Put it on that way a-purpose." "And how does it happen, Tommy, dear, that you have got Jakey Du Bois' trousers on?" (After a long pause) "Mother, I cannot tell a lie. I've been a-swimmin'."

Last Thursday the fire alarm at the city hall gave forth its alarm and the fire department turned out in force. No fire was found but it was ascertained that the alarm was caused by the bare wires being blown together by the wind. Monday night at 12 o'clock the alarm rang again and the water works responded but there was no fire and the department did not turn out. The present alarm system could be much improved.

The excursion of the members of the Sovereign Grand Lodge of Odd Fellows passed through this city last week. The affair was poorly arranged and managed as but few people in the towns along the line of the road knew of their coming. All the towns, and especially the lodges of the towns, would have been glad to receive them in proper shape had their coming been heralded as it is, they no doubt have a poor opinion of the hospitality of the West Side people.

Last Monday night B. Co. of this city started into drilling again after a rest of nearly two months. A large number of boys were out and the drill moved on as if drills had been held continually. Hon. H. S. Maloney slipped into the armory to see the boys drill and was so well pleased with their efforts that he presented the company with a box of cigars. Mr. Maloney is well acquainted with all the phases of a soldier's life as he served as a private in the volunteer service during the war and as a commissioned officer in the regular service after it, and as he expresses it there is a bond of sympathy between himself and the blue coat. The boys appreciated the box of cigars and return thanks.

BUYERS AND BUSINESS DIRECTOR. S. Howarth & Co. at the McMinnville pharmacy are closing out their stock of paints and oils at cost. Call and investigate.

Rhodes & Rhodes have money to loan on improved farm property. Remember that C. H. Cook carries a full line of graham in small sacks, corn meal and wheaties, D. street.

All parties knowing themselves indebted to S. Howarth & Co. will please call and settle. When you want prices on lumber get them from A. S. Briggs as he will save you money. Any quantity and quality. Office with Jas. Fletcher.

C. H. Cook pays the highest market price in cash for produce of all kinds. As it is impossible to buy for cash and sell on time, from and after this date no goods will be delivered except for cash.

To the Teachers and Friends of Education.

The 21st day of Oct. 1892 has been designated by the president of the United States as a national holiday, in honor of the 40th anniversary of the discovery of America. And he has also advised the public schools lead in the exercises on that occasion.

The national executive committee has issued a general program, copies of which will be sent to all the teachers now at work. It is not expected that they shall conform strictly to it however, but may vary it to suit themselves.

Teachers will please send me their addresses immediately that no time may be lost in distribution. Allow me to suggest that this Columbus day celebration furnishes a splendid opportunity for impressing lessons of courage, self-reliance, perseverance and patriotism upon our children, and youth. And it is earnestly hoped that all the teachers will enter into this work with that earnest zeal and determination which usually prompts them on such occasions and which is needed to make it a success. Let the teachers, patrons, and pupils of each district determine to make their respective exercises the best; and will the teachers, or some one else who may be designated, send me an account of the days proceeding, that I may be able to report to the state department that Yamhill has done her part to make it the red letter day of the year.

You will remember also that the state executive committee has determined that the educational interests of our state shall be represented at the Chicago exposition next year. Let us keep constantly in mind and try to produce something during the year that shall be suitable for that exhibit.

Instructions with regard to the same may be found in the circular sent you. Let us prepare an exhibit for Yamhill Co. that shall be a source of pride to all her citizens who may witness it. J. B. STILLWELL, Supt.

Topics of Turf and Track.

Several years ago, say in 1885, the state board of agriculture, having an ambition to have the worst go-out that a record of 2:30 had been made on the state track, offered a liberal purse for any horse that would come to Salem and beat that time. Milton Medium, by Happy Medium (sire of Queen Nancy Hanks), was attracted by the offer and came and attempted the feat, but after several trials he gave it up, having been unable to gain a mark better than 2:33. But the speed of horses had undergone a change since that time, as Alton's 2:17 performance here last Saturday will show. One of the finest blooded horses ever brought to the coast was at Salem last week and took the second premium as a standard-bred trotting tallion, Holmdel having taken first. This horse is Favoritus, by Roy Wilkes, whose pacing record is 2:08. He is the property of Powell Reeves, who has recently established an extensive breeding farm at Springfield, Lane county. There is a great future for the little filly, Alhazred by Almont, dam Hollywood by Hamontian (Samarbrino), who went at Salem last Saturday to beat her own yearling pacing record of 2:30, made recently at Vancouver. She is a full sister to Lady Beach, whose 4-year-old record is 2:25, and McMinville Maid, who went in 2:29 as a 3-year-old. She is the property of Galloway & Parker, who recently refused \$5000 for her. She now holds the yearling pacing record of the coast and is showing great speed. She is 17 months old. There are but four yearling pacers who ever went as good as 2:30 and her owners believe she could have made that mark at Salem last week had her hobble not broken.

The Wild Irishman.

The irrepressible Wild Irishman usually makes his presence felt by his droll wit, but there is a certain Wild Irishman that is causing quite a stir around here in different way. We refer to the Wild Irishman riding plow which not only possesses excellent stinging qualities, but is the lightest draft plow in existence. It not only runs much lighter than any other riding plow, but actually runs lighter than a walking plow of same size. We know some of our farmer friends will smile when they read this statement but the truth of it has been frequently demonstrated, and the Union Hardware Co. who sells them, stands ready to prove it by actual test with the dynamometers. These plows are on exhibition at the company's store corner 3d and C streets, and it will be worth your while to examine them. See testimonials elsewhere.

MARRIED.

WITCHYCOMBE—PERRY.—In this city on Wednesday, September 28, 1892, Phillip Witchycombe and Miss Elsie Perry, Judge Galloway officiating. Miss Perry is the daughter of Commissioner Perry, of North Yamhill.

NOTICE.

All persons knowing themselves indebted to me are requested to settle their accounts at the earliest possible time. S. A. YOUNG, M. D.

By calling at the McMinnville Drug store, S. Howarth & Co., Prop., you will find a large supply and variety of bibles and testaments, illustrated bible story books, encyclopedias, concordances, bible dictionaries and a great variety of the genuine Oxford bibles, all of which are sold at low rates. Come early and get your choice.

C. A. NUTLEY.

For sale—Three span of fine, broken work horses and one span of young Clyde mares unbroken, price \$120. One of the mares has fine colt which goes with her at the above price. WM. GALLOWAY.

Testimonial.

LAFAYETTE, July 24, 1892. UNION HARDWARE CO. Dear Sirs:—We have used your Wild Irishman plow this spring, and think they are the finest plows we ever used. We wouldn't try to farm without them. We don't think they pull any heavier than a 14 inch chilled plow. We can recommend them to do good work on sidhill ground. Yours truly, HENRY BROS.

J. J. Spencer.

J. J. Spencer went to Salem Tuesday where he appeared for Prosecuting Attorney Mc Cain in a case that it was impossible for him to attend to, as the circuit court of this county was in session.

The exposition is now open and numerous Yamhill county dollars will find their way to its big safe.

BAR DOCKET.

NEWS RETOLD.

Interesting Paragraphs from our County Exchanges.

[Sheridan Sun, Sept. 22.] The lopyard of John Auer, on the Yamhill above Sheridan, yielded 527 boxes; the yard contains eleven acres.

A force of men are at work completing the mill dam on Mill creek under the supervision of Geo. Evans. It will take about three weeks to finish the work.

Grandma Foster, who is between 80 and 90 year of age, picked hops in Campbell & Fendall's yard this season and was as spry as some of the girls and enjoyed the pastime greatly.

Public school began last Monday with Prof. and Mrs. Hadley as teachers. On Wednesday the attendance in the upper room was 53, and 43 in the lower room. There is a scarcity of seats for the scholars.

Eugene Graves well known in Sheridan went Thursday to Portland on his way to Ann Arbor, Michigan, to finish a course in dentistry. This next will make three years spent East, and he hopes to graduate next June.

Mr. Chas. Fendall of Willamina started to McVales on the Big Nestucca on horseback last week; when about half way between Coast Creek and Nestucca he gave out, and had to stay alone all night without any bedding until his son returned to Willamina and got a buggy and brought him home.

Mr. Fendall came to Oregon and settled on his present place in 1847, but his health is now very poor.

Jo. Barlow deputy postmaster, returned from the Coast last Saturday. Between Grande Ronde and Three Rivers, he counted 35 teams bound for the coast, and between Grand Ronde and Sheridan he encountered 20 more. Jo. came from Woods to Sheridan, a distance of 45 miles on a bicycle in 8 1/2 hours. Taking into consideration the fact that he had a mountainous country to travel over, and the time lost in dismounting to let teams pass, he made pretty good time.

Charles Duval of Gopher Valley will set out ten acres of hops and D. W. Ralston who lives on the Yamhill between Sheridan and Willamina talks of setting out 30 acres, in hops. Eli Branson, who lives west of town is also talking of setting a patch of hops. Fendall & Company above Willamina finished picking last Thursday. They had seven acres which gave them 8000 pounds. Ed. Fendall got 1300 pounds from his yard which is quite small. Harrison Foster expects to set out 8 or 10 acres near Willamina this season.

Newberg Graphic, Sept. 23.

Mr. Minchen's boy who had his fingers taken off last week, is getting along nicely under the skillful care of Dr. Littlefield.

A good story is told about a couple of old men in this vicinity, who ran their teams to see which was the fastest, and not being satisfied with the result, they took a friendly wrestle in the dusty road. The funny part was that there was no one near to see the performance, and each agreed to keep still about it.

Pacific College opened for the second year's work last Sunday morning with an enrollment of sixty students.

This number is better than last year, and had it not been for the fair, which kept it a number away, it would have reached at least seventy. Its confidently expected that by the last of next week seventy-five or eighty names will be enrolled. The work opened with a vim and energy that was very encouraging to the faculty and augurs well for the success of the years work.

Lafayette Ledger, Sept. 23.

Last Monday morning Gilford Vandeholder came very nearly losing one of his hands while working around Cary & Kimberlin's wood saw.

Messrs. J. T., L. N. and J. E. Hembree returned home last Monday from the Luckanute, where they have been hunting. They were quite successful, as they got in all, fifteen deer. They were out about two weeks, and speak of having had a good time.

We understand that the bridges on the narrow gauge railroad between Lafayette and the high bridge this side of Dundee are to be renewed, and that they are already at work on them, and no doubt they will be built in the same substantial manner as the one across the Yamhill river at this place is built. It will not be long until the whole road will be put in first class order. We would reasonably conclude from this that the narrow gauge will in the near future be changed to a standard gauge.

Strong Witnesses.

Among the thousands of testimonials of cures by Dr. Miles' New Heart Cure, is that of Nathan Allen, a well-known citizen of Glen Rock, Pa., who for years had shortness of breath, sleeplessness, pain in left side, shoulders, chest, etc.; one bottle of Dr. Miles' New Heart Cure and one box of Nerve and Liver Pills, cured him. Peter Jaquet, Salem, N. J., is another witness, who for twenty years suffered with heart disease, was pronounced incurable by physicians, death stared him in the face, could not lie down for fear of smothering to death. Immediately after using the New Heart Cure he felt better and could lie down and sleep all night and is now a well man. The New Heart Cure is sold, also free book, by Rogers Bros.

The World's Record Beaten.

A pressed brick manufactured by the Portland Pressed Brick Works, was submitted to a test at the Portland Iron Works. The brick was placed edgewise under the hydraulic press and the water turned on. Slowly the hand on the indicator traveled up until 12,900 pounds per square inch was reached, and the spectators held their breath; 16,000 and the world's record was approached; 17,000 and it was passed; 18,000, 19,000, 20,000 and the hydraulic press had reached its limit, and still the brick showed no signs of weakness. It was taken out and now stands as the strongest brick ever produced in the world.

CROP-WEATHER BULLETIN.

For Week Ending Tuesday, Sept. 20, 1912. U. S. Signal Service.

WESTERN OREGON.

The temperature has been deficient from two or four degrees a day; it has ranged from 50 to 80 degrees. There has been an absence of frost. On the morning of the 22nd the barometer fell rapidly and a severe wind storm, accompanied by heavy rain, occurred during the afternoon; rain continued up to the 25th, when clearing, weather prevailed. Sunday and Monday were perfect days. The rain cleared the atmosphere of smoke and quenched many of the forest-fires.

The rainfall amounted to over three inches along the northwest coast, from 1.60 to 1.90 inches in the Willamette valley and from 0.50 to .85 of an inch in Southern Oregon.

The rains were of great benefit to agricultural operations, and injurious to none of the crops. The ground has been softened up sufficient to allow of general ploughing and seeding. A large acreage of fall sown grain is being prepared. Hops have been safely secured, a better crop than was expected was gathered.

Corn is ripe and ready to cut. Potatoes are being dug, but are turning out only fairly well. Figs are ripe in Curry county, and a very good crop.

EASTERN OREGON.

The temperature has been deficient during the last past week, and frosts occurred on the higher elevations. Fresh snow fell in parts of the Blue mountains on the 23rd. General rains prevailed during the week and amounted to from 0.25 to 0.30 of an inch.

The rain has been of great benefit; it has cleared the atmosphere of smoke, it has given the grass a start, and has softened the earth sufficient to allow of fall ploughing to begin.

Reports indicate preparations for an increased acreage of grain for next year.

The rain interfered somewhat with threshing, which is now practically finished and most of the wheat is now at warehouses and on side tracks awaiting shipment.

Corn is ripe and ready to be gathered. Late patches are ripening and are of good quality.

This ends the regular weekly crop-weather reports of 1892; they will be resumed next year with the opening of the growing season.

We take this opportunity to thank the large corps of correspondents throughout the state for their promptness and faithfulness in reporting so accurately crop weather conditions, and trust that next year they may again be with us in our work.

The season has been fairly successful in all productions for the Oregon farmer, and these bulletins has as accurately as possible portrayed the general conditions from seed time to harvest that they have been of value to the public.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Canawha, Ga., had five large leg sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica salve cured him entirely. Sold by Rogers Bros.

"SCHEMES."

There are various schemes concocted by dealers to induce you to trade with them; the following is a popular one: To advertise an article and sell it to you at cost, but bear in mind this fact, this same dealer must make his profit on some future purchase, by you or some one else, to be able to stay in business. And the profit may be a large one, for the purchase may be some article you are not familiar with.

We make one price to all, give you good, honest weight, guarantee the quality of our drugs; our accuracy is assured; prices the lowest.

ROGERS BROS. PHARMACY.

NOW READY!

Our New Goods are now Open and Ready for The Trade.

THEY ARE SHOWING UP VERY FINE!

Our Cloaks and Winter Wraps come direct from the manufacturers in Chicago. Everything in this line will be new and fresh.

It has been our aim and effort to purchase good Serviceable Goods; those that will give customers the most service for their money.

We don't believe in sacrificing everything for cheapness; hence don't buy nor sell the auction goods, if we know it.

But we do claim to lead all competitors in low prices, here or elsewhere, who carry the same quality of goods.

This season as an inducement for people to buy for cash we shall, on all but a few staple goods, give ten per cent off to cash buyers.

This we find is absolutely necessary in order for us to meet the changed conditions and demands of our wholesale houses.

A. J. APPERSON.

THE MODEL GROCERY

You will find a Complete line of Fancy and Staple Groceries, Teas, Coffees and Spices, Melons, Fruits and Vegetables, Crockery, Glass and Stoneware.

REMEMBER OUR BLENDED COFFEE IS THE VERY BEST Highest market price paid for produce, either in cash or merchandise.
