OTHERS THAN COLUMBUS.

Lief is Said to Have Visited the New World in The Tenth Century. Vinland Was Probably Massachusetts.

Surely at this festal time, when the new world is gayly decorated in honer of the man who first approached its shores and when the entire country is entering upon a season of joyous comtion to belittle the services or detract from the glory of Columbus. But if Columbus is the grand central figure in this rejoicing and praise, it is not necessary to forget that he had companions, allies, contemporaneous navigators, to whose exploits Americans may turn with interest and with no diminution of appreciation of the great forerunner from Genoa. There was Verpucci, who, innocently or willfully, robbed Columbus of an honor justly his, that of givin his name to the con tinent. Who, however, sailed to the mainland of South America and excited the enthusiasm of all Europe. And the Cabots, who first coasted along the mainland from Labrador to Cape Cod. And Balboa, who first gazed upon the the enormous width of the mighty

and frequent brushing. If thicker floor- tion shall be extended to the bold sailor

courses over which the first 2:30 trotter magazine gun of former years, testing gration is a policy in the direction of there. Again in 1011 two ships sailed any tranditional gradations into new ness that is its highest claim to respect were as nearly flat as they could be powder. It was found that with the dency in Great Britain, and, as might to Greenland, with their scafaring habmade.
