HE WANTED TO DIE.

But Did Not. Patience, Hard Labor and Sweet Oil Saved Him.

Monday evening Mrs. Sanders, wife of the proprietor of the Hotel Yamhill was started by deep groans in room 6.

Upon going in a man was found in the paroxysms of strychnine poisoning. Dr. S. A. Young was called in and after much labor and the aid of a quart of sweet oil the effect of the poison was neutralized.

The Tillamook mail stages are not allowed to carry more than three passengers, and travel seems to be more plentiful than seats in the hack.

We are informed that the directors of the Creamery Company have decided to increase their capital stock and build a cheese factory in connection with the creamery. The fact cannot be denied that the creamery has been a grand thing for the farmers in this vicinity, and the cheese factory would undoubtedly pay as well. We wish the enterprise unbounded success.

Ira Nordyke, son of M. E. Nordyke, of Forest Grove, returned home after an absence of over a year. The young fellow was shipwrecked and taken on board the ship Solitaire. The story of his wanderings and travel read like a romance. He sailed from France and reached New York April 1, and since that time has been working his way across the continent. His parents and friends are overjoyed at his return.

[Newberg Graphic Oct. 21.] If anybody don't believe the gravel on the streets is a great success let them start out of town with a good load. When they strike the end of the gravel they will very easily see the difference between a solid road and a soft one.

J. D. Tarrant & Son have a large force of hands at work on their new dam and will soon have it in readiness to control the turbulent waters of the raging Chehalis. They have been running partly by water during the past week.

The first kiln of brick put up by the pressed brick factory containing 125,000 is now cooling off and will be ready to open in a few days. This will not be a fair test of course of what may be done when everything is in running order, but the opening of the kiln will be attended with interest.

S. Brutscher, who came in last Monday informed us that he was expecting his son George A. Brutscher, down from Weston, Yamhill county, to take charge of his farm. Mr. Brutscher has been arranging for some time to give up the management of his farm which is one of the best in the valley. It was among the first in the valley and feels that he has followed the plow as long as is prudent for one of his age.

Mr. Warner, from Albany has purchased a piece of land near the grove from Arlie Watt and will erect a residence in the near future.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are cured by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.
