Local and General.

U. S. Booth has returned to the city.

J. A. Peckham is now able to be about town.

M. Leabo has started a butcher shop on D street, with H. M. Bond in charge.

Haslett the "pilgrim" struck the town last week. He is looking better than in years past.

The ballots have been printed and the election paraphernalia is being distributed by the sheriff.

The Oregon Hop Co. of Newberg has been incorporated by J. H. Olds, O. V. Allen and O. C. Wright.

Lost—A coat, on the 11th day of August, between Cozine creek bridge and C. D. Johnson's blacksmith shop.

The business at the postoffice in this city amounted to \$450.43 during the month of October. This is the largest in the history of the office.

If afflicted with scalp diseases, hair falling out and premature baldness, do not use grease or alcoholic preparations, but use Hall's Hair Renewer.

A colored woman in Indiana Springs Ga., is said to be the mother of fifty-three children, one of her sisters the mother of thirty and another of twenty-seven.

Brazil will remove its capital from Rio Janeiro to some point in the interior, so in future revolutions the army and navy can not jump on the Government together.

Monday, while loading logs, Dunce Ross had his right leg broken at the ankle. Both bones were broken and it will be a considerable time before he is able to be out.

Dr. Olds, W. J. Garrison and several others have built silos this year and they are now filled with fodder. Every one constructed in this vicinity so far has been a complete success.

The flag presented on Columbus day to the new school house was the gift of Mrs. O. O. Hodson, and not the Woman's Relief Corps. There has been some misunderstanding as to where the flag came from, hence this explanation.

A single steam thrasher threshed this season 28,882 bushels of grain in Klamath county. This is about one-fourth of the yield of the county, the other three-fourths having been threshed by five other machines.

The yield of Klamath county is nearly 120,000 bushels.

A committee of representative farmers of Linn county met in Albany Saturday to discuss the question of improving the public roads. It was decided to petition the Oregon legislature to pass a law providing for the improvement of roads on a permanent and systematic basis.

The Dallas Woolen Mill company property has been attached by the sheriff to be held for several claims. There seems to be unavoidable reasons why this course should be taken by the company's creditors. The outcome will probably be a satisfactory settlement and the mill operated.

Owing to the weather there will be no torchlight procession in this city on the evening of the coming Saturday.

N. L. Butler, Capt. Geo. H. Moffett and Senator Huston, of Washington county, will address the people at the opera house. Let every one turn out and hear these well informed and able talkers.

On the coming Saturday there will be a shooting match in this city for the Selby gold medal and the championship of Yamhill county. The medal has been donated to Yamhill county by the Selby Lead Co. and is valued at \$80. The medal becomes the property of no one, but a shooter can wear it as long as he can win it. Shoots will take place each Saturday and on Thanksgiving there will be a big one.

The Hewitt Musettes gave a delightful entertainment at the Olympia theater last evening. The members of the company are of versatile talent and present a very pleasing farce-comedy that excites frequent laughter, while the vocal and instrumental music is really enjoyable. The performance will be repeated this evening—Olympia.

This musical company will appear at Garrison opera house on Friday, Nov. 4. Admission 75, 50 and 25 cents.

By a very ingenious and original process, Dr. J. C. Ayer & Co., of Lowell, Mass., are enabled to extract the essential properties of the material used in the preparation of their famous "Ayer's Sassaaparilla," thus securing a purity and strength that can be obtained in no other way.

THE CITY FINANCES.

The Statement of the Treasurer for the Month of October.

The city is in debt some \$7000 and more improvements are necessary. It will not do to let things stop where they are. The city must be extricated in some manner from the predicament in which she now is.

The Hotel Yamhill furnishes first class table board at \$4.00 a week; board and lodging at \$5.50 a week. Best meal in the city for 25 cents.

An imbecile daughter of Josiah Taylor, living near Whitson was taken to the asylum Tuesday by Sheriff Warren. She is 55 years of age.

Mrs. M. Garrison, of Baker city, was in town the past week, visiting at Mrs. Carlin's. She leaves for Tillamook Friday, where she will stay for the winter.

With a bottle of Ayer's Cherry Pectoral in the house, you have an effective remedy for all sudden attacks of throat and lung troubles. An hour's trial may lead to serious consequences. No household should be without this wonderful medicine.

Judge George A. Burnett is rapidly disposing of the longest court docket that a circuit judge was ever confronted with in Linn county.

Next week W. E. Martin, F. E. Rodgers, Wayne Carlin, L. H. Cook, H. L. Heath and Charley the chinaman, start for a three weeks hunt among the snipe, duck and geese of Nestucca, Sand lake, Netarts and Tillamook Bays.

There will be a big republican demonstration in Portland tonight and a number from this city will attend. J. E. Magers, chairman of the central committee, was around taking signatures in order that a carload might be guaranteed from this city.

THE EDUCATIONAL EXHIBIT.

Yamhill County Should Respond and Show up Her Greatness.

To the school officers, teachers and friends of education:

Columbus day with all its pleasant associations, its patriotic and instructive exercises has come and gone, and we have been made to feel more fully the magnitude and grandeur of our beloved country than ever before, and our love and veneration for her, her flag, and her time honored institutions has been deepened and made stronger by our having participated in its celebration, and I take this opportunity to thank the people of this county in behalf of the state executive committee, for the zealous manner in which they responded to its call.

And now I come to you with another matter of public interest which will call for still further demonstration of patriotism though in a different form. You will remember that I stated in a former article, that our executive committee have determined that the educational interests of Oregon should be represented at the Worlds fair next year. Steps have already been taken in that direction and in all parts of the state much work is being prepared for exhibition. All this matter must be collected, packed and shipped to Chicago and the transportation paid. Space has been secured, but it must be filled up to receive the exhibit, and a suitable person employed to take charge of and superintend it during the six months it will be on exhibition, all this will be necessary and the question is how are the necessary funds to defray this expense to be raised? The state as you well know has made no provision, therefore, the plan suggested by the executive committee as set forth in its circular letters No. 1 and 2, already distributed is as good as any we think, and now if all the teachers will take hold of this matter with their wonted zeal and appeal to the children and parents to contribute 5 cents for every child attending school, the teachers giving from 25 to 50 cents and collection as much as possible from others, the requisite amount \$8,000 or \$9,000 will be easily raised.

Mr. Geo. E. Withington, cashier of the First National bank of Portland has kindly consented to act as treasurer for us, and all the teachers of this county are hereby appointed receivers and will remit direct to him, and may also report the amount and names of children contributing to this office, that we may know just how much the schools of this county contribute to this fund.

Yamhill has done well in the Columbus day celebration and we have no fear but that she will keep her record good in more material matters. Contributions however small are accepted as the little springs and rivulets flowing into one great channel, make the mighty river, so these small contributions coming in from the many schools of our county and state, will when they have reached their destination, form a fund that will go far toward, if not quite liquidating the entire expense. Let us take hold of this as one man, and set the nickles, dimes and coppers rolling down the valley until the members of our efficient committee shall feel that they are backed by a people whose heart and soul is in the work, and be encouraged to redouble their efforts to make our exhibit second to none in the nation. Collections may be taken any time during the winter but the sooner the better. The teachers of No. 1, Mr. J. T. Patterson is the first to report collection taken and receipts obtained. Who will be the next? I am in receipt of a letter from the State Supt. asking for the number of schools that took any part in the Columbus day celebration, with the teachers of such schools please report to me as soon as possible.

Thinks from the County Press.

While slicing a ham the other day in the East a woman found a silver thimble in it. Yet this does not prove that every hog, has its silver lining.—Sheridan Sun.

A tramp walked into the depot at Eugene a few nights ago, and informed the agent that some obstructions had been placed upon the railroad track a short distance from town. Upon investigation it was found that the tramp's story was true, and he was rewarded by being arrested and jailed, and some smart Aleo advancing the theory that he had placed the obstructions on the track himself. It is this tramp is human, and we have been led to think that sometimes are, such treatment as is not calculated to make him honest enough to do the like again. This proves that other than tramps are sometimes treacherous.—Newberg Graphic.

NEWS RETOLD.

Interesting Paragraphs from our County Exchanges.

(Sheridan Sun, Oct. 27.) Phil Sheridan's cavalry sabre which he used while at Fort Yamhill is said to be owned by an Indian on the Grand Ronde reservation.

Born to the wife of Thos. Longdon on the 29 inst., a bouncing boy. All the parties are doing well except Tommy. It will be doubtful if he will be able to run the mill for some time.

H. Bailey is preparing to do a big business with his saw mill next summer. He has quite a number of men on the upper Willamina cutting logs and getting things in shape for log work.

Geo. Graves, so we are informed will get about 800 bushels of fine Burbank potatoes from five acres of ground. This doesn't look as though potatoes are a failure in Yamhill county.

There is now talk of electric lights for Sheridan. Why not? The city of Sheridan is large enough to support a plant. We understand power can be obtained from the mill, either steam or water, thus making the power cheap. Sheridan is a good town and has a splendid country to back it up.

Newberg Graphic Oct. 28

It doesn't seem to make much difference whether the exposition is open or not, there is a big passenger traffic over the narrow gauge all the same.

Geo. Ebenhardt, of Marion county, has just finished gathering a nice acre piece of corn, which yielded 400 bushels. He is feeding it to a bunch of porkers in true eastern style.

The wing dam, put in by snag boat Corvallis at the head of Ash island, has broken away, and the time put into it has been money worse than wasted. Uncle Sam had better look a little after the gentlemen who are spending his surplus cash, and see that he gets a little nearer what he pays for.

William Everest, on noticing an ox-team passing through town last Wednesday, remarked that it reminded him of the early days in Oregon. About the year 1850 he and his father took two yoke of oxen one day and hauled a load of household goods from the Aberdeen place below town, to one of the Hess places, a distance of four or five miles. The man paid them a Spanish doubloon worth sixteen dollars, for the day's work.

M. W. Tallman who has been ill with fever several weeks is slowly recovering.

El Seese and family move to Portland this week, and will make that their home for awhile at least.

There is much more sickness in Dayton and vicinity this season than ever before known. Especially so with children. The membranous croup is quite prevalent, and has proved fatal in many instances.

Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in, and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself to my Saviour, determined that if I could not stay with my friends on earth, I would meet my absent one above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles; it has cured me, and thank God, I am now a well and hearty woman." Trial bottles free Rogers Bros. Drugstore.

No Good Land Left.

A great many people are waiting for the Siletz reservation in the southern part of Tillamook county to be opened for settlement, believing that this will furnish them an opportunity to secure some fine land. There has been much inquiry about this, and a commission is now negotiating with the Indians for the purchase of the land by the government for the purpose of opening it for settlement. The commission finds, so the writer is informed, that all the good land of that reservation was long ago allotted in severalty to the Indians, the same as that of the Grand Ronde reservation. All that remains is that away back in the mountains. Even the timber on it will not for a great many years be of much value, for the Indians own all the land in front of it, and control all the water powers, and there will be no way to get the timber out to market. Visitors to the coast country have seen a fine lot of land on this reservation lying idle, and, supposing it belonged to the Indians in common, have been petitioning the federal authorities to buy it and open it for settlement, with the result that finally this commission has been appointed for the purpose of negotiating with the Indians to that end. The commission finds the state of affairs above set forth all the best land near the coast allotted in severalty. Of course the Indians do not make much use of this good land. They were born there, and there is no way to educate the laziness out of them—especially the bucks. The commission has had several "powwows" with the Indians about purchasing from them for the government the land that has not been allotted in severalty. But the government does not propose to pay them all the money down. It will pay them only 5 per cent. a year for the present, and they object to this. They want the whole wad to know in. So the matter stands. What the outcome will be this writer does not venture to predict. Gen. W. H. Odell and Judge R. P. Boise, of Salem, are members of this commission.—Statesman.

Great Indifference.

Senators Mitchell and Dolph, M. V. Rork, R. A. Miller, and all of the campaign speakers of the different parties, declare that they find great indifference throughout the state as regards the election. The democrats say the republicans are asleep and the republicans say the same of the democrats, while the populists and calamity howlers declare they never saw such apathy among the members of the old parties.—Statesman.

Good Looks.

Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the liver be inactive you have a bilious look, if your stomach be disordered you have a dyspeptic look, and if your kidneys be affected you have a pinched look. Secure good health and you will have good looks. Electric Bitters is the great alternative and acts directly on these vital organs. Cures pimples, blotches, boils and gives a good complexion. Sold by Rogers Bros. drugstore, 3he per bottle.
