

POSTOFFICE HOURS.

From 7 a. m. to 7 p. m. From 7:30 p. m. to 8:30 p. m. Money order hours from 7 a. m. to 6 p. m.

CHURCH NOTICES.

METHODIST EPISCOPAL CHURCH—Services every Sabbath at 11 a. m. and 7:30 p. m. Sunday School at 9:30 a. m. Prayers meeting Thursday evening at 7:30 p. m.

UNITED BRETHREN CHURCH—Services every Sabbath at 11 a. m. and 7:30 p. m. Sunday School at 9:30 a. m.

CHRISTIAN CHURCH—Services every Sabbath at 11 a. m. and 7:30 p. m. Sunday School at 9:30 a. m.

ST. JAMES CATHOLIC CHURCH—Services at 8 a. m. and 10 a. m. Sunday School at 9:30 a. m.

McMinnville Grange, No. 31, P. of H., meet in their hall the first and third Saturday of each month at 10 a. m.

Local and General. John Putman has moved from Amity to a ranch on the Muddy.

Go to Apperson's to get a nice cook book given away by the Cleveland Baking Powder Co., free.

The new Congregational church in Sheridan will be dedicated on New Year's day. Rev. C. F. Clapp will preach the sermon.

The Christian Endeavor of the Christiana church will hold a missionary contest from 6 to 7 next Sunday evening. All invited.

Robt. Johnson has sold the Corvallis Times to R. F. Irvine. "Bob" made a good paper out of the Times and it is hoped that his successor will continue in the same line.

Hon. H. S. Maloney, representative from Yamhill county, was in the city Tuesday, feeling the pulse of the people on the assessment law, etc.

The State board of equalization did not come to this city as expected. The storm probably accounts for it.

The entertainment given by the firemen of the city for the benefit of the citizens will be given on the evening of the first Wednesday in January.

The Masonic installation was a well attended and an enjoyable affair. The supper prepared by the ladies was well worth the starvation of a day.

Lafayette never does anything by halves. The installation of officers of Lafayette lodge, No. 3, F. & A. M. on Tuesday evening, was a very pleasant affair.

As announced last week, the Christian church will begin a protracted meeting next Sunday. Come now, and let us reason together.

OUT OF THE WORLD.

The Snow Stops the Trains and Breaks Telephone and Light Wires.

The greatest snow storm in eight years commenced Wednesday and did not stop until the ground was covered with at least 12 inches of snow.

The business men of this city are now engaged in the pleasant task of involving their stock.

C. M. Hodson is home from Corvallis where he had to give up his position in the Gazette office on account of his eyes.

Mrs. Mathew leaves for Portland Thursday, where she will spend the balance of the vacation with her father.

J. W. Maxwell spent Wednesday in this city. He is on his way to Salem, where he represents Tillamook in the senate.

The Y. W. C. T. U. will give a carpet rag social at the residence of Mr. and Mrs. Jas. Hogg next Monday evening.

The McMinnville National bank calendar is the neatest yet received. It is decorated with a steel engraving of the Interlaken, Switzerland.

The usual monthly covenant meeting at the Baptist church, next Saturday at 2 p. m. Mr. McKillop closes his services as pastor on Sunday.

Rev. E. McKillop has accepted a call to Centralia, Wash., and will leave with his family for his new field of labor next Thursday.

Chas. Hemstreet arrived in the city Saturday evening from Tillamook via Astoria. He has been engineering of the steamer Garfield during the year past, and will return to duty after the holidays.

The Union Hardware Co.'s large wooden awning went down during the storm from the weight of the snow.

Wooden awnings should not be allowed within the fire limits, as they are dangerous.

The scheme of conveying electrical power and light to this city from the falls of the Nestucca is practicable.

The expense would not be very large and there is enough power in the Nestucca below the falls to furnish us with power enough to run all the machinery now in operation and have a surplus.

For the next thirty days Apperson will be kept busy involving his stock, as the clerks go through. All brokers, lines, odds and ends, will be carefully assorted out of every department.

The goods assorted out will be sold at just one-half price to clean them up, making the greatest bargains ever offered the public.

Various attempts have been made to measure the rate at which it travels, and observers with delicate instruments, have affirmed that it was not less than 114,000 miles per second and one or two places its speed as high as 240,000 miles.

The speed of electricity is so great that its passage from point to point along a conducting wire may be regarded as practically instantaneous.

Various attempts have been made to measure the rate at which it travels, and observers with delicate instruments, have affirmed that it was not less than 114,000 miles per second and one or two places its speed as high as 240,000 miles.

NEWS IN YIELD.

Interesting Paragraphs from Our County Exchange.

A lack of feed has reduced the corporosity of some of the town cows to such an extent that we perceive they are unable to squeeze through a very small hole.

Old Mrs. Rogers, mother of Robert Rogers, slipped and fell on an icy step Wednesday, breaking one of her arms near the wrist.

The fact has been developed that Mrs. Lease was born in Ireland and consequently she can never become president of the United States.

C. E. Hoskins, with his wife and daughter, will start for California next week for a visit during the remainder of the winter.

Henry McGuire who has been employed in W. H. Hamilton's meat market about two years, went to McMinnville last week to attend school.

J. R. Davis died at Wheatland Dec. 19, 1892, aged 76 years. He had only been sick a few hours.

An old river man says that by putting in locks at the mouth of the Yamhill river, that that stream can be made navigable the year round.

The work would cost in the neighborhood of \$10,000 or \$12,000. This amount could be raised by the citizens of McMinnville with a little exertion.

The work completed and boats running before the government would begin the preliminary work. The citizens of that city, he says, will find this the easiest and least expensive way to free themselves from high freight rates.

(Sheridan Sun, Dec. 23.) Kate Chrisman, of Willamina, is very low with pneumonia.

Geo. Raleigh returned from Forest Grove last week looking first rate.

The people who drink water from the Yamhill river at McMinnville imagine they can taste the dead horses drowned some time since at the Holman Ford.

Mr. B. B. Branson called Wednesday and gave us some facts about big snow falls away back.

On the 22 day of December, 1892, there were four feet of snow in the Willamette valley.

No stock died and no one froze to death and there was no high water worth mentioning.

In the latter part of 1891 and the fore part of 1892 there was a heavy snow fall in this valley.

Mr. B. had 42 days of sleighing. Large numbers of stock died for lack of feed, and the great floods of the Willamette valley followed, in which much stock and several human lives were lost.

Along the Willamette by high water, besides the damage done to farms and buildings along the big river.

In 1884 there was a heavy fall of snow. It was during that winter that Church and Jones had to eat their dog, and had such a narrow escape from death in the Cascades above Mehama.

(North Yamhill Leader, Dec. 16.) The Farmers' and Traders' bank of this city, has just received a new Webb burglar proof safe, safe, supplied with a double time lock.

The many friends of Miss Nona Bickford will be pleased to learn that she is enjoying much better health since she arrived in California.

The Tillamook mail did not arrive Wednesday evening until a quarter of twelve, midnight. It required three men and six horses to make the trip.

The carrier reported five feet of snow on the mountain.

Since our last issue the city council has had nine street lights put up on the principal street corners, and now our city beams forth in the darkness, and to one not accustomed to such luxuries it makes one feel lost.

Mr. M. Martin had a serious runaway Monday evening as he was returning home from this city.

The coupling of his buggy gave way and the horses took fright and run some distance with the fore wheels of the buggy, and as they were crossing the bridge near J. H. Stewart's place one of the horses fell off the bridge and sustained injuries from which it died in a short time.

The other horse ran on to town and was unhurt. Mr. Martin was lucky enough to escape without injury.

Who? What should be arrested? All excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, nervous prostration, etc. They should be arrested, or, stopped, before they develop into a condition that can but result fatally.

For this purpose no remedy equals Dr. Miles' Restorative Nerve, the discovery of the renowned specialist, whose remedies are the wonder of the civilized world.

Nervine is sold by Rogers Bros. on a positive guarantee. Ask for his book free.

The following students of the Bellevue school are on the roll of honor for the month ending Dec. 16, 1892.

Alonso and Alvin Thorp, Reva Buel, Rebecca Powell, Agnes Conner, John and Maud Soper, Rubie Sargeant, Va-da Farmer, Leo and Bertha Davis, Louisa and Emma Lehman, Grace Wenner, Mattie Hamilton, Cora Eberhart, Floy and Zella Heale, Joe Dand, Katie Youcum, Walter Davis, Henry Chapin, Sylvester and Charlie Latham, MARY POTTET, Teacher.

Miles' Nerve and Liver Pills. Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequalled for men, women, and children. Smallest, mildest, surest! 50 doses, 25 cents. Samples free at Rogers Bros.

To all Digestion take one Small-Bile-Bean after eating. 25c. per bottle.

DIED.

McPHILLIPS.—At his residence three miles south of this city on Friday, December 23, 1892, Jas. McPhillips, aged 64 years, of paralysis. The funeral was held Sunday under the auspices of the Masonic fraternity.

James McPhillips was born in Monaghan county, Ireland, in 1828. He was the youngest of 4 children, Barnard McPhillips, present at the time of his death and a brother and a sister in the old country survive him. Shipping from Liverpool he landed in New Orleans in 1848 and was there met by B. McPhillips, who had preceded him three years.

They crossed the plains together in 1849 and named in California about a year and a half. Returning to New Orleans by way of the Panama route they bought cattle in Missouri, Iowa and Illinois and drove them through to the forks of the Santiam river in this state. Having sold the cattle at a good advantage, they proceeded to the Althouse diggings and mined about six months. James sailed from Crescent City again for New Orleans via Panama, and buying a herd of 150 cattle in the states, he drove them across the plains in '54 and succeeded in reaching this county with about 125 head.

The increase, together with outside purchases, aggregated a herd of about 500 head, everyone of which perished in the memorable winter of 1861-62. Left penniless, he bought a small tract of land from J. A. Cornwall and went to farming, on which has been his residence ever since. In the spring of '61 he married Miss Mary A. Cate, by whom he had five children, four of whom are now living. Since 1854 he has been a permanent resident of this county, was identified in many business enterprises and left a fortune valued at \$40,000. He became a Mason in 1881, and was laid away in his last resting place by that fraternity.

THE MATHEMATICIANS. Answers to the Apple Problem Given Last Week.

Up to date the following answers have been received to the apple problem:

J. F. C. McMinnville—"Two for 1 cent is 2 cent each; 3 for 1 cent is 3 cent each. 1 plus 1 is 2, price of two apples; 1/2 plus 1/2 is 1, price of 1 apple; 60 times 5-12 is 25 cents. If 5 apples cost 2 cents 1 apple would cost 25 of a cent, and 60 times 25 is 24 cents.

F. D.—Forest Grove—"30 apples at 2 for 1 cent is 1 of a cent each; 30 apples at 2 for 1 cent is 1 of a cent each. In bringing the first 30 apples from 1/2 of a cent to 2-5 of a cent each there is a loss of 1-10 of a cent each; this loss exceeds the gain in the previous case by 1-20 of a cent; and 1-20 of a cent on those 30 apples makes the 1 cent lost in the change in the mode of selling.

A New Cause. Thousands Flock to it Standard.

When a new cause is presented to the public it always excites attention. A prominent physician has said that la-grippe, during the last three years, has done more to weaken the hearts of the world than any other cause that has ever existed.

Those who have had this malady and subsequently found themselves subject to palpitation, short breath, irregular pulse, wind in stomach, pain in side or shoulder, snoring, spells, fainting, dizziness, etc., may feel assured they have heart disease, which unless checked at once, may result fatally. Dr. Miles' New Heart Cure is the only remedy that can be relied upon to effect a cure. Sold by Rogers Bros. on a guarantee. Ask for the doctor's new book, free.

The Sportsmen. The shooting matches of Friday and Saturday were damped by the bad weather, but some good scores were made.

The shooting of the match was postponed until the coming Saturday. On that day a rifle competition will be opened.

W. E. Martin and another gentleman of this city made a bet of \$20 a side that W. E. Martin could not kill 23 out of 25 live birds. Mr. Martin backed himself and on Saturday killed 24 straight birds, that number being all the pigeons that could be obtained.

It is reported that H. Adams is willing to put up \$500 that W. E. Martin cannot kill 92 out of 100 live birds. W. E. Martin's money is ready at any time.

Mr. Martin is probably one of the best live bird shots in the state, if not the best. He has confidence in himself and is willing to bet \$50 even that he can kill 25 out of 25 live birds at any time.

A Little Girl's Experience in a Lighthouse. Mr. and Mrs. Loren Trezsett are the keepers of the government lighthouse at Sand Beach, Me., and are blessed with a daughter, four years old. Last April she was taken down with measles, followed with a dreadful cough and turning into a fever. Doctors at home and at Detroit treated her, but in vain; she grew worse rapidly, until she was a mere "handful of bones." Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, as you can get a trial bottle free at Rogers Bros. druggists.

Bids Wanted. The county court at its session in January will receive sealed bids for furnishing the county bridge lumber to be delivered in quantity not less than wagon load lots to the point where it is to be used.

Bids are desired on furnishing same to separate districts, giving district, or for the entire county. Bids for supplying the county with twenty-five cords of oak, grub wood and twenty-five cords of old fir wood delivered at the court house, will also be opened at said time. The court reserving the right to reject any or all bids asked for above.

Dated December 15, 1892. ED. HENDERSON, County Clerk.

It Should be in Every House. J. B. Wilson, 371 Clay St., Sharpsburg, Pa., says he will not be without Dr. King's New Discovery for consumption, cough and colic, that it cured his wife who was threatened with pneumonia after an attack of "La Grippe," when various other remedies and several eminent physicians had done her no good.

Robert Barber, Cooksper, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for lung trouble. Nothing like it. Try it. Free trial bottles at Rogers Bros. drug store. Large bottles 50c and \$1.

Who? What should be arrested? All excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, nervous prostration, etc. They should be arrested, or, stopped, before they develop into a condition that can but result fatally.
