A Child's Life Saved. A Child's Life Saved.

Poplan Creek, Mont., March 2, 1891.

My little girl, Syears old, had St. Vitus dance so severe that she was perfectly helpless, lying on the bed and crying when awake and had to make 3 or 4 attempts to even speak or swallow. Our physician was in daily attendance, but she continued to grow worse until I began to use Pastor Koenig's Nerve Tonic; then she improved rapidly and now she is perfectly well. I am confident my child's life was saved by this medicine and I recommend it to all who have nervous trouble of any kind and no one can say too much in praise of it.

JOS, L. BAKER.
