An Indian infant born recently to Joe Allen and wife, of the Umatilla reservation, is peculiarly afflicted. It was brought into the world with a double harelip and a double cleft palate, the case being a curiosity in medical practice. With usual Indian pertinacity the parents refuse to consent to an operation upon their unfortunate offspring.

A Wonderful Scheme. The Salem Independent is the father of the following yarn: Owing to the stringency of the money market the hop growers begin to see that they will have difficulty in obtaining the needed money with which to pay hands for harvesting their crop.

Sudden Death! That Startling News Headline. The public is becoming accustomed to the above heading, but nevertheless it always conveys a shock. Sudden death in a vast majority of cases results from heart disease, manifested by any one or several of the following symptoms: Short breath, palpitation, irregular pulse, wind in stomach, pain in side, shoulder or arm, under left shoulder blade, between shoulders or in bowels, irregular or intermittent pulse, oppressed feeling in chest, choking sensation, weak or hungry spells, difficult breathing, swelling of feet or ankles, drowsy; Dr. Miles' New Heart Cure speedily remedies all these. Sold by Rogers Bros. on a guarantee, who will give you his elegant book, free.

"For Years" Says CARLIE E. STOCKWELL, of Chesterfield, N. H., "I was afflicted with an extremely severe pain in the lower part of the chest. The feeling was as if a son weight was laid on a spot the size of my hand. During the attacks, the respiration would stand in drops on my face, and it was agony for me to make a sufficient effort even to whisper. They came so suddenly, at any hour of the day or night, lasting from thirty minutes to half a day, leaving as suddenly, but for several days after, I was quite prostrated and sore. Sometimes the attacks were almost daily, then less frequent. After about four years of this suffering, I was taken down with bilious typhoid fever, and when I began to recover, I had the worst attack of my old trouble I ever experienced. At the first of the fever, my mother gave me Ayer's Pills, my doctor recommending them as being better than anything he could prepare. I continued taking these Pills, and so great was the benefit derived, that during nearly thirty years I have had but one attack of my former trouble, which yielded readily to the same remedy."

AYER'S PILLS. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Every Dose Effective. Guaranteed to cure Bilious Attacks and Constipation, Small Bile Beans. 25c per bottle.

CROP-WEATHER BULLETIN. For the Week Ending Tuesday, July 25, 1893.—U. S. Signal Service. The past week has been the warmest so far this season, the maximum temperature ranging from 75 to 85 degrees; a few mornings were cloudy, with clear weather prevailing the major portion of the day. No rain fell during the week.

The clear, warm weather was very beneficial to the ripening of fall sown grain. Fall sown oats and wheat are being cut in Linn, Lane, Benton, Douglas, Josephine and Jackson counties. In Marion, Polk and counties to the northwest harvesting has not yet become general, but will be this week. The grain cut so far has been heavy, of good quality and very satisfactory to the farmers. The spring wheat and oats and wheat will not yield an average unless rain should fall within the next week. Spring wheat is not over 15 inches high and it will be hard to safely cut. Clover, hay has all been cut and put away; timothy hay, will be cut this week. In Jackson county the second crop of alfalfa is being cut. Potatoes are a good crop everywhere. Fruit continues dropping from the peach, pear, apple and plum trees, reducing the yield still more than was expected. Hops are in bloom and a good crop is expected. The arns are from six to ten feet long and very healthy. Some yards are expected to yield 2500 pounds to the acre; on low lands the hops are not so good, being more backward and of a yellowish appearance.

EASTERN OREGON. The past week has been the warmest so far this season, the temperature rose from 80 to 100 degrees up to the 21st when general thunder showers occurred, cooling the atmosphere considerably. The rain was of great benefit to spring sown grain. Fall grain is being harvested and cannot now be affected by the weather. The rains this month though for the most part light and poorly distributed, have been of great benefit to develop the grain. In Wasco and Sherman counties almost an average wheat crop will be secured; in Gilliam and Morrow counties the yield per acre will be reduced; but the product will be increased due to the increased acreage. In Umatilla county the prospects are good. Harvesting is in progress and good yields are reported. Spring wheat will be short; but fall wheat an average. In Union county the grain crop is slightly damaged; but a fair yield will be secured. In Wallowa county considerable wheat was winter killed, but the spring sown is good. In Baker county an increased acreage will make an increased production. In the counties south and southwest of Baker, where irrigation is generally practiced, the crops are an average. Hay is very good. Fruit in Grant and Crook counties is good; but greatly infested with insects.

Considering the state, its fall and spring sown grain, the conditions are as a whole not discouraging at all; but rather flattering. B. S. PAGE, Observer.

Specimen Cases. S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Rogers Bros.

Put up in neat match-shaped bottles, sugar coated, Small Bile Beans. 25c per bottle.
