From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in, and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined that if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles; it has cured me, and thank God, I am now a well and hearty woman." Trial bottles free Rogers Bros. Drugstore.

The Normal has enjoy-ed a steady growth during the past year, reaching an enrollment of over 400, the largest in its history. New members have been added to the faculty, new apparatus supplied and the course of study revised and strengthened. The graduates are in demand to fill good positions. The diploma entitles the holder to teach in any county in the State without further examinations.
