WM. F. DIELSCHNIEDER,

In the wet season is a necessity in house construction.

THE LARGEST LUMBER SHEDS

In Yamhill County are on our yards and they are filled with choice lumber that has not seen one drop of rain.

When You Want Finishing Lumber Or shop work during the wet season don't fail to examine our lumber as well as

the product of our Shops.

In calling your atention to our Lamps and Lamp Goods we wish to remark that our store contains the most complete line of lamps ever offered in Yamhill county.

We Keep Everything

In lamps, from the cheapest glass lamp to the more high art designs.

Our Victor Central Draft Lamps

Need no recommendation. Our large sale of them in the past season has fully demonstrated their popularity. There have been many improve-ments for this season which are bound to keep the Victor to the front. For simplicity in wicking, neatness of design and durability there is nothing we know of to compare with it.

We Request a Critical Examination Of our goods and prices in all lines which we handle. Knowing our ability to serve the inter-

ests of our customers, we solicit your patronage,

assuring you that trade will be highly apprecia-

Very respectfully,

WALLACE & WALKER.
