

# THE REPORTER.

McMINNVILLE, OREGON, MAY 3, 1883.

Quite a destructive fire prevailed in East Portland on Monday morning, the 1st inst. Several thousand dollars' worth of property was destroyed besides, it is feared, the lives of several children.

McMINNVILLE, April 25, 1883.

ED. REPORTER:—Will you kindly give space for a little fault-finding? I would not ask it only that the matter to be criticised is of a public nature: While at Lafayette one day, I heard some complaint about the way taxes were kept so high, and as it was just after the district court had adjourned, the cost of litigation was cited as a large and never failing expense. Of the many items spoken of one from this town, "State vs Eccleston," was dwelt upon as being something enormous. Feeling curious about the matter, I procured the figures, as follows: State vs H. Eccleston, \$47 80; State vs J. C. Patterson, 45 50; State vs S. A. Young, 77 35; State vs E. Eccleston, 55 20; State vs J. Lorrin, 34 85.

Total, \$300 75

It must be said, in explanation, that the last four cases all grew out of the first one, and that all were only preliminary examinations before a Justice of the Peace; that all were bound over and that the Grand Jury dismissed all but the first. To the expense before the J. P., \$230.75, add costs of witnesses before the Grand Jury, \$64, and we have a total of \$294.75, and apparently four-fifths for nothing at all, so far as the public good is concerned. My curiosity led me further to enquire how much of the articles to the Justice, and found that \$99.30, or nearly one-third of the whole, went to that officer. Now, I have heard many J. P.'s complain that the fees allowed by a law did not justify any one in taking the office; but surely the above item looks as if the office paid pretty well. But I do not wish to criticize the bill of fees, for it is presumable that the J. P. claimed no more than the law permitted, but probably went up to the last fraction. But what I wish to suggest is that perhaps there may be a little too much recklessness in entertaining complaints in Justice's courts, and that a little more care would not be amiss. Perhaps it would be as well for the Justice to question the would-be prosecuting witness very closely and see there is good probable cause for prosecution, and above all, that it is in no way prompted by malice, as is too often the case. We see from the case referred to, I take that because it is prominent that just four-fifths of the whole was accounted as worthless by the Grand Jury, and we must suppose that they knew what they were doing, and that the poor-paying office of Justice of the Peace got more than one-third of all the costs accruing in his court, and at least two as much as any farm hand could get for one whole month's labor.

In the name of economy let us have no more of this recklessness, under the cloak of justice. Every officer ought to be as much a guardian of the public purse as he is supposed to be of the public peace—as much opposed to squandering money as in favor of suppressing crime.

Q. RIOSITY.  
DIED.

## Hambletonian

### Mambrino,

(Heretofore at the head of the Coedville Stud) will make the season of 1883 as follows: North Yamhill, Mondays; Lafayette, Tuesdays; McMinnville, Wednesdays and Thursdays; Bellevue, Fridays and Saturdays.

Hambletonian Mambrino is a beautiful dark bay or brown, 15 hands, 21 inches high and weighs over 1,100 pounds. He is unsurpassed for style and beauty; long-bodied, with a rangy neck and blood-like head. He is heavy muscled, and as for feet and legs no horse can excel him.

Of his progeny as a sire there can be no doubt. All his colts have the impress of his high form and superb courage, and when placed on the market have, so far, commanded (at the same age) as high a price as the get of any horse in the North Pacific.

During the last year his get was awarded many premiums and was the winner of the three-year-old three-in-five races at Vancouver and the State Fair, defeating in both races the finest field of three-year-olds that ever came together in the Northwest.

PEDIGREE:—Hambletonian Mambrino was sired by Menelaus, (the sire of Cloara, record 2:18, and sold for \$15,000), he by Ryzik's Hambletonian.

1st dam Olean, by Border Chief.  
2nd dam Ollinda, by Olor.  
3rd dam by Chorister, he by imp. Contract. Menelaus' first dam Jesse Bull by Long Island and Black Hawk.

2nd dam by Young Duroc, he by Duroc, he by Duomele.  
3rd dam by Coffin's Messenger, son of imp. Messenger.

Border Chief, sire of Olean, was old Mambrino Chief, 1st dam by Highlander, 2nd dam by Glenese, 3rd dam by Post Boy, son of Henry that ran with Eclipse.

This it will be seen that Hambletonian Mambrino has eight Messenger crosses and unites the two greatest strains of American trotting blood—those of Ryzik's Hambletonian and Mambrino Chief, being a lineal descendant of imp. Messenger on each side of the house. To this, the very quintessence of American trotting blood, he unites the rich racing strains of Glenese, Wagner, Chorister and Post Boy, famous in the annals of the running turf on both sides of the Atlantic. He also had the Bashaw blood, through Long Island Black Hawk, the first horse that ever trotted below 2:40 to a road wagon.

TERMS—\$25 to insure; \$25 by the season. Care will be taken to prevent accidents, but no responsibility assumed.
