Is it possible that a young woman from Portland lost her way between the Central Hotel and the well known residence of a friend in town, the other night, notwithstanding she had an escort who is familiar with every foot of McMinnville's streets? DEED. At her home at Almeta, W. T., May 1st, 1883, after an illness of one week, Mrs Kirby, wife of Joel A. Kirby, aged 48 years.

Deceased resided for years in and about McMinnville, where she had many acquaintances. She was the beloved mother of our young friends, G. W. and B. F. Morgan who, with others of the family thus bereft of a loved one, have the sympathies of their many friends in this section.

BUSINESS. The crowded state of our advertising columns to-day, is a mark of enterprise to which we may fitly refer with pride; a credit to those whose names make up the business display as well as an encouraging testimonial of the esteem in which this journal is held as an advertising medium.

The signs of the times are forcing upon us the conviction that we must still further enlarge the capacity of our paper, and we shall make that our aim for the near future. To-day we issue a supplement, and even then are compelled to omit considerable advertising, as well as interesting reading matter. For all these kindnesses this public certainly has our warmest thanks, with the promise that we shall never lag in our efforts to make good to the best of our means and ability.

AN ADMIRER OF YAMHILL. A young lady of Portland is stopping at Sheridan, this county, and a portion of the contents of a letter written to a friend is published in the Oregonian of the 3rd. Here is what she says: "You do not know what a fine country this is. I had always supposed the soil to be gravelly, but, instead, it is rich deep loam, suitable for growing almost anything. The hillsides, until lately have been thought unfit for anything but pasturage, but upon trial they have proven to be excellent grain fields. I cannot tell you how pretty they are now, covered with the brilliant green of spring, here and there checkered by patches of plowed land or relieved by clusters of young oaks. In other places the sheep and cattle are grazing peacefully, and the lambs playing as if have never seen them before. It is very healthy here as the sea breeze sweeps across the hills every afternoon pure and strong, carrying away all the impurities of the atmosphere. Every half mile you can find a stream of pure cold water coming down from the mountains, and along these are the richest garden spots you ever saw.—These streams are full of trout. It is the easiest place I ever saw to make pretty homes, as there are no stumps to contend with and no black logs to mar the smooth green surface. Fruit trees grow thrifty and small fruits flourish, but few people have them—not many have gardens even. It is just the same here as everywhere, a few are rich and the rest are poor.

The Horse Show.

A Good Display of as Fine a lot of Horse-flesh as can be found in any other county of Oregon.

Last Saturday was the day set for the exhibition of horses, at this place, and as it was generally known, horsemen and horses commenced arriving from all parts of the county, so that by noon the largest crowd that had graced the streets of McMinnville for many a day was rushing from stable to stable admiring the good points of this and that horse and the conversation on every street corner was of course "all horse."

At two o'clock the horses were taken from their stalls to the commons east of the Central Hotel, where all were given an opportunity of seeing the shape, size, color, and general make-up of each. A representative of the REPORTER was present and found the following horses, fillies and colts present, of which we give a short sketch:

In fast stock Galloways "Hambletonian Mambrino" seems to be the most prominent. He is a beautiful young brown, stands 15 hands, 2 1/2 inches high, long-bodied, while every muscle in his body, it would seem, stands out prominently—all denoting great power. This stallion seemed to be the general favorite.

Next in favor was Sawyer's "Billy Reed," the noble, proud-spirited chestnut-sorrel, standing 15 1/2 hands high, weighing 1,400 pounds, while every motion, as he stepped gracefully off, indicated fine action and great speed. "Wrecker," John Qedmond's Hambletonian stallion, a dapple-brown, 4 years old, 15 hands high and weighing 1,000 pounds, is a trim little horse and belongs to the stock that is famous for speed.

As a horse for all road purposes opinion was divided between J. A. Friscoe's "Milton" and F. A. Fletcher's "Young Milton." The former was the oldest horse on the ground, but still has lost none of the life that he possessed when we first saw him, six years ago; is a blood bay in color; stands 16 1/2 hands high and weighs 1,400 pounds. "Young Milton" is seven years old; weighs 1,300 pounds and is an exact image of his sire. They have good action of themselves and their size denotes great strength.

"Lady Kisbar" is the name given a sorrel filly that was sired by "Kisbar," one of the fastest horses ever brought to the Northwest. She is a sorrel, stands about 15 hands high, three years old, and shows signs of great speed. Mr. Baker has also a fine sucking colt, sired by "Rockwood," well known to lovers of fine horses.

Mr. W. H. Grant, Mr. Davidson's picture man, is on the ground with a Hambletonian and Morgan filly (one of the team that has been admired by all during his stay in this section.) She is a dark brown, 15 hands high, four years old and weighs about 1,100 pounds. Without any training this little mare has made her mile in 3 minutes, and Mr. Grant feels justly proud of her.

Among the farm horses there are numerous good ones. J. R. Sawyer's stand-by "Belmont Jake," a noble piece of horse-flesh is a dark bay, ten years old, stands 16 hands, 2 1/2 inches high and weighs 1,475 pounds. L. C. Thompson is on hand with two of "Belmont Jake's" colts—a stallion and mare, four years old; the former a dark brown and the latter a sorrel that speak more than words can express of "Jake" as being a noted foal sifter.

T. B. Nelson's "Capt. Jim" is a Printer and Gray Eagle is a fine-looking little horse; he is a red sorrel in color, 9 years old, stands 15 hands high and weighs 1,100 pounds. Wm. Savage's "Young England," is an English Draft horse, nine years old, dark bay, 17 hands high and weighs 1,550 pounds, and that he is a horse of fine blood is evidenced by two of his colts exhibited by Mr. Peter Campbell, of Sheridan—a two-year-old stallion, 15 hands, 3 inches high and weighs 1,060 pounds and also a two-year-old filly that shows fine points.

Robert Wood and Willard Wood exhibit two stallion colts, two years old of the "Pedro" stock that are fine specimens of horse-flesh—especially "Pedro Boy," which was shown by the latter.

The largest and most muscularly put-up colts, and the one that seemed to be the chief of the spectators as a draft horse, was B. F. Siler's "Samson," a Clydesdale, Henry and Sidney, a dark bay, 5 years old, 17 hands and one inch in height, and weighs 1,830 pounds. This horse is from Marion county.

E. L. Hayes' English draft stallion is another fine, large fellow; 5 years old, 16 hands and 1 inch high, weighing about 1,600 pounds. Mr. Daniel Zimmery had one of his colts on the grounds a little less than one year old, that stood 15 hands and one inch, and weighed 1,030 pounds—by far the finest colt present.

"Black Prince" was on hand, in the care of his keeper, Mr. F. M. Franklin. This horse is of the B. M. Stranger, Henry, Morgan and Blackhawk stock, and is a stallion not to be ashamed of. He is jet black in color; 17 1/2 hands high and will be four years old in June, and has made his mile in 3:12.

D. A. Wallace's "Young Victor," a dark brown, 7 years old, 17 hands high and weighing 1,442 pounds, has lost none of his beauty and fine action. Mr. J. S. Hibbs exhibits a 4-year-old English draft stallion that is destined to become a horse of note. He is a light bay, about 15 1/2 hands high and will weigh about 1,500 pounds.

A well put-up stallion is "Prince Charley," shown by Mr. Peter Thompson. He is of the Prince stock, a sorrel, 4 years old, stands 16 1/2 hands and weighs 1,435 pounds. Of good style, he commands the attention of many. "Willamette Bob," J. M. Warren's dark brown, is a very good looking stallion, and had he been in better flesh, would have, we dare say, been looked upon with more favor.

W. J. Heleyer's "Young Redmond" steps about, as proudly as you please and is looked upon favorably by many. This horse is 6 years old, is a dark brown, stands 16 hands, 1 inch in height and weighs 1,400 pounds. John Beary has a 2-year-old Lindsey stallion, a roan in color; 16 hands high, weight about 1,000 pounds, that will perhaps be a good horse when he gets age.

C. S. Hubbard has a yearling Veto and Percheron colt that shows marks and signs of making a good horse. This, we believe, concludes the list of horses present and we may here add that this exhibition was a success.—There were no premiums offered; no judges chosen to decide as to the best; but stock from all parts of the county was brought together and people had a chance to see and judge for themselves as to the merits of the various horses present. And in this connection it may not be out of place for us to suggest—as we have done before—the organiza-

tion of an agricultural society in this county, where not only horses may be exhibited, but all kinds of stock, produce, etc., may be brought together for comparison. Yamhill is far ahead of some counties we might suggest that have these societies, and we think could make a society of this nature self-sustaining.

Call for a State Convention of the W. C. T. U.

To all Women's Temperance Societies, of whatever name; also, to Pastors of Churches, and to Christian women of the State of Oregon:

DEAR FRIENDS:—There will be a convention of the Women's Christian Temperance Union of the State held in Portland, June 19th and 20th, for the purpose of organizing a State body. Miss Francis E. Willard, President of the Woman's National Christian Temperance Union, and Miss Anna Gordon, and perhaps other Christian workers from a distance will be present to help us.

The "Union" has auxiliaries all over the country, and is gaining an interest in numbers and in importance every day. Its influence is being felt in every direction, and a reform is begun, which, with God's continued help and blessing, will result in great good, if not in the complete downfall of the national sin of intemperance. The central idea of all our work is to release the body and soul from thralldom to Satan, and to enthroned Christ as Redeemer and Lord in the individual heart, and his spirit in the home and in the State.

We invite three delegates from every Woman's Temperance Society in the State. We also invite any woman who has the temperance cause at heart, whether she belongs to any organization or not, to come and learn what women are doing in the land, and to take home with her such information, documents, etc., as shall enable her to organize a Woman's Christian Temperance Union in her own locality.

Pastors of churches of every denomination are requested to appoint one lady delegate from their churches. Entertainment will be furnished to delegates.

A committee will be in waiting on the arrival of the trains on the evening of the 18th and morning of the 19th to direct delegates to their places of entertainment, and it is requested they wear the usual Woman's Temperance badge—a small bow of white ribbon.—Any coming at other times will please report at the convention.

All the temperance people of the State, men and women, are urged to co-operate in this convention, and in helping forward this work "for God and Home and Native Land."

Mrs. H. K. HINES, State Pres't W. C. T. U. Any further information will be cheerfully given by letter. Portland May 1st, 1883.

MISS WILLARD'S APPOINTMENT

Sunday evening June 10, Astoria. Monday " 11, Portland. Tuesday " 12, " Salem. Wednesday " 13, " Eugene City. Thursday " 14, " Albany. Friday " 15, " Corvallis. Saturday " 16, " Portland. Monday " 18, " McMinnville. Tuesday " 19, State Convention at Portland.

Appointments in Washington Territory, also east of the Cascade mountains in Oregon, will be announced as soon as determined.

After completing these engagements Miss Willard, accompanied by her private Secretary, Miss Anna Gordon, will visit and organize in all the leading cities and towns of Washington Territory, British Columbia, Montana, Idaho, Utah, Wyoming, Colorado, Nebraska, Minnesota and Manitoba. This is the tenth year since the organization of the Woman's Christian Temperance Union, and its officers purpose to introduce the Society in every town of ten thousand inhabitants and over, as the best manner of signaling this epoch in Temperance work. The Society is now organized in three thousand towns and cities of the United States, and has seventy thousand members as its estimated constituency in 1883. Mrs. Lucas, the sister of John Bright, is President of the British W. C. T. U., and Mrs. D. B. Chisholm, of Hamilton, Canada, is President of the Canadian W. C. T. U. Miss Willard and these are in correspondence relative to a simultaneous movement for such an increase in the number of local auxiliaries as will make this the most notable year's organizing ever known in Temperance annals.

DEAR FRIENDS:—Much as we all appreciate the kindness shown to Miss Willard in the receptions everywhere when she tendered her and the callers who desire to pay her their respects, we are obliged to say that she can not do justice to these demands upon her time, and strength and justice also to her public work. Will you, therefore, carefully observe the following points: Omit her arrival let her go quietly, and at once to a home where she can remain throughout her stay, not being transferred even for one meal.

Let her rest between her meetings, receiving no calls, as she cannot meet our friends in public and in private also.

These suggestions apply in full force to Miss Gordon, who, not well and cannot do more than help and care for Miss Willard. The above is published at Miss Willard's request.

Mrs. H. K. HINES, Pres. Oregon State W. C. T. U.

They will also build near the parsonage in Dayton, a part of the material being already on the ground. The latter church will be 30x50 feet and cost \$1,000.

The U. S. Snag-puller, "Corvallis" Capt. Hedges, arrived in the Yamhill Sunday and is busily engaged clearing the channel.

Is It Not True. There can be no argument as to the qualities essential to a perfect remedy for the ills arising from a disordered or inactive condition of the liver, stomach and bowels. Everyone will admit that it should be perfectly safe for old and young of both sexes, at any and at all times; that it should be acceptable both to the taste and to the stomach; that it should never fail to act promptly and thoroughly, yet painlessly, and it should give strength to those organs. It is now well known that Syrup of Figs possesses those qualities in a pre-eminent degree. Rogers & Todd are agents for this place.

McMinnville, Oregon.

Hambletonian Mambrino,

(Heretofore at the head of the Rossville Stud) will make the season of 1883 as follows: North Yamhill, Mondays; Lafayette, Tuesdays; McMinnville, Wednesdays and Thursdays; Bellevue, Fridays and Saturdays.

Hambletonian Mambrino is a beautiful dark bay or brown, 15 hands, 2 1/2 inches high and weighs over 1,400 pounds. He is unsurpassed for style and beauty; long-bodied, with a rangy neck and blood-head. He is heavy muscled, and as for feet and legs no horse can excel him.

Of his progeny as a sire there can be no doubt. All his colts have the impress of his high form and superb courage, and when placed on the market have, so far, commanded (at the same ages) as high a price as the got of any horse in the North Pacific.

During the last year his got was awarded many premiums and was the winner of the three-year-old three-in-five races at Vancouver and the State Fair, defeating in both races the finest field of three-year-olds that ever came together in the Northwest.

PEDIGREE.—Hambletonian Mambrino was sired by Menelaus, (the sire of Cleora, record 2:18, and sold for \$15,000), he by Rysdyk's Hambletonian.

1st dam Olean, by Border Chief. 2nd dam by Oliver. 3rd dam by Chorister, he by imp. Contract. Menelaus' first dam Jesse Bull by Long Island Black Hawk. 2nd dam by Young Duroc, he by Duroc, he by Dionede. 3rd dam by Coffin's Messenger, son of imp. Messenger.

Border Chief, sire of Olean, was by old Mambrino Chief, 1st dam by Highlander, 2nd dam by Genesee, 3rd dam by Post Boy, son of Henry that ran with Eclipse.

Thus it will be seen that Hambletonian Mambrino has eight Messenger crosses and unites the two greatest strains of American trotting blood—those of Rysdyk's Hambletonian and Mambrino Chief, being a lineal descendant of imp. Messenger on each side of the horse. To this, the very quintessence of American trotting blood, he unites the rich racing strains of Genesee, Wagner, Chorister and Post Boy, famous in the annals of the running turf on both sides of the Atlantic. He also has the Bashaw blood, through Long Island Black Hawk, the first horse that ever trotted below 2:40 to a road wagon.

TERMS.—\$25 to insure; \$25 by the season. Cares will be taken to prevent accidents, but no responsibility assumed. Address: Wm. GALLOWAY, Bellevue, L. B. LINDSAY, Rossville, Oregon.
