

Newspaper Decisions.

1. Any person who takes a paper regularly from a post-office, whether directed to his name or another's, or whether he subscribes or not, is responsible for payment.

2. If a person orders his paper discontinued he must pay arrears, or the publisher may continue to send it until payment is made, and then collect the whole amount.

3. The courts have decided that refusing to take newspapers or periodicals from the post-office, or removing and leaving them in the office, is prima facie evidence of intentional fraud.

4. The Postmaster-General has decided that postmasters who fail to notify publishers when subscribers remove, or fail to take their papers from the post-office, shall be responsible for their subscription.

OUR PEER-LEAD.

Good time to sleep. See Sheriff sale notice. Sheriff Collard was in town Tuesday.

Considerable threatening, but no rain. The northern portion of town improves slowly.

Five imported Cigars—the best in town—at the Bakery. Our telegraph operator, Mr. Wilcox, did not get off on the strike.

Blackberries selling for 37 1/2 cents per gallon. Pretty dear fruit. California potatoes in the market and selling at 24 cents per pound.

County Surveyor J. C. Cooper is keeping straightening out the lines. Dr. J. T. Azgur has a fine set of buggy or light hack harness for sale.

The first hark of the season brought to market by Mrs. Thomas Owen. Mr. Morrison, of Sheridan Flouring Mills, was in town on Monday last.

String beans, having at 25 cents per gallon, selling at 27 1/2 cents. Too much. Thanks to County Clerk Spencer and his able assistant for numerous favors of late.

The ice cream and lemonade at Grissman's will make a man feel good, these hot days. Mr. John J. Shipley has been appointed Notary Public, by His Excellency, Gov. Moody.

R. M. Tolbridge, of Tillamook, is going to make final proof on his homestead. See notice. Fancy Groceries at bottom prices, at the Bakery.

Mr. S. F. Stages has been very ill of a disease very much resembling Asiatic cholera. WANTED—A girl to do housework in small family. Enquire at the drug store of Robison & Baker.

J. B. Rohr is building a neat residence on the ground formerly occupied by the old store building. Joe Fishburn, the pump and windmill man, of Salem, dropped down about us Monday evening.

Sheriff Collard is kept on the move, the days, as his deputy—Mr. Harris, has gone to the coast to recreate. Mr. Multzer, of the St. Charles Hotel, has been alling for the past week, and looks considerably emaciated.

Mr. Ralph Dement, law partner of Hon. John H. Mitchell, has been appointed City Attorney for Portland. And still a signs of improving Third street. Why not declare the street "swamp land" and fence it up?

Some interesting figures concerning the finances of Yamhill county, will be found in another column of this paper. The residences of Messrs. Wright and Wallace are looming up conspicuously. They will be handsome additions to our town.

The old Beary store building has been removed from its former position and now occupies a place close to the corner of Third and A. Rev. J. R. W. Sellwood will hold service in the Episcopal Church, on Sunday next, morning and evening. Evening service at 5 o'clock.

Harvest approacheth rapidly; and it is said will be of rather short duration, as much of the grain will ripen and demand attention at the same time. Johnnie Vanatta has a "nasty" looking arm on him. He went berrying and ran across a patch of poison oak and had his right arm badly poisoned.

Mr. A. S. Bible, of Sheridan passed through town last Sunday, on his way home from Oregon City, where he had been looking after a claim of timber land. Mr. Newgard returned home from Portland, one day last week. He informs us that it is his intention to get the laundry in running condition in about two weeks.

There is an ordinance prohibiting the running at large of cows at night, but it seems to be disregarded; but if their cows should get in the pound, goodness knows why faces. One day last week a party of ten or twelve of our young people left for Nescio-on-the-coast, bent upon having a good time recreating; and they will have it, too.

Custer Post Band have just received a lot of improved music stands; and will order a lot of fine music in a day or two, which they will practice up for the coming season. The addition to Sax's new mill is nearing completion and when finished will make the finest and largest mill building in Yamhill county, and one of the finest in the State.

"Pride of the Port" cigars are a new four-for-a-quarter cigar kept by Mr. H. H. Welch, and we can recommend them as being the best cigar for the money ever brought to this town. Milton, the thoroughbred Clydesdale stallion, lately owned by James Pringle, was last week purchased by Mr. J. W. Hulery, of Lafayette, and will be kept by Mr. John Hulery, at this place.

W. H. Binham, the furniture man of McMinnville, can let you out for housekeeping in good style. All kinds of furniture, pictures, picture frames, bird cages, dusters, baby carriages, etc. etc. The Oregonians says that parties in Portland sell cranberry for ten cents a bushel, for food. Some of our boys would fill their savings banks if they could what they catch of these in Portland; couldn't you boys?

R. M. Sites of Dallas, aged about 21 years, committed suicide last Wednesday night, by shooting himself through the head. Mr. Sites will be remembered by many young people of this county. No cause is given for the rash act.

Mr. J. E. Brooks has the finest flower garden in this section. And not only has he beautiful flowers, but choice and substantial shrubbery, that has been lately planted, and in a few years his little "home on the hill" will be a perfect paradise.

Our Sheridan correspondent again calls the attention of our agency officials to the Sheridan bridge. This bridge, last year, cost our county a good round sum, and the matter of tightening the bolts should be attended to at once.

Mr. A. C. Davis has received a letter from Andy Stewart, who was taken to the asylum a short time since, in which he states that his reason has returned, and that he expects to be sent home in a few days. His friends will all be glad to hear this.

Everything is quiet out at the warehouse, but in a few days we may expect to hear things fairly ringing in those quarters. We learn that Capt. Apperson, of Oregon City, thinks of purchasing the warehouse of Messrs. Martin & Stout.

Mr. M. V. Easley, of Willamina, the Monarch Bee Hive man, was in town yesterday and came in to see us. Mr. E. has lately applied for a patent on an adjustable portable fence, which, as he describes to us is a good invention, one that will prove a great convenience to our farmers.

There is a fine lot of lumber on the yard of the Yamhill Lumbering Company, near the North Yamhill bridge; and much is being hauled away and more is being manufactured. We are glad to see this company doing well.

Mr. Supervisor, where are you? Several planks in the bridge spanning the Yamhill are worn out and one or two are broken through, and need your attention at once. Come don't wait until a horse breaks a leg but make necessary repairs at once.

Did you notice Mr. J. J. Flynn, the blacksmith, working for W. T. Booth, limping about last week? A great big lubberly cayuse stepped on Flynn's foot, the toe-cork of his shoe penetrated the foot, causing a painful wound, but being of solid metal, Flynn remained on his feet.

The Dayton Woman's Christian Temperance Union, on July 14th. We would gladly publish the proceedings; but as it was moved and carried that a copy of the minutes be published in one of the county papers, our Dayton friends might object to having them appear in the REPORTER.

Our young people are in the habit of boarding the evening train when it arrives and taking a short ride while the train is being switched onto the side track. There is danger attached to this, as the train is liable to be jerked back or forward at any time, and the safest plan is to keep off the cars.

We received a pleasant call on Monday last from Messrs. Jas. McCain of Lafayette, and Charles Sullivan, who were in town on business. Mr. McCain had just returned from a trip to Tillamook, and reports a fine weather, fair fishing and a large number of people from the valley, over there. Tillamook is the place to go for a pleasure trip.

Col. Chris Taylor, of Dayton, paid us a visit last Saturday. He had just returned from a visit to the Sound, and reports a jolly time. He will also depart for San Francisco to attend the Knights Templar demonstration in that city. The Col. is one of those men who enjoys himself wherever he is. He is "way up" on his subscription to the REPORTER—being paid to Aug. 1, 1885.

James Mize and John Versteeg, two Wheatland boys, were arrested on Monday for alleged disturbance of a meeting on Sunday. Will have their trial at Lafayette to-morrow. The boys say they are innocent of the charge—that is the wilful part of it. The former were not acquainted with, nor during a residence of several years at this place, Mr. Versteeg was known as an exemplary young man.

Several of our pretty little girls—ladies (if we may)—have learned the art of whistling, kid aside their glasses, and now may be known while upon the streets by the beautiful little ditty—"Middler's Dry"—which they pour forth whenever they chance to spy a young man. This looks vulgar enough for boys; but when we see young ladies following the practice, it pains us and fills us with mortification for them. Girls, stop it!

The two bridges in the western edge of town need the attention of the road supervisor. The one over Cozine Creek has several planks broken, and is made dangerous thereby, while the apron approaching the bridge, just west of the west end, is in a tottering condition and looks as if it might fall at any time. The season for grain hauling is about here, and all bridges throughout the country should be examined and put in thorough repair.

We have received the premium list for the Oregon State Fair for the year 1885, which begins on Monday, Sept. 17th and continues one week. Premiums on stock have been increased, so that it may prove of more interest to the stock raisers to prepare for the fair. It is the aim of the managers to make this the 23d annual exhibition the best ever held. Hon. Wm. Galloway, of this county, is one of the Board of Managers.

Our druggist, A. B. Baker, is himself again. But Monday morning it was thought by many of his friends that his case was a critical one and that he must go to the asylum. The cause of this derangement was excitement, however, and matters were righted; born to his wife, a bouncing boy; and Al says he is a natural alto player; that already he can run the scale in all the keys, the only trouble being that the little fellow keeps too late hours in practicing. Mother and child both doing well.

Mr. W. H. Wood, of wheatland, dropped in to see us on Monday, and brought with him two samples of wheat—one, the "White Velvet," a winter variety that was not frozen out last winter, and which has ripened and is being out. As this did not freeze being out, quite a number have spoken for the seed. The other sample was the variety "Chief," looks splendid; but about one-fourth of the bushes are not filled. This was of the early spring sowing. Mrs. Wood sends us a half gallon of nice blackberries, for which she will please accept our humble acknowledgments.

The old land-mark, that has stood since the year 1836, is being torn away and will soon be numbered with the things of the past. We speak of the old McMinnville College building. The east wing has been purchased by Rev. E. Russ, and we understand will be converted into a dwelling, after being moved to other quarters. What will be done with other portions of the building we are unable to say; but it will be torn away and upon the ground now occupied by it will be erected the new Baptist Church. Many of those who have "got their start in Yamhill" have received instructions in this old building, and as it is being torn down, it causes us to feel as if an old friend was being taken away. But the building has outlived its usefulness, and its place will be filled with a more spacious and substantial structure.

DEATH OF JOSEPH HAYES. We learn through Mr. Robert Gunnling, who has just returned from Montana, the particulars of the death of Joseph Hayes, who left this county with Mr. Gunnling last spring, for the purpose of locating land, but at the time of death was in the employ of the N. P. R. R. Co. as painter. He was painting on the depot and after work was standing on the platform when the construction train came along and the engineer, a friend of his, asked him to ride out to the China camp and back. Consenting, he sprang aboard and both were killed in the collision which followed, the particulars of which have appeared in the papers heretofore.—Joseph Hayes was born in Broom Hedge county, near Belfast, Ireland; was aged 25 years. His father is now a well-to-do farmer and stockman at Castleton, Kansas. He was a good, steady, industrious, honest young man, a favorite with his fellow workmen and also his employers, and his untimely death is sincerely lamented by all his numerous friends.

MARRIED. At the residence of Thomas Bowles, North Yamhill, Oregon, July 22nd, 1885, by Rev. D. O. Ghosly, Mr. Robert J. Bowles and Mrs. Eliza C. Foadley, all of Yamhill county, Or.

AN INTERESTING AND INSTRUCTIVE BOOK. All know that the books of Daniel and the Revelation are two of the most wonderful books in the Bible. The author of this work, gives the result of thirty years study, and throws a flood of light on these two books as no other work in any language has ever done. No fanciful theories are presented, but arguments are drawn from ancient and modern history and the most reliable authorities, in great abundance to make clear the meaning of these important books of the Bible, verse by verse, and convey an amount of information which cannot elsewhere be found in so concise a form.
