"Brace up, Mr. Taylor; brace up."

His promotions from time to time are good evidence of the confidence in his ability to impart correct information upon any subject pertaining to the Business Course. He is a young man of good habits and address; and is one with whom students can get along pleasantly.

Our town and vicinity is becoming infested with traps, and the "check" of one of them would cause a mite to blush. On Tuesday two of these fellows came into town and after lounging around for some time, one was locked up for drunkenness. Toward evening the other went to the residence of S. D. Gannt, and finding Mrs. G. alone, ordered her to get him some supper. Too frightened to disobey, the lady gave the vagabond his supper. After stuffing himself he left town by the south road, but not until he grossly insulted a lady whom he met near Cozine bridge. This wretch was allowed to leave town in peace, where he should have received a severe whipping. Ladies should be prepared at all times to give these fellows a "warm reception" when they (the tramps) see fit to make themselves too conspicuous.

We hereby certify that we have purchased a Fire Tightening Machine, now being sold by Harris & Parker, which we have thoroughly tested and find to be a success for tightening trees, and can recommend it to every man who has loose trees on bushes, hacks or wagons, as being all that is claimed for it.

Hambletonian Mambrino,

(Heretofore at the head of the Reedville Stud) will make the season of 1883 as follows:
North Yamhill, Mondays; Lafayette, Tuesdays; McMinnville, Wednesdays and Thursdays; Bellevue, Fridays and Saturdays.

Hambletonian Mambrino is a beautiful dark bay or brown, 15 hands, 2 1/2 inches high and weighs over 1,100 pounds. He is unsurpassed for style and beauty; long-bodied, with a rangy neck and blood-like head. He is heavily muscled, and as for test and legs no horse can excel him.
Of his progeny as a sire there can be no doubt. All his colts have the impress of his high form and superb carriage, and when placed on the market have, so far, commanded (at the same ages) as high a price as the get of any horse in the North Pacific.

During the last year his get was awarded many premiums and was the winner of the three-year-old three-in-five races at Vancouver and the State Fair, defeating in both races the finest field of three-year-olds that ever came together in the Northwest.
P. EDIGER:—Hambletonian Mambrino was sired by Menelaus, (the sire of Cleora, record 2:18, and sold for \$15,000), by Rysdyk's Hambletonian.

1st dam Olean, by Border Chief.
2nd dam Olinia, by Oliver.
3rd dam by Christler, he by imp. Contract.
Menelaus' first dam Jesse Bull by Long let and Black Hawk.
2nd dam by Young Duroc, he by Duroc, he by Diomedes.
3rd dam by Coffin's Messenger, son of imp. Messenger.

Border Chief, sire of Olean, was by old Mambrino Chief, 1st dam by Highlander, 2nd dam by Glencoe, 3rd dam by Post Boy, son of Henry that ran with Eclipse.
Thus it will be seen that Hambletonian Mambrino has eight Messenger crosses and unites the two greatest strains of American trotting blood—those of Rysdyk's Hambletonian and Mambrino Chief, being a lineal descendant of imp. Messenger on each side of the house. To this, the very quintessence of American trotting blood, he unites the rich racing strains of Glencoe, Wagner, Chorister and Post Boy, famous in the annals of the running turf on both sides of the Atlantic. He also has the Bashaw blood, through Long Island Black Hawk, the first horse that ever trotted below 2:40 to a road wagon.

TERMS—\$25 to insure; \$25 by the season. Care will be taken to prevent accidents, but no responsibility assumed.
