McMINNVILLE, OREGON, FEB. 21, 1884.

SLATER'S LETTER.
Senator Slater, in his reply to the eastern Oregon wool growers Association, gives the Republicans the best campaign document that they may expect to get during the present campaign, and the Democratic free trade papers are giving it a wide circulation, whereas the Republicans are well pleased.

The first weak or arrogant point in the letter is that he does not propose to yield to the "demand" of any class of interests "however great or important" if they do not agree with his own peculiar ideas of things. How is that for serving a constituency? If a man won't do what his constituency want him to, he ought to resign. We do not refer particularly to the present case of Slater and the wool growers, but emergencies often arise wherein people desire important legislation that was not thought of during the campaign. With such a class of representatives as Senator Slater their appeals would be in vain, unless it suited their own peculiar views. He "recognizes the right" of the people to petition; but Jesus of Nazareth did not mention Slater as one of the things that could be moved by prayer, however great or important the interests at stake.

He says the wool growers did not consider the "interests of the manufacturers." Imagine a free trader posing in the interests of manufacturers! and especially the interests of Oregon wool manufacturers, that employ Chinamen nearly altogether. But that is exactly what he is doing when he takes the tariff off of raw wool. The tariff on wool is 10 to 12 cents a pound. He take off that duty and down goes wool to 10 or 12 cents a pound. This to the 367 wool growers in Yamhill county would amount to considerable pocket change, even if a grant many of them are very small wool-growers; neither are we a wool-growing county; but what must be to those who are? Wool at 12 or even 15 cents a pound would drive all our sheep to the butcher shop. When this is done and all our sheep gone, Australia could say "we must have 30 or 40 cents a pound for our wool." Then we would have to pay it, for the Senator says "our people will follow the fashion." But then the poor laborer or farmer will have to do a month's work to pay for a pair of blankets to keep himself and family from freezing.

But the weak point, wherein he argues that the reduction of the tariff will reduce the price of woolen goods, but will increase the price of wool, has been laughed at by his friends. A man can blow hot and cold, but he ought not to be cold and congeal at the same breath.

He says that we are getting too much revenue on hand. Then pay off the national debt; buy U. S. bonds; we need our rivers and harbors improved; we need more and better government buildings on this coast; our coast defenses are not sufficient to keep off the 100,000,000 Chinamen that were going to overrun the Pacific Coast a few years ago, according to a few "sawdust" politicians. We might keep our sheep and do a few of these things, and we think that if the Senator would get appropriations to complete the locks at the Cascades, instead of stubbornly resisting the petition of his constituents and venturing his own views, he would be serving the entire upper country as a legislator should, and not kill the last vestige of a chance for re-election. Senator Slater, like Gen. H. H. Hooker, may be said to be "a very good man, weighing 250 pounds," but that woolly letter will outweigh him.

It is indeed interesting to note the interest that our neighbor down the way takes in the case of the Republicans, and one would almost be led to believe that he had the good of the party at heart. He has nominated Judge Boice for Congress and says "he is a man of the people and would devote his efforts to their interests." The motives of Judge Townsend are easily discovered at a glance by any man of ordinary intelligence. It is for the purpose of creating discord and strife in the ranks of the Republicans that he devotes a quarter column to the interest of Hon. R. P. Boice, which he winds up by saying that "stalwart methods will prevail and some attorney or tool of the corporations will be nominated." But his "wolf-in-sheep's-clothing" comment will avail him nothing, as his Republican readers are not to be so easily gulled. As upon former occasions, we will inform our cotemporary that he is meddling in matters not his own. Let him look to the nomination of a saint for congress from his own side of the house; for he can rest assured that when the Republicans get ready to nominate a man for the position they will not ask his advice.

The tariff on wool is nearer a national question than anything else on which there is a duty, unless it is wheat. The wool growers want the old duty restored but the Democratic Congressional Committee on ways and means says take off 20 per cent. more. The New York Sun (Democratic) thinks they had better have a mill-stone about the neck of the Democratic party and start it on Salt Creek.

The snow storm that has visited this section during the past week has not been confined to Oregon, alone, but to several of the Pacific States,—being in many sections the most severe storm on record. At Silverton and vicinity the snow, on Monday, ranged from six to sixty feet in depth.

Prince Bismarck has got his back way up at Uncle Sam, and refuses to recognize resolutions of respect passed by congress upon the death of Herr Lasker, a prominent German. Better send a committee over to pacify the old fellow; but they must leave their pork at home, for that is what's the matter with the Prince.

FACTS ARE FACTS AND SPEAK LOUDER THAN WORDS.

LOOK HERE! Sit down and read this, and common sense will tell you that any merchant who advertises with a spirit of malice,
Cannot be Trusted.

It is "nonsense and humbugging to blow and try to blind people about good goods," I claim to have
AS GOOD GOODS
as any other storekeeper, and not any better. They all come from the **SAME FACTORIES**, and every merchant has to keep different qualities of goods to suit his trade. For instance: if a man wishes to purchase a suit of clothes for \$12 he doesn't want a suit of clothes for \$35, and so vice versa.

Why, it is Ridiculous to say I keep good goods, and therefore can't sell them as CHEAP AS MY NEIGHBORS

as every child that goes to school knows better than that.
ALL GOODS that I advertise in our *Local Paper*, the "Oregon Register", and "Dayton Free Press" are
Always to be Found in Stock
and not "just out of them." **TOO THIN!** Furthermore, I will say that I am buying my goods
Strictly for Cash, at Bedrock Figures, and Discount my Bills;
therefore, I can make a REASONABLE PROFIT and still sell goods for LESS MONEY than those storekeepers do that are buying on time and leave the wholesale houses and manufacturers wait from 12 to 24 months for their money. In the first place, they can't expect to buy as cheap as the man who buys FOR CASH, and in the second place the wholesale houses will

Charge Interest after four or six Months
whenever the account becomes due. I will add that I devote my *Whole Attention* to the Dry Goods and Clothing trade, and everything pertaining to it, and leave all other outside business alone.
These are all Facts that I am Willing to Prove.
I don't propose to have my goods lie on the shelves for years. Whatever old goods remain over by the 1st of January will be thrown into **THIRD STREET LAKE**, instead of letting moths get a hold of them, as has been the case in **other stores, here.**

Remember that H. Fisher
keeps a
First-Class Dry Goods and Clothing House,
and is receiving goods every day and has always a FINE ASSORTMENT of GOODS in stock. Farmers of Yamhill County, I am prepared to do an *Extensive Credit Business this year in my line*, and all those that are *responsible for the debts they contract* will find it to their advantage to buy their **DRY GOODS AND CLOTHING of H. FISHER**, as you will **SAVE from 25 to 40 per cent.** in purchasing your goods.
MONEY SAVED IS MONEY MADE.
You will find every week my **GOODS AND PRICES ADVERTISED.**
Very Respectfully Yours,
HUGO FISHER.

What we Believe!

There is no question about it:
B. F. HARTMAN'S
is the place to buy **GOOD GOODS.** No humbugging or blowing about best quality of goods of any kind for less than half what they can be made for. That is simply nonsense, and is only done to get you in their stores to find them "*just out*" of the goods advertised at less than half value, or to show you an article too worthless for any use, with the hope of selling you their goods at big prices. Talk is cheap, and so are all kinds of goods, and when you want to buy

Good, Durable Goods,
You cannot do better than to buy them of
B. F. HARTMAN.
Ladies will find all kinds of Latest style Cloaks, Dolmans, Ulsters and Wraps, Dress Goods, Silk Lace, Mull, Bobonett, Darn-Nit Ties, and everything pertaining to Ladies' Wardrobe.
All kinds of Dry Goods, and any and everything in Gents' Furnishing Goods.
Also, Groceries, Glass and Queensware, Hardware and is **SOLE AGENT** for
Star Mixed Paints,
the best on the coast.
Also, Farming Implements of all kinds, all for the lowest prices.
Also, remember 10 per cent. discount is given for cash.
