**Epworth Conference.**  
**It Brought Many White Ribbons.**  
**An Interesting Session.**  
The fifth annual convention of the Epworth League of the Salem district met in McMinnville, March 6th, at 3:30 p. m., with Miss Maggie Geisendorfer, the president, in the chair. Devotional service was conducted by Rev. D. T. Summerville.

The roll of delegates and chapters was called, there being 21 chapters in the district. The following were reported: Albany, Amity, Brooks, Dallas, Dayton, Corvallis, McCabe, McMinnville, Salem, South Salem, Eugene, Halsey, Lebanon, Westport, Uniondale, Oak Grove, Silverton, Hubbard, Woodburn. One hundred delegates were present from these places.

The following pastors were present: J. T. Abbott of Albany, G. W. Grannis of Salem, H. Gould of Corvallis, G. W. Crandall of Amity, A. Kershaw of Hubbard, L. F. Belknap of Dayton, John Parsons of Salem, D. T. Summerville of Lebanon, J. U. Shultz of Salem, S. E. Meninger of McMinnville, A. S. Milligan of Woodburn, D. H. Waters of Forest Grove.

An uncomfortably crowded house was the cause of some delay at the evening session. Devotional service was led by Rev. Kershaw, and singing by Corvallis league orchestra, composed of the following ladies and gentlemen: Mrs. A. G. Gould, organist, Mrs. G. B. Schmidt, and Messrs. J. L. Underwood, T. Campbell and W. A. Ginn. A number of persons testified in regard to religious experience. Prof. Hawley, president of Willamette university, was then introduced and delivered a most interesting address on the subject, "Consecration." Works, he regarded as the A B C of religion. He who is not consecrated to the work of fully developing all the latent forces for good within him is apt to degenerate into a "rubbish heap." The other two elements in the work of consecration are "God" and "love." These three prerequisites formed the basis of the address, and were an adaptation to the subject in hand of the prominent features of the great painting Angus.

A committee consisting of E. C. Apperson and W. D. McDonald had examined the report and found it correct. On motion of Judge Galloway report was approved.

The meeting proceeded to the election of a director for the term of three years. L. Root nominated J. W. Hobbs, C. A. Wallace nominated R. Nelson, Wm. Campbell nominated Wm. Galloway, C. F. Daniels nominated E. C. Walker. Messrs. Hobbs and Galloway declined the honor with thanks. Mr. Campbell then placed in nomination Mrs. Galloway, and said she was the most competent, anyhow. E. N. Ford and F. W. Martin were appointed tellers. The first ballot showed Nelson in the lead, Walker second and Mrs. Galloway third, but there was no election. The second ballot was like unto the first. Nelson and Walker desired to withdraw in favor of the other two, with a view to suspending the rules and that clerical ballot for Nelson. Nelson and others objected and the third ballot was taken, resulting in the choice of Mr. Nelson by a good majority.

Ballot was then taken for clerk, Messrs. Caldwell, A. M. Sanders, F. J. Martin and Hoberg having been nominated. Clerk Caldwell was re-elected to the position on the first ballot, receiving 50 votes out of 86. Eleven different persons received votes on this ballot.

Director T. B. Kay made clear explanation of the reason teachers salaries were placed at the old figure. On receiving the first state and county apportionment the board figured that the salaries would have to be reduced if the money was made to reach, and this was done with the promise to the teachers that if a second apportionment were received the salaries should be placed back at the old figure. Some patrons had complained of a deliberate raise in salaries during hard times. The action of the board was simply keeping their promise to pay the contract figure. He had no apology to make for this action, and thought that the average of \$505 per annum to our eight teachers, who are the cream of the profession in the county, was none too high a salary to pay. His remarks were received with applause.

Chairman Nelson spoke of the change in the examinations for promotions from one to two annually, and read from the principal's report, showing satisfaction with the rule of dispensing with short recesses. The schools were reported as running very harmoniously.

On motion of Mr. Cooper meeting adjourned.

George W. Jones points out the fact that the statement made in these columns last week that Easter could not come earlier than March 24th, was in error by one day. If Good Friday, or the fourteenth day of the calendar moon should fall on the 21st, it is easy to see that Easter would come as early as the 23d.

Twenty head of 4-year-old fat cattle, of an average weight of 1250 pounds, were shipped from this point to Portland by D. W. Ralston of Sheridan on Tuesday. They were pronounced the finest lot ever shipped from here. Owing to low freights on stock, Mr. Ralston has been compelled to drive to Portland 400 head of cattle and 2,000 head of sheep this winter, in order to realize any profit on their sale.

Mr. and Mrs. B. F. Fuller and Mr. and Mrs. G. W. Olds returned Monday from California, the former leaving by rail on Thursday and the latter by steamboat on Wednesday. The steamer was only one night behind the railroad in reaching Portland. The tourists say that from now on the midwinter fair will grow better all the time. Carloads of exhibits remained unpacked while they were there.

S. Wilson, deplized by Judge Wm. Galloway of McMinnville, Yamhill county, arrived in Salem yesterday with Harold, Perry and Ray Townsend for the state reform school. Their ages are 14, 12 and 7 years, respectively. The first two were admitted, but the latter could not be owing to his age being under 10 years. They were committed as incorrigibles, but Supt. Hendricks says they do not appear as such. Mr. Wilson brought the 7-year-old boy back to Salem and finally had him placed in the orphan's home on Aylmer avenue. If it were possible, he said he would like to have the other two transferred from the reformatory to the home.—(Statesman, 2d.)

V. Levis and Marion Blair, two Amity boys about 17 years of age, were tried before Justice Rhodes on Saturday for larceny of the store of Jeffries & Co. The complaint charges that on December 31, 1905, defendants took 35 pounds of powder, 500 loaded shotgun cartridges, 500 rifle cartridges, 200 pistol cartridges, 2,000 shotgun wads, 50 pounds of shot, 2 fountain pens, and some razors and knives. Nothing was said by the proprietors of the store at the time, but they at once instituted a suit, but by borrowing ammunition and observing one of the knives used by one of the boys, they found the stolen property, most of it being recovered by a search warrant. The boys waived examination and each was required to give a \$300 bond for his appearance. Blair gave the bond, and the other fellow went to jail.

**Something Unusual.**  
As a medicine, is Dr. Pierce's Golden Medical Discovery. And, because of that, there's something unusual in the way of selling it. Where every other medicine of its kind only promises, this is guaranteed. If it ever fails to benefit or cure you have your money back.

It's the only guaranteed remedy for every disease caused by a disordered liver or impure blood. Dyspepsia, biliousness, the most stubborn skin, Scap and Scrofulous affections, even Consumption (or Lung-Scrofula) in its earlier stages, are all cured by it.

It purifies and enriches the blood, rouses every organ into healthful action, and restores strength and vigor. In building up both flesh and strength of pale, puny, scrofulous children, or to invigorate and brace up the system after "Grippe," pneumonia, fever, and other prostrating acute diseases, nothing can equal the "Discovery."

Catarth is positively cured by Dr. Sage's Remedy.

**When Baby was sick, we gave her Castoria, When she was a Child, she cried for Castoria, When she became Miss, she clung to Castoria, When she had Children, she gave them Castoria.**

**An Unseen Enemy**  
Is more to be dreaded than an open and visible one. That subtle and lurking foe, which under the generic name of malaria manifests itself, when it clutches us in its tenacious grasp, in the various forms of chills and fever, bilious remittent, dumb ague or ague cake, can only be effectually guarded against by fortifying the system against its insidious attacks with Hostetter's Stomach Bitters, a thorough antidote to the poison of miasm in the system, and a safeguard against it thoroughly to be relied upon. In the event of a malarious attack, avoid poisoning your system with quinine, and use instead this wholesome remedy, unobjectionable in taste and far more efficacious than any drug. Use the Bitters for dyspepsia, biliousness, constipation, kidney complaints and rheumatism.

The Junior Endeavor society will give a missionary entertainment at the C. P. church Friday evening, March 16th. After the exercises a ten-cent lunch will be served. All are cordially invited.
