The Amity Poppin is dead again. At least we suppose it is. The sheriff went up Monday and took possession of the coffin, which he found packed up at the depot ready to be shipped. On the same day a chattel mortgage was executed and filed, from Long to Lemasters, for \$300, but the populist lawyer who drew up the document got things mixed to such an extent that the power to foreclose and take possession lies with the mortgagee instead of the mortgagee.

A public meeting in behalf of the reading room was held on Sunday at the opera house. Rev. Denton presented a report for the first year of the institution, showing the same out of debt and enjoying a good patronage.

Prof. Brownson made the address of the occasion, and urged contributions for the ensuing year. Card pledges were taken aggregating about \$5 per month, and old yearly pledges were renewed, so that running expenses will probably be met by these. The reading room has become a fixture that the town could not well do without, and its future is an assuredly successful one.

The spirit of fraternity received a great uplift last Friday night when a delegation of twenty from Charity lodge No. 7, A. O. U. W., went from this place, and smaller delegations from Carlton and Dayton to meet with the brethren of No. 31 in Lafayette. After routine business visiting brethren were given an audience, and home people were surprised to know how some of our citizens can talk when they go away from home. The Lafayette boys were loaded for the occasion. After the speaking they spread a rich repast in about the same time it takes to say "Jack Robinson." The way they did it showed that the men of Lafayette are well versed in the culinary art. With the fine supper came music of equally high order. Messrs. Olds, Littlefield, Dugan and Bryant are alike versatile in vocal and instrumental selections. Olds as organist and comic soloist, Littlefield's deep base, Bryant with banjo and Dupuy with violin form a rare combination. Lafayette's hospitality is unsurpassed, and those who went from here hope to reciprocate in some measure in the near future.

"Beauty" may be "only skin deep," but the secret of a beautiful skin is pure blood. These coarse, rough, pimply complexion may, in most cases be rendered soft, smooth and fair by the persevering and systematic use of Ayer's Sarsaparilla.

Miss Mattie Gilbert was taken to the hospital in Portland on Saturday. The band did a kind and considerate act in discouraging sweet music at the time of the lady's leaving. Another pleasing performance along the same line was the singing of Easter songs by the kindergarten school to the sick in the city on Friday.

Several persons were deceived by the coincidence of the band playing in the open air last Saturday, while the democratic generals were flying around trying to muster their forces to hold a caucus, and the idea prevailed that the democrats were either celebrating the passage of the seigniorage bill through congress or its veto by the president.

Mrs. Languish: "Tired! Oh, so tired all the time!" Mrs. Smart: "Well, so I used to be until I began to take Ayer's Sarsaparilla as a spring medicine, and now I don't know what it is to have that tired feeling. Try it, my dear; only be sure you get Ayer's."

A meeting of most vital interest was held at Newberg on Tuesday last. There was not a large attendance but the subjects discussed and acted upon were of more importance to the future prosperity of this county than any meeting since its organization. Horticulture is our hope.

It is observed that the democrats have E. C. Walker's name in the published list of delegates to their county convention for South McMinnville precinct. Mr. W. authorizes us to state that he did not authorize the use of his name, that he isn't a democrat by a landsideight, neither is he a populist, but he is strictly opposed to fusion too.

The Philergian society will give an entertainment this Friday night, April 6. Great pains and preparation have been taken to make this highly entertaining. You are assured an enjoyable evening well spent. Plays, recitations, dialogue, debate, declamations, vocal and instrumental music of high order will be rendered. Admission 15 cents.

There is a pretty good one on G. W. Keen. He called at a house in town the other day, and when he took his departure he also took the best hat hanging in the hall, belonging to a guest of the family. The mistake was discovered when he presented himself before his wife late in the evening, and early next morning before the birds or officers of the law were likely to be astir, Keen could have been seen wearing his way to town. A hitherto unblemished reputation made explanations and apologies easy.

Sunday's excursion on the Toledo—the first for that boat from here—carried about fifty persons to Oregon City. A delay of about an hour was caused between here and Lafayette by the falling of a tree across the river. It had to be cut out and then allowed to float ahead of the boat for some distance before the boat could pass. The trip down was made in five and one-half hours, including delay, and the return in six and one-half hours. Those aboard say it was a pleasant trip, barring the weather.

At the meeting of the city council Tuesday evening Asa Jackson was licensed to run a saloon for six months; Chief Engineer Griffith stated that the fire department would pay the expenses of a telephone line to the waterworks, the city to pay rent on one and the fire department the other. This was accepted on motion of Councilman Jones. On motion recorder was instructed to draw an ordinance licensing hotel runners. Recorder was directed to draw an ordinance giving the recorder discretion whether he should require bonds for costs or not.

An accident that was bad enough at the best, but might have resulted more seriously, occurred at Whitson Monday evening. After school had let out several of the pupils climbed into a wagon standing by the roadside, and the team becoming frightened broke loose and ran away. The children jumped out or were thrown out, and two little girls belonging to Mr. Dickerson and another child were badly hurt.

SOMETHING NEW IN SCHOOL WORK.
School Suit. Stillwell is the happy recipient of twenty-one different letters sent him through the mail by pupils of district No. 8, located a short distance northwest of the city. The writer has perused the letters, and can say that for penmanship, correct spelling and composition they are surprisingly good. The object in writing the letters was to give the pupils exercise in this kind of practical work. The subject matter communicated is of necessity strikingly similar, and while it shows the circumscribed little world in which the pupils move, it at the same time reveals the great interest they take in their preparation for a larger field of usefulness, and also the diversified manner in which different children will express the same thought. The writers are Mattie Fink, Lizzie Hartman, Irene Bones, Wm. Hauser, Carrie Hibbs, Elsie Henderson, Minnie Sinton, Walter Hibbs, Emory Wasscar, Edgar Berry, Ira Greeley, Vernon L. Derby, Hugh West, Claid Hendricks, John Hartman, Jennie Sinton, A. M. Greeley, Charley Henderson, Willsa Berry, Richard Hendricks and Ray Wasscarver. They all write that whirling or moving of lips in study is not permitted, and they declare it a great success. They all love their teacher and say he is very kind to them. They have adopted the plan of studying geography by going down to the brook near by on Fridays and the older pupils point out capes, islands, peninsulas, etc., to the younger ones. It adds great enthusiasm to the study, and one little fellow says: "The little ones jump at capes and islands like a little duck after a fly." Another boy says he "wouldn't whisper for a five dollars," and a third writes that "it won't do to monkey with his teacher." The teacher's name is Mr. Snuffer.

Who Says Rheumatism Cannot Be Cured.
My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial. To our great surprise she began to improve after the first application, and by using it regularly she was soon able to get up and attend to her home work. E. H. Johnson, of C. J. If Chamberlain's Colic, Cholera and Diarrhoea Remedy is taken as soon as these symptoms appear, they can ward off the disease. Such persons should always keep the Remedy at hand, ready for immediate use when needed. Two or three doses of it at the right time will save them much suffering. For sale by S. Howorth & Co.

HOW IT WAS DONE.
The fact that one Oregon daily newspaper has doubled its circulation in the past year, when nearly all other papers are losing ground, leads many people to wonder how it was done. "The Daily Capital Journal" of Salem has done this, and the reason is very simple. First, it cut down its price of subscription from \$6 to \$3 per year. Next it increased its telegraph service, and improved the paper in every way, and today its postage receipts from the government show that its circulation has been more than doubled. It is the only daily paper that has met the hard times, and it has come off victorious. Every day is adding new names to its list, and it continues to grow purely on merit. Besides all this the Journal is a fearless, independent paper, giving its readers the inside information on all subjects of public interest, discussing men and measures without gloves, which makes it popular everywhere. Send 25 cents for a trial month, or \$1 for four months. HOFER BROS., Salem, Or.

Help is Wanted
by the women who are ailing and suffering, or weak and exhausted. And to every such woman help is guaranteed by Dr. Pierce's Favorite Prescription. For young girls just entering womanhood; women at the critical "change of life"; women approaching confinement; nursing mothers; and every woman who is "run-down" or overworked, it is a medicine that builds up, strengthens and regulates, no matter what the condition of the system.
It's an invigorating, restorative tonic, a soothing and bracing nerve, and the only guaranteed remedy for "female complaints" and weakness. In bearing-down sensations, periodical pains, ulceration, inflammation, and every kindred ailment, if it ever fails to benefit or cure, you have your money back.

The Complexion of a Chinese
Is not yellower than that of an unfortunate individual whose liver complaint has assumed the chronic form. The eyeballs of the sufferer assume a saffron hue, there is dull pain in the region of the organ affected, the tongue is coated, breath sour, sick headaches usually but not always occur, and there is sometimes dizziness arising from a sitting posture. Constipation and dyspepsia are also attendants of this very common ailment, always in its aggravated form, liable to breed abscesses of the liver, which are very dangerous. Hostetter's Stomach Bitters wholly eradicates it, as well as the troubles complicated with it, and which it originates. In chills and fever, a complaint which always yields to the Bitters, the liver is seriously involved. This fine alterative tonic removes costiveness and indigestion, rheumatic, nervous and kidney trouble and debility.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

Norman Lichty Mfg. Co., Des Moines, Ia.
Gentlemen:—Your Krause's Headache Capsules have been and still are the greatest sellers and have given the most entire satisfaction of any article we ever kept in our stores. We have sold gross after gross of them in the past two years and in not a single case have they failed to cure any and all kinds of headaches in the most satisfactory manner. Yours respectfully,
K. D. KRAMER & Co.
For sale by Rogers Bros., sole agents, McMinnville.

A LIBERAL OFFER.—The big eight-page Sunday Statesman will be sent to any address from now until July 1st for only 50c, cash to accompany the order. This is a most liberal hard times campaign offer, as the Statesman is the second paper in Oregon, and republican in the core. This is a campaign of education and it is our purpose to assist in the good work. The Statesman gives all the news of state and nation and during the campaign its Sunday edition will be a symposium of political news and gossip for the entire state. It is illustrated and consists of eight full pages of select reading matter, including a short story and a wealth of poetry and miscellany. Every voter in Oregon should read a paper from the capital during the campaign and we make this offer to suit the times. Sample copies free. All subscriptions will be consecutively numbered upon receipt and each tenth subscriber will be presented a year's subscription to the Cosmopolitan magazine, costing \$1.50. Address all orders to The Statesman, Salem, Or. 8-6
