It is only of late years that rheumatism has been treated as a blood disease. But that this is a correct theory is proved by the extraordinary success attending the use of Ayer's Sarsaparilla, in this painful and very prevalent malady. It seldom fails of radical cure.

Mattie and Eva Martin have gone to Amity, where they will open a millinery store the last of the present week. They are a couple of number one young women who have a definite idea of what it takes to win practical success in any calling, and the people of Amity will undoubtedly have a first-class establishment where ladies' head gear is dispensed.

Nothing in the eating line goes to waste in McMinnville, and her people are fat, healthy and smart. It requires a good many feasts, however, to keep victims from spoiling, and the Workmen did their duty in this line Friday night, the Oddfellows Saturday night and the Workmen Monday night. A good many friends from neighboring towns came in to assist.

There are Sarsaparillas and Sarsaparillas; but if you are not careful in your purchase, the disease you wish to cure will only be intensified. Be sure you get Ayer's Sarsaparilla and no other. It is compounded from the Honduras root and other highly concentrated alteratives.

It has been proven beyond dispute by the authorities that imperfect spectacles and imperfect lenses are a fruitful cause of many troubles which persons suffer from their eyes. The medical faculty may differ on all other points regarding the human system, but they unite on this one point: That when it becomes necessary to wear spectacles, a competent oculist should be consulted. The eyes should be fitted with a spectacle having a clear, white, perfect lens, with the curve of the lens so ground that the axis is in the center. Dr. Lore can fit such lenses to your eyes. Thorough and exhaustive examination free at Dr. Wright's office.

Judge Galloway, the democratic nominee for governor, on his return from Portland, Saturday evening, met with a cordial reception from his friends. The band was brought out and discoursed some good music and there was quite an imposing spectacle of handclapping and congratulation. This was as it should be. No one can truthfully deny that Judge Galloway is an influential and respected citizen of McMinnville, worthy to wear the honors of a democratic nomination. But between according what is due to a fellow citizen by way of manifesting congratulation and respect, and voting for and upholding the political party which he represents, there is the broadest possible difference.

The oldest Mason and the oldest soldier in the late civil war must take a rear seat, so that the oldest son-in-law in the United States can have a show. He has just been discovered at Lebanon in the neighboring state of Oregon, in the person of David Brewer. He has passed the 84-year limit, and his mother-in-law who resides with him, is 99 years old. Beat this record of the son-in-law, or equal it in the mother-in-law line and the bun is yours.—Tacoma Union.

The work on the Oregon soldiers' home is rapidly nearing completion, and President Mullen expects to have the building ready for occupancy not later than May 5th. The water pipes are now being laid through the grounds, and workmen are busy in every direction putting on the finishing work. The water company has a force of men putting in a main from West Roseburg to the home, and it will be but a few days until the water is turned in. AMITY GETS THE PRIZE.—Representatives from the various Workmen lodges in the county held a meeting Saturday afternoon, and by an almost unanimous vote agreed upon Amity as the place for the annual spring celebration. The only dissenting votes were in favor of Dayton, Saturday, May 26th, was the day set, and if the weather is propitious, Amity will on that day proceed to entertain the brethren after the most approved fashion. The matter of making a barbecue was voted down. Reduced railroad rates will probably be secured.

A GOOD SPEECH.—Hon. C. H. Dodd ably filled the place of Hon. Rufus Mallory, who was unable to be present, at the republican rally Wednesday evening. Mr. Dodd is a gentleman of extensive travel and business interests, and has made no superficial study of the tariff question. He spoke of the effect low tariff would have on the wool, lumber, hop, wheat and prune industries of the Pacific coast, to all of which it would work ruin and disaster. His arguments were illustrated by facts and figures that could not be disputed, and they were specially earnest and convincing. All were pleased with the speech, and believe Mr. Dodd a good man to send over the state during the campaign.

BILLIONS COLIC PREVENTED. Persons who are subject to attacks of bilious colic can almost invariably tell, by their feelings, when to expect an attack. If Chamberlain's Colic, Cholera and Diarrhoea Remedy is taken as soon as these symptoms appear, they can ward off the disease. Such persons should always keep the Remedy at hand, ready for immediate use when needed. Two or three doses of it at the right time will save them much suffering. For sale by S. Howarth & Co.

We hope to see a general attendance of teachers. J. B. SHELWELL, President.

Who Says Rheumatism Cannot Be Cured. My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial. To our great surprise she began to improve after the first application, and by using it regularly she was soon able to get up and attend to her house work. E. J. Johnson, of C. J. It is Good. The more Chamberlain's Cough Remedy is used the better it is liked. We know of no other remedy that always gives satisfaction. It is good when you first catch cold. Prohibition Convention. The prohibitionists of Yamhill county met at Armory hall in this city, Saturday, April 14, to nominate persons for the various county offices. The forenoon session resulted in effecting a permanent organization with D. A. Snyder, of Dayton, as chairman and S. Hobson, of Newberg, as secretary, and the appointment of committees on resolutions and nominations.

The committee on resolutions reported immediately on the opening of the afternoon session, endorsing the national platform adopted in 1892, and the state platform recently adopted at Salem.

The convention then proceeded to nominations, with the following result: State Senator, C. E. Hoskins, Springfield; Representative, A. M. Bray, Dundee, and D. A. Snyder, of Dayton; Clerk, Charles Buell, Sheridan; Sheriff, G. C. Christensen, Newberg; Recorder, E. L. Harford, Newberg; Treasurer, A. P. Macy, Dayton; Surveyor, G. W. An Old Song. When giants lived in ancient times, Sing high, my boy, sing high! In good old England, or foreign climes, Sing high, my boy, sing high! They carried things with a high old hand, Nor strong, nor weak, could before them stand, And they killed whom they pleased throughout the land, Sing high, my boy, sing high! But the giants didn't have things their own way when Jack-the-giant-killer arrived on the scene. You remember the story. Recollect, too, that every age has its giant killer. We have our giants in the form of all sorts of dread diseases, supposed to be incurable. Our Jack is in the form of Dr. Pierce, who has proven on the expression "incurable diseases" to be a fallacy. Can you imagine more potent weapons to assist a woman in killing the giant diseases than Dr. Pierce's Favorite Prescription? Its only guaranteed remedy for all functional disturbances, painful disorders, and chronic weaknesses of womanhood. In female complaints of every kind, if it ever fails to benefit or cure, you have your money back. It's simply a question of the company you prefer—the Giant or Jack!

\$100 REWARD, \$100. The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Annual Convention. The Yamhill County W. C. T. U. held a most successful convention in Lafayette the 18th and 19th of April. The president, Mrs. A. J. Whitmore, of Sheridan, in the chair. The first on the program after devotional exercises was the report of county officers. The president reported more work done and the different unions in a better condition the last year than for several years past.

The treasurer's report showed the financial condition exceptionally good, much better than expected, considering the hard times the past year.

Mrs. Haworth of Newberg conducted a model mothers' meeting, which was instructive to all present.

The evening session was well attended. Mrs. Round gave the welcoming address, and was responded to by Mrs. Cox of Newberg. The Lafayette glee club furnished excellent music. The principal address of the evening was by Mrs. L. G. Ronick, pastor of the Friends' church at Sunnyside, Portland. She was listened to throughout with very good attention. She is a very earnest christian woman, and a forcible speaker, without the unnecessary quack that is too often used by woman speakers.

The president of Lafayette seminary, Prof. Bowman, invited the convention to attend chapel exercises Thursday morning, which they accepted with pleasure, and proceeded to the seminary in a body, where all enjoyed the half hour spent. The regular business of the convention occupied the remainder of the day sessions.

The following resolutions were unanimously adopted:

First, That we memorialize our state convention to petition the legislature to attach a penalty for the non-observance of the scientific temperance law, and also for the better protection of our girls, that the age of consent be raised.

Second, We recommend that each union shall organize and maintain an L. T. L.

Third, That we heartily thank the trustees of the Evangelical church for the use of the building, the citizens of Lafayette for their excellent entertainment and the glee club for music furnished.

The following officers were elected for the coming year: President, Mrs. A. J. Whitmore; Cor. Sec., Mrs. Evangeline Martin; Rec. Sec., Mrs. Annie Henderson; Treas., Mrs. Lillian Fox; delegate to state convention to be held in Salem the last of May, Mrs. Townsend of Newberg; alternate, Mrs. A. Henderson of McMinnville.

The evening session which closed the convention was composed of a lecture to the children by Mrs. Urnh and an address by Mrs. Cox. The county executive committee decided to hold a celebration the coming 4th of July at McMinnville. A good program will be prepared and speakers from different parts of the county will be procured and good music will be furnished. A gold medal contest will be held in the evening.
