A 345-pound black bear was sent by Al Southmayd, of Sheridan, to a Portland friend last week. Mr. Southmayd shot him through the neck. The band accompanying the St. Perkins dramatic company was one of the finest ever heard on McMinnville streets, and the orchestra was equally good. The play was very funny, and well rendered. Simmons Liver Regulator is a medicine endorsed and used by physicians and druggists. Otto Walling has disposed of his interest in the Anita. The Port Townsend Leader is running a 23-page delinquent tax book edition these days. Why do you endure the agony of dyspepsia? Simmons Liver Regulator will always cure you. Hon. J. W. Maxwell writes that he has changed his address from Netarts to Tillamook. The man who called sarsaparilla a fraud, had good reasons for he got hold of a worthless mixture at "reduced rates." He changed his opinion, however, when he began to take Ayer's Sarsaparilla. It pays to be careful when buying medicines. The Amity Blade is informed that this paper has made no statement whatever in regard to the Blaine plan being under attachment. What it did state in regard to the Poppa was correct, hence no corrections. That was a heavy frost Wednesday morning for May. The thermometer's minimum register was 29 1/2 degrees, which was but a half degree above the coldest weather in April. As far as we can learn frost is not materially injured. Rev. Charles L. Bonham preached his farewell sermon on Sunday. Accompanied by Mrs. Bonham he took the Monday morning train for the east. George Gammie, of Forest Grove, has been prospecting the vicinity of McMinnville for a location, we understand. We should be pleased to see him again located in the county. The rainfall for the month of April at McMinnville was 3.96 inches, which is rather below the average for the month in a series of years. More or less rain fell on seventeen days of the month. There were eight clear days, thirteen fair and nine cloudy. The committee appointed by the county horticultural association to prepare a plan for cooperation in marketing the products, have held two interesting meetings at Dayton, and have finally decided to call a meeting of the entire association to be held here May 26th. Hon. D. V. S. Reid, of Eugene, and Capt. John O'Brien, of Portland, nominators on the state democratic ticket for the offices of state school superintendent and state printer, addressed a fair audience in Wright's new hall Monday evening. Hon. Wm. Galloway also responded to a call for an address. S. C. Force has sold more than twice as many bicycles as any other dealer in town this season. He has sold six Crescent, a new model of the Western Wheel Works manufacture, which is well known in this vicinity, besides a number of other makes. This record is unequalled so early in the year. The delegation to the state encampment of the Grand Army of the Republic will leave Portland with the Roseburg train Tuesday morning, May 8. The machinery, which was stored in a warehouse here, was taken up this week, and consisted of six washers of presses, hydraulic pumps, etc. A most enjoyable time was had last Friday evening, at the supper given by the Degree of Honor to their sister lodges. There was a very large attendance from all over the county, a short program was rendered and the visitors took home with them an excellent address of welcome given by Mr. Chas. Grisen. The Chicago Lady Quartette appeared Monday evening before a fair house. The opinion seems unanimous that McMinnville has had no such musical treat within the memory of the oldest inhabitant. Good judges have pronounced it vocal and elocutionary perfection. The Rebekahs, under whose auspices they came, did not get rich, but made a trifle over expenses. The city council at its session Tuesday night renounced the action of M. W. Walker for six months, referred to a committee the matter of improving Third street from the Hotel Yamhill to the railroad, G street through to Second, and Second from G to H, the object being to make a good and passable thoroughfare to the depot. A petition for tiling Fourth street from the railroad to the eastern limit of the city was granted. A procession of Imperial wheels was recently photographed for Ururu. In the foreground is the inscription "Nothing but Imperials in it this year." And this is largely true, both in McMinnville and elsewhere. Mr. Ururu has secured a good trade in bicycles through courteous treatment of his customers and by handling wheels that are everywhere acknowledged to possess the highest merit. Besides, he keeps them in thorough repair for one year. It is better to buy an Imperial that you can turn over to your posterity, when you are gray haired, than to buy a cheaper wheel now, and want another in two years. It has been proven beyond dispute by best authorities that imperfect spectacles and imperfect lenses are a fruitful cause of the many troubles which persons suffer from their eyes. The medical faculty may differ on all other points regarding the human system, but they unite on this one point: That when it becomes necessary to wear spectacles, a competent oculist should be consulted. The eyes should be fitted with a spectacle having a clear, white, perfect lens, with the curve of the lens so ground that the axis is in the center. Dr. Lowe can fit such lenses to your eyes. Thorough and exhaustive examination free at Dr. Wright's office. About three weeks ago North Yamhill missed her street lamp, or one of them, and on Monday Sheriff Warren arrested a man named Harris, on a charge of being the thief. The trial was held at North Yamhill before Justice Rannels, W. T. Vinton appearing for the state. Harris was found guilty, the convicting evidence being the fact that the night after the arrest a brother of Harris and another man secured a team from Messrs. Harris and did not return until three o'clock in the morning. The lamp was found next day on a bridge near town, and all that could be elicited from the boys was that they "just took a little drive." Harris was fined \$20 and paid it, and the city is no longer groping in darkness.

Without fertilizer and land plaster for gardens at L. E. Walker's. If you have to sell your wheat on the 40-cent basis, you can make up for some of your loss by getting your grocery supplies of Millspaugh & Cook. Republicans should be on their guard against democratic falsehood and misrepresentation. It is the only weapon left to them to fight the battle of the campaign. It is not too early to mail one they are circulating concerning Geo. W. Branson, that an attempt is being made to withdraw him from the ticket, because he was in an asylum a few years ago. No such attempt has been made, and there is no reason why there should be. He is a sounder man mentally than they can point to on the democratic ticket, and so sure that he will never cast a vote for Penrose for senator. The facts about Branson's insanity are that he was ill for several months with typhoid and lung fever, which not only incapacitated his body to a skeleton, but caused temporary mental aberration. As any person familiar with the dread disease should know, this is no very unusual occurrence. On getting up from his bed, Mr. Branson asked to be taken to the asylum for treatment, where he remained for seven weeks and emerged as sound a man as he had ever been in his life. A leading politician, in response to an inquiry, said, "We were sent for." Who had issued the summons he declined to state, but admitted that the object was to consider the question of fusion. If anything was accomplished in that line it was kept hidden from the rank and file of the convention to be developed at the latter end of the fight by the withdrawal of certain candidates upon some ingenious pretext suited to the occasion. The entertainment given by the North Yamhill public schools Friday evening, April 27, proved to be quite a success. It was given at the close of school, and the pupils manifested a lively interest in the preparation of an interesting program. The hall was appropriately decorated with flags and flowers. The program consisted of class exercises, songs, recitations, etc., interspersed by music by the school boys. The exercises were generally very well rendered, but we will only mention a few of them here. One which met with considerable applause was a class exercise, "Choice of Occupation," by eight small boys from Mrs. Shuck's room. They were children of from four to eight years of age, who set forth in glowing terms their expectations for the future. We would say that if they are realized we are sure to have some good and useful men from the rising generation. Another feature of interest was a motion song by a number of little girls from Miss Miller's room. The Japanese fan drill, given by a number of young ladies of Prof. Duncan's A grade, was conceded to have been well executed by all. There were about 125 school children in attendance, almost all of which took an active part of some kind in the program. There were over five hundred people present, many of which were unable to procure seats. MILL MAY. Joint Literary Meeting. Of all the remedies that have ever come under our notice, claiming to cure headache from whatever cause, we take pleasure in saying that we know of none in our estimation that is as beneficial for the quick and permanent cure of the above complaint as Krause's Headache Capsules which are manufactured by the well-known family chemist, Norman Lichty, of Des Moines, Iowa. Krause's Headache Capsules are guaranteed to cure headache from whatever cause, and we cheerfully advise those of the retail trade who have never kept the above valuable goods in stock, to order a supply at once from their wholesale druggist, or address the proprietors as above. —The Bryn Mawr Record, Baltimore. P. church, composed of Misses Carrie Schenk, Josie Gortner, Annie Nichols, Valeria Patty, Bergita Nelson, Lela Baker, Mrs. Poole, and Chas. The Most Gorgeous Treasures of Arabia. What a splendid picture it brought before your mind! You read the glowing descriptions of the secret treasures which the geni of the ring spread before Aladdin's gaze. You pursued this favorite story of your's in "Arabian Nights" when a boy, and your imagination pictured brilliantly for you everything that the words suggested. That was when you were a boy. To-day, possibly, you are unable to do it. Shall we tell you the reason why? Most probably because your liver is sluggish, and as a consequence you suffer from sick headache, dizziness and constipation. Do you want to cure all these troubles permanently, make your liver active, your imagination lively, and in general enjoy things as you did when a boy? All you have to do is to use Dr. Pierce's Pleasant Pellets, purely vegetable, perfectly harmless, the smallest and easiest to take, and they are the cheapest because they are guaranteed to give satisfaction, or your money is returned. What more can you ask?

COMEDY AND TRAGEDY. Democratic County Convention on the Boards Last Monday. The democratic convention of Yamhill convened to place in nomination candidates for the county offices, met in this city Monday, April 30th. Prior to assembling there was the usual amount of rather an unusual amount of animated canvassing in little groups where the recognized wheel-horses had gathered about them a few of the "boys" and were instructing them in regard to what "scheme" to be the general feeling" as to how the convention should be run and who should be nominated on the ticket. There were also visible a number of leading populists, including several of the nominees of that party, who also held animated confabulations themselves and with the wheel-horses in stairways and around street corners. What is all signified and what it may amount to in the future, only wheel-horses and candidates are permitted to know. A leading politician, in response to an inquiry, said, "We were sent for." Who had issued the summons he declined to state, but admitted that the object was to consider the question of fusion. If anything was accomplished in that line it was kept hidden from the rank and file of the convention to be developed at the latter end of the fight by the withdrawal of certain candidates upon some ingenious pretext suited to the occasion. Convention was called to order by J. D. Baker, chairman, of central committee, and on motion H. L. Heath was made temporary chairman, Leroy Lewis secretary and George W. Jameson assistant secretary. By authority of the convention the chair appointed committees as follows: On credentials, Willard Wood, A. M. Peery and J. C. Sawyer; on permanent organization and order of business, M. B. Hendrix, F. W. Fenton, J. R. Mendenhall, R. N. Snell and J. W. Coshov; on resolutions, C. Grissen, C. Nelson, F. Grayson. Adjournment was taken to 1:30 p. m. On reconvening the committee on credentials presented its report. The delegates from Dundee who had come off without credentials asked to be included, which was agreed to, and the report showed the following persons entitled to seats: Amity—J. W. Bridwell, H. Buffum, J. W. Martin, Frank Wright, A. Dorn, M. B. Hendrix, N. H. Perkins, W. T. Whitrow, E. B. Jamison, A. C. Coulter, C. N. Howard. Baker Creek—Henry Gee, B. F. Sparks, C. W. McCall, J. N. Committee on permanent organization recommended making the temporary organization permanent, and the usual order of business in making nominations. On motion of Coshov report was adopted. Committee on resolutions endorsed the state platform and nominees, denounced the repeal of the mortgage tax law and demanded its reenactment, and favored amending the tax law so that one-half the taxes will be payable in the fall and the other half in the spring. On motion of Mr. Grisen report was adopted. Willard Wood moved that nomination of candidates be by ballot and that a majority of votes cast be necessary to a choice. Carried. On motion of M. B. Hendrix the chair appointed for tellers H. Westfield, J. McKern, A. McPhillips, John E. Reister, and W. S. Stater. For state senator J. C. Nelson of West Chehalis was named by R. N. Snell. Ferguson of Lafayette was nominated by Nelson, but declined. Nelson also declined and both were in the field against their will. But the convention voted according to the "general feeling" disincorporating the bosses prior to meeting. Nelson receiving 128 and Ferguson 15. For representatives L. C. Thompson, J. M. Bunn, Chas. Grissen and C. H. Burch were named. Thompson went in on the first ballot and Burch on the second.

QUON HOP.

For county judge Wm. M. Ramsey made the race against time and went in by acclamation. Two ballots were necessary to nominate a candidate for sheriff. On first H. C. Burns had 35 votes, Phil. Mesner 41, Jas. Henry 52 and George Owens 12. On second Henry received 72, Mesner 50 and Burns 19. There was no contest for county clerk, the present incumbent of the office having been nominated by the party two years ago. The first naturalized citizenman in Oregon years ago, the convention considered itself bound by usage to renominate him. A. M. Peery moved suspension of the rules and it was done by acclamation. Ed enjoys the distinction of being the first county clerk in Oregon to issue naturalization papers to a Chinaman. For recorder Leroy Lewis named Henry Bertram of Dayton, Ferguson named John Dixon of Lafayette and some one else named Gus Johnson of Carlton. A ballot resulted in 72 for Dixon, 46 for Bertram and 23 for Johnson. E. B. Collard was an easy winner for county commissioner with 89 votes on first ballot, the balance scattering between J. S. Larkin of Newberg, L. J. Sutter of West Chehalis and R. L. Booth of Willamina. When county treasurer was reached the slate appeared exhausted. After some seconds of painful stillness, O. P. Coshov came to the rescue of the convention by naming H. Rummel of McMinnville, and moved suspension of the rules and nomination by acclamation. Nobody seemed to know what to do about it. There was a weak response to the affirmative and faint voice somewhere in the audience (Rummel himself) responded when the negative was put. The chair was in doubt and called for a division, which brought up a majority for the affirmative. C. T. Saling of Sheridan was nominated for assessor on the first ballot, receiving 103 votes to 25 for Wm. Stater of West Chehalis. E. B. Jameson of Amity received the nomination for school superintendent on first ballot, being placed in the field by M. E. Hendrix. Ferguson named Miss Daisy Stott of North Yamhill. The vote stood, Jameson 97, Stott 46. It was evident from the way the old law was changed and shook their locks, that the proposition to turn the privilege of running for office over to the women folks was not considered democratic in the real non-progressive and Jacksonian sense, and it was voted down with a yim. H. S. Maloney declined to be nominated for county surveyor. This raised embarrassment among, owing to lack of material in the ranks and finally C. A. Linden nominated C. E. Branson. A. M. Peery thereupon named J. C. Cooper. Considerable merriment was occasioned as the nominations closed on the pair and vote was taken to proceed. Finally a motion to reconsider prevailed and B. E. Harris of Dayton was placed on the ticket by acclamation. The spirit of levity had become rampant by this time, but in the twinkling of an eye things assumed an entirely opposite phase. Nominations for coroner being in order, some one named I. E. Fenton of Dayton. Mr. Charles Grissen, who sat inside the bar of the court room, arose smiling and stated that as they had made a good ticket so far he thought it ought to be strong at both ends, therefore he would nominate his excellent friend Ferguson of Lafayette. Mr. Ferguson, evidently not comprehending the jocular spirit of his friend Grissen, came to his feet in a white heat. He said it was the second time this thing had been done to him in a democratic convention; he was too old a man and had served the party too long and faithfully to be made fun of. He wanted the person who made the nomination to take it back; he didn't propose to stand it and he wasn't afraid of anybody, in fact he hadn't been brought up in the woods to be scared by an owl; if the convention heaped this indignity upon him he would not do a single stroke for the party. The chair rapped with his gavel and the vote was about to proceed. Pain and consternation were visible in every countenance, but the healing balm was applied before matters grew much worse. Mr. Grissen stepped forward and stated that he was the offending party, that he had intended nothing more than a pleasantry, but if his friend took the matter so seriously he most humbly apologized. Ferguson said he accepted the apology, and thought Grissen ought to apologize. He had always regarded Grissen as one of his best friends, and was greatly surprised at his conduct. This ended the affair between them, and the convention proceeded to nominate Fenton for coroner by acclamation. The next order of business being the ratification of the justices of the peace and constables nominated by the various districts, the following nominations were ratified: First district, justice of the peace, J. T. Simpson; constable, L. Delahunt. Second district, justice of the peace, T. J. Jellison; constable, A. C. Coulter. Third district, justice of the peace, J. T. Hembree; constable, C. E. Nelson. Fourth district, justice of the peace, G. A. Graves; constable, W. J. Stater. Fifth district, justice of the peace, G. E. Johnson; constable, George Oldham. Sixth district, justice of the peace, B. F. Rhoads; constable, B. F. Clubine. And the convention adjourned.
