#### THE ELECTION.

The republicans of Oregon achieved a grand victory Monday, standing together and fighting for principle. Every candidate on the state and district tickets is elected by large pluralities. Returns from the state are incomplete, but sufficient data has been secured to show that Lord's plurality for governor will be about 15,000. Hermann for congress in this district will have from eight to ten thousand plurality, and Ellis in the second will not fall much behind the same figures. Considerable of a warfare was waged against Irwin for school superintendent, but he will probably have a plurality of 10,000 in the state.

The legislature is overwhelmingly republican in both houses. So far as known the democrats have elected a senator and representative. They have seven hold over senators, which will make their strength in that body eight.

The populists lead the democrats on the state ticket. Returns and estimates received place the vote for governor: Lord 38,972; Pierce 24,178; Galloway 15,875.

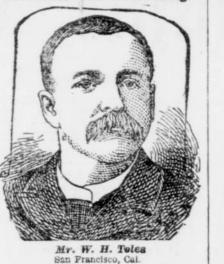

In Yamhill county the republicans have made a clean sweep, by pluralities ranging all the way from 248 to 945. The democrats made their hardest fight on county judge, sheriff and clerk, and succeeded well in holding their forces together on these particular offices. As little use as the average democrat has for populism since the vote was counted out, the election tables show that they were aided materially by the populists in swelling their vote for these offices and in cutting down republican majorities.

The opposition forces appear to be about equally divided in the county between populism and democracy. Populism, it is believed, reached high tide in Oregon at the late election, but it will take the democracy a long time to pull itself together

Chicago, 735 W. Adams St., Apr. 20,'91 Mr. Norman Lichty, Des Moines, Ia. Dear Sir :- A sample of Krause's Headache Capsules was left in my husband's office a few days since, and as I am subject to headaches-neuralgic, nervous, and in fact every other kind-he thoughtfully brought the sample box home. The very next day I had a chance to try them and one capsule relieved me in less than an hour. Next day I was attacked again, took another capsule with the same delightful result, in less than half an hour my head felt as well as ever, with no bad feeling as the after result. I have had these terrible headaches for twenty years, and have tried every remedy I ever heard of, but nothing I have ever taken has cured or relieved me as quickly as Krause's Headache Capsules.
