Is called to the fact that our Eastern houses are advising us thro' their circulars that the newspapers in the East are giving out statements in regard to smallpox having been found in outside places in the city where Clothing, Cloaks, and other goods manufactured in the so-called sweat shops, and a fear exists in the minds of some that the infection might be carried in goods manufactured in such places. While this may be exaggerated, it would be well for our people to avoid peddlers and deal with people they know buy from first-class houses. It is always risky to buy cheap trash coming through auction houses.
