Nor only exclude the undesirable foreigners, but regulate those we have.

The Wilson bill has passed the senate, 39 to 34, and has gone back to the house.

The supreme court has decided that pension money cannot be attached for debt, even when deposited in a savings bank.

There are two years and eight months more of the Cleveland administration. If the present policy is continued by that time even bank receivers will be in the hands of receivers.

We notice in some of the W. C. T. U. columns in our exchanges the statement that while other business men experience failures these times, the saloon prospers.

The great Pullman strike is on and we were without trains or mail service on the 3d and 4th insts. How long the strike will last is not known at this writing.

TALK of a successor to Senator Dolph is occupying the pens of newspaper men and the tongues of politicians. Besides Dolph himself, Hermann, Tongue, Fulton, Hirsch and Mallory are slated.

GROWING LAWLESSNESS.

Unless soon checked the growing lawlessness in this country will become so serious that it cannot be easily stopped. Labor is becoming too arrogant and unreasonable.

Judge Caldwell of the United States court has laid down a rule that has the right ring to it and will go far toward preventing striking workmen from interfering with our laborers and instituting boycotts.

The presumption is good that if we had a president and congress with any backbone the commerce of the country, and even the United States mails, would not be interrupted and demoralized as they have been the past week.

NEWS OF THE WEEK.

Spent money recklessly, and are now howling because they cannot gather more money from bushes and birds' tails.

EQUAL TO THE EMERGENCY.

There is one great consolation to the democrat of Oregon. The next legislature will be so extremely republican that in no manner will it be possible for that body to saddle the responsibility of their actions off on the shoulder of the democrat.

We'll guarantee there's no republican in Oregon so unfeeling as to desire the democrats to have to shoulder one iota of responsibility more than they already have.

ENGLAND AND SENATOR LODGE.

There have not been wanting of late indications of growing irritation with England for its dog in the manger silver policy.

Senator Lodge is not a silver man in the usual sense, being opposed out and out to free coinage in the United States under existing conditions.

Subject to Pain in the Stomach. Elder S. S. Basser, of McAllisterville, Juniata Co., Pa., says his wife is subject to cramp in the stomach.

An Experience Social.

Is called to the fact that our Eastern houses are advising us thro' their circulars that the newspapers in the East are giving out statements in regard to smallpox having been found in outside places in the city where Clothing, Cloaks, and other goods manufactured in the so-called sweat shops, and a fear exists in the minds of some that the infection might be carried in goods manufactured in such places. While this may be exaggerated, it would be well for our people to avoid peddlers and deal with people they know buy from first-class houses. It is always risky to buy cheap trash coming through auction houses. A. J. APPERSON.
