LOCAL NEWS.

Hot peanuts every day at Kuns' bakery. George Fleisher's family is in camp at Jones' mill. C. C. Linden of Sheridan was in the city Tuesday. Mr. and Mrs. T. B. Kay were in Portland Monday. Newell Macnam was up from Forest Grove Tuesday. Beverly Apperson Sunday in Portland. If you really want fine photos with proper lighting go to Hogg, he is not turning out low grade trash. The outing season is a boon to hotels and restaurants. It makes lots of widowers who have to board. Miss Edith Hogg will close a three month term of school at Oregon next week. J. H. Henderson is clerking for Wallace & Walker in the absence of the latter gentleman. Mr. and Mrs. T. A. White of the Banquet restaurant left Monday for a week's stay on the Santiam. Parties running thrasher wagons should call at Walker's meat market for special rates on meat. George Kutch has bought a half interest in Logan in the barber shop. He is a good workman. M. B. Hendrix has again leased the Grange warehouse. Dr. Dukensfeld has the management of it. Teachers' examination Aug. 5th, at 1 p. m. Those desiring state papers should apply at this time. Mr. and Mrs. W. H. Logan, Miss Myrtle Henderson and Miss Woods of Dallas went to Netarts Monday. The families of James Henry, P. P. Gates and Mr. Dodson were touring at the Mountain house the first of the week. Mrs. M. M. Hodson went over to Newport Monday. She was joined yesterday by the families of her son Orville and F. W. Fenlon. The state horse tournament occurs at Oregon City September 4th and 5th. The local teams have been invited to attend and participate. Mrs. E. W. Wallace and children, Mrs. J. H. Henderson and son Robert and Mr. and Mrs. W. J. Loughery went up to Jones' mill Wednesday. The families of F. E. Rogers, J. W. Hobbs, Dr. Calbreath and Ed Hendricks started by wagons yesterday for Netarts bay. They will be absent about three weeks. Ernest A. Cawston, brother of Mrs. John Evenden, arrived Saturday from London. He is spending his vacation in America, having yet five years ahead of him as a hospital student. Hogg, the artist, photographed eight of the principal monuments in the Masonic cemetery last week. The monuments were all put in by Mr. Qualey's granite works, and show first-class workmanship. It is the testimony of most people that Will Kums makes the best ice cream in town. He is also an artist on soda water. Choicest confectionery and fruits always on hand in season. The Ladies' Aid society of the M. E. church will give an ice cream and lawn social at N. E. Kegg's residence on the evening of the 8th. The usual prices will prevail. Gates & Henry of the Commercial studios are preparing to enlarge their office and harness rooms and build a sleeping apartment for employees, being improvements necessary to make matters more convenient. S. Haworth is again in the city this week canvassing for the Standard dictionary. This is the best opportunity you will have to order the latest and most complete dictionary published, delivered to you free of freight. The ball boys divided the honors in their two games with Silverton Saturday and Sunday. The first game stood 7 to 4 for McMinnville, the other 5 to 6 for Silverton. This leaves two games won by each nine. An effort will be made to break the tie at Gervais on the 5th. Will Kums can take a few more contracts for supplying thrasher wagons with bread. Those who wish to be supplied should get in early, or they may get left. To Exchange.—Some desirable and improved Portland property to exchange for farming lands in Yamhill or Washington counties. Address, Paul A. Oszman, box 719, Portland, Oregon, or Rhodes & Rhodes, McMinnville. Yamhill people who reached the top of Mount Hood in the Mazama climb, and have been enrolled as members are six in number. They are Prof. Jessup and Miles Reece of Newberg, and Dr. Swick, Dr. Lewis, Alva P. May and H. S. Ferris of Dayton. The list of premiums for the state fair has been issued by the state printing house. The premiums aggregate \$20,000, one-fourth of which is state appropriation. The fair opens September 17th. McMinnville people who have been appointed to positions during the fair are: John Redmond, division superintendent of horses; O. P. Coshov, superintendent of woollens, manufactures and wool; Mrs. E. B. Fellows, superintendent of millinery, sewing and knitting; gatekeepers at railroad gate, W. L. Warren and John Bennett. A dispute over a trifling matter arose between George Clark and Landford Sanders Monday evening. The timely arrival of Marshal Neal prevented any bloodshed or even any scars. Clark was backing Sanders away from his premises in a threatening manner, for which he was placed under arrest, and was suddenly broke away from the marshal and ran home. He presented himself the next day before the city recorder and plead guilty to disturbing the peace, and also before the justice on a complaint of assault and battery, the two fines and costs aggregating \$22.

Go to Dr. G. S. Wright for fine dental work. A. S. Cooper was in Portland over Sunday. The condition of A. J. Nelson is reported worse. Mrs. F. A. McRae of Seattle is visiting Mrs. T. S. Patten. Rev. Deaton was up to Monmouth this week on church business. F. Dielschneider and a portion of his family are at Meadow lake. Sandusky Wilson and family will drive over to Yagoua bay next week. W. B. Gilson has bought P. J. Sharp's interest in the barbering business. A gentleman from the Palouse country is operating the Whiteson warehouse. A. M. Peery and family drove over to Netarts Monday, to remain about three weeks. I. C. Lawrence was called home from his single mill, owing to the illness of his wife. A new platform has been constructed at the depot by a Southern Pacific carpenter gang. Mrs. E. Sanders of the Hotel Yamhill spent last week and part of this at Meadow lake. Mr. and Mrs. C. R. Cook celebrated the 49th anniversary of their marriage last Monday. Conductor Cline is taking his summer vacation at Foley springs. Conductor Berry has his run. Mr. and Mrs. J. A. Todd went over to Willoughby springs Wednesday, to remain three or four weeks. A daughter was born to the wife of Dr. A. J. Vail, at the Hotel Yamhill, on Thursday of last week. The river bridge at Lafayette is sinking, and requires the immediate attention of the county board. Many hunters are taking advantage of the open season to hunt. Game is reported scarce than usual. J. O. Rogers went to Netarts with the party that left yesterday. He will keep the camp supplied with fish. Lydia Latourrette and A. C. Chandler went on a two days' fish in the mountains Wednesday and Thursday. T. W. Clark, the insurance man, has been suffering for some time from paralysis, and left for a Portland hospital the first of the week. A. M. Sanders is assisting John Knight of Hillsboro, in the insurance business. Mr. K. has worked up a big trade in this line. Union block is to have a coat of paint over her entire front, which will greatly improve her appearance. D. C. Derby will wield the brush. The August apportionment of the state school fund has just been made. It gives Yamhill county \$4,376.97, to be divided on a school population of 5,031. Aamold, the Norwegian violinist, appears at the opera house Saturday evening. He was here three years ago, and the people will remember him as a fine violinist. Rollin & Nelson claim the honor of threshing the first grain this season. On Wednesday of last week they threshed out 1250 bushels of rye and barley. Derby was just a day behind them. John Cook and Bert Millsap were down to Astoria last week. The biggest thing they saw was at a cannery down there when they brought in a single installment of twenty tons of chinook salmon. T. J. Bridgford is building a residence for his own occupation on Maple street, near George Fleisher's. J. W. Gault, J. B. Gardner, J. A. Peckham and P. Fellows are carpenters in charge. Mrs. C. E. Loux and children went to Albany Tuesday, where they will visit with Dr. Fuller's family until Mr. Loux decides upon a future location. He will leave next Tuesday for Pocatello, Idaho. Eliza Wright is preparing for his usual summer outing. He is bringing up his old engine, to invade the grain fields. He says this is the last year, though, that everybody can go to the coast and leave him to sweat over that thrasher. J. J. Henderson, as assignee, has sold 200 acres of the Sanders estate to a Mr. Marcus, of Iowa, for \$35 per acre. Mr. Marcus will occupy the place as soon as he can move out. Three years ago this land would have brought \$60 per acre. It will reach that value again some day. The Yamhill bridge at this place is now completed, and Mr. Henderson, the superintendent of the work, says it is strong enough to bear anything that travels the road. 200,000 feet of lumber, all sound, was put in at a cost of \$750 per thousand. The water span, which has been in about 16 years, was found to be generally sound. Uncle Michael Shelley has been ill at the home of his son, Roland, in this city for several weeks, but is now sufficiently recovered to visit his daughter, Mrs. Sitton of McMinnville. The old gentleman has seen 50 winters pass over his head, and he appeared quite feeble as he stepped aboard the train last Friday.—Independence Enterprise. Bill Taylor, the city bill poster, left town last week, leaving his bill board and his board bill. If his landlady had secured her board bill by taking his bill board, it would have bored Bill to town, but he has lost his bill board. What is Dallas' gain is Independence's loss.—[Dallas Observer. This is the Taylor that left a board bill in McMinnville, but took his bill board with him. The receipts of fees by the county officers for July are less than one-half their monthly salary. But July was an unusually dull month. The new fee system will operate to throw more litigation in justices' courts, and the absence of provision of mileage to sheriffs within their own counties will give constables more to do. Under the new law clerks are required to exact \$5 from plaintiffs in all suits, and \$3 for filing answer, demurrer or motion on the part of any defendant, and an additional sum from the plaintiff of \$12 before any trial shall be had, unless referred to a referee or upon demurrer. The exactions are in lieu of fees such parties have heretofore been required to pay said officials in such matters, and also in lieu of the old trial fee, and they are paid into the county treasury. This law will save to the county in the clerk's office alone, judging from past years, nearly three thousand dollars. This is a republican stroke of economy that the populists ought heartily to endorse.

CAUGHT IN THE COGS.—While oiling his binder Monday afternoon, George Keen, who lives on the Jeff Redmond farm west of town, caught the little finger of his right hand in the gearing. He came to town and had the finger amputated by Dr. Calbreath & Goucher. If the team hadn't stopped as he spoke to them his whole hand would have been mashed. FACT DIRECTORS CHOSEN.—In accordance with the published call of the county horticultural association, the fruit growers in this vicinity met at Wright's hall and organized by electing Dr. E. E. Goucher president and J. C. Cooper secretary of the meeting. Five hundred and fifty acres of fruit was reported, entitling the meeting to six directors. They were elected as follows: J. C. Cooper, E. E. Goucher, G. S. Wright, Wm. Gallo-way, Ed Harrison, George Gilson. On motion the board was authorized to select additional directors as the fruit acreage would justify. BE HUMAN.—The season is upon us when the poor horse comes in for an inordinate share of burden. Recognizing this fact, some of the kind-hearted lady reformers, presumably W. C. T. U. workers, are circulating the legislative enactment for the prevention of such cruelty. All fair-minded men and women should be humane to these dumb animals during the hot and busy season. For the cruel when convicted a penalty is provided of imprisonment in the county jail not exceeding sixty days, or by fine not exceeding one hundred dollars, or by both fine and imprisonment. BEST WOODEN BRIDGE IN THE COUNTY.—This is the opinion expressed by good judges of the new bridge just completed over Hawn creek on the Lafayette road. Wild rumors gained currency in the outset of the work as to what the commissioners proposed to do, and a number of objections were filed on the strength of them. The facts in the case were that instead of the bridge being lowered, as rumored, it was raised slightly. The greatest modification made, and the one that will prove best in time, is the shortening of the bridge about 150 feet by fills at either end, and the consequent reduction of the banks. The bridge is covered one, and its construction was contracted at \$733. AT MEADOW LAKE.—Quite a village of tents is gathering at this mountain resort as the berry season advances. The writer was on the ground Sunday and counted nine tents. A number have been added this week. D. O. Durham, Walter Durham and wife, P. D. Glenn and wife and C. H. Fleming and family arrived on that day. The former pitched their tent in Walker's addition, corner of "Main street" and "Restaurant avenue," while Mr. Fleming located in Garrison's addition, north end. Charles Holman's family and Mrs. Frank Redmond went up Monday. Uncle Jotha Garrison, who has been here a number of weeks, seems to be enjoying life very much. Parties taking drive with his horse and buggy, he occasionally strolls over the big hills gathering berries. The invigorating air from the sea is a wonderful appetizer. People get as ravenous as bears, and with the sports of fishing, hunting, rowing and climbing comes an equally good digestion. YAMHILL'S FRUIT CENSUS. Small Returns Show Surprising Proportions. Twenty-five per cent of the census blanks sent out by the secretary of the county horticultural society have been returned and show that the fruit business of this county is growing to surprising proportions. Of the number of acres of growing fruit trees reported up to date from any one shipping point, Dundee heads the list with 75 acres. Full reports will be published as received. The acreage reported to date is as follows: ACRES Dundee..... 75 McMinnville..... 55 Sheridan..... 331 North Yamhill..... 130 Newberg..... 64 Dayton..... 61 Springbrook..... 39 Bellevue..... 2 Total..... 1040 This is only a small part of the fruit acreage of the county. Newberg probably had the list when full returns are in, although McMinnville's acreage will nearly double. No reports have been yet received from Amity, Carlton or Wheatland. Sheridan men were very prompt. Warren Merchant of North Yamhill sent in first report. Most of the trees reported are young trees from one to four years old. The old apple orchards are reported with a good yield. The few orchards reported give 4,400 bushels. Very few of the enumerators paid any attention to the old apple orchards. Everything is wanted. Every shipping point should be represented at the directors' meeting at Newberg, Saturday, Aug. 4, 10 a. m. and have a hand in the joint rules to be adopted at that time. BRACE THE NERVES. Sedatives and opiates won't do it. These nervines do not make the nerves strong, and failing to do this fall short of producing the essential of their quackery, and these only of nervous irritation such drugs may be advisable, their frequent use is highly prejudicial to the delicate organism upon which they act, and in order to renew their quieting effect increased and dangerous doses eventually become necessary. Hostetter's Stomach Bitters is an efficient substitute for such pernicious drugs. It quiets the nerves by bracing, toning, strengthening them. The connection between weakness of the nervous system and that of the organs of digestion is a strong and sympathetic link. The Bitters, by imparting healthful impulse to digestive and assimilating functions, promotes throughout the whole system a vigor in which the nerves come in for a large share. Use the Bitters in malaria, constipation bilious and kidney trouble. He writes to his wife at the sea shore. I've worked every night last week. But he didn't state that from two o'clock on it had been to unlock the door. WELL KNOWN IN TEXAS. Mr. J. C. Bassell, one of the best known and most respected citizens of Brownwood, Texas, suffered with diarrhea for a long time and tried many different remedies without benefit, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was used; that relieved him at once. NEWPORT LETTER. A Splendid Resort if You Have the Necessary Chink. Newport, Or., Aug. 1, 1894. FACTORS REPORTER: Perhaps a few lines from a fellow townsman would not fail to interest some of the readers of your valuable paper. This seems to be a very popular health resort this summer, for the reason it is the most accessible. You can reach here by train any day and not have to ride two or three days in the hot sun and dust before you can get a good fresh sea breeze, and then you can get your mail here every day. There are now camped and in cottages about 500 or 1000 people and more coming every day. All the little cottages are now pretty well filled up, but there is plenty of camping room yet in a nice cool grove, where the wind does not disturb you much. Nye creek seems to be the most popular camp ground. Here you will find every city, town, village and hamlet represented, and, by the way, old Yamhill is not left out. McMinnville has but two representatives yet, Mr. R. Jacobson and family and J. P. Irvine and family. Newberg is represented by Mr. A. M. Hoskins, Frank Morris, Ab Hill, H. Rees and families, Miss Ingles, and Mr. Heath and family. Among the most noted from Salem, Albany and Corvallis are, Judge Hurst, Judge Huffman, Judge Strahan, E. B. McEroy, Rev. Thompson, Mr. Allen and many others. Sunday was excursion day. About 2500 came in, and the beach was lined with good looking ladies and homely men, all enjoying themselves drinking in the fresh breeze from the restless ocean, and many availed themselves of the opportunity of a good fresh bath. It seemed a good day for hotels and restaurants. We are camped over on Nye creek near the widow Snikes on Knox's butte, in full view of the great old Pacific. Any-one coming here need not go hungry if he has the necessary cash. Everything in the grocery line, vegetables and fish of all kinds are brought to your camp every day. The only strikers here are hungry people, seeing who can get to the table first. Our party was out fishing in and in two hours caught 119 fine fish, and we had more fish than we could get rid of, so Mr. Editor, if you are fish hungry, just come over and we will insure you all the fish you can get away with. YAMHILL. Of Interest to Mothers. The success of Mrs. Annie M. Bean, of McKeesport, Pennsylvania, in the treatment of diarrhoea in her children will undoubtedly be of interest to many mothers. She says: "I spent several weeks in Johnston, Pa., after the great flood, on account of my husband being employed there. We had several children with us, two of whom took the diarrhoea very badly. I got some of Chamberlain's Colic, Cholera and Diarrhoea Remedy from Rev. Mr. Chapman. It cured both of them. I know of several other cases where it was equally successful. I think it cannot be excelled and cheerfully recommend it. 25 and 50 cent bottles for sale by S. Howorth & Co. YAMHILL'S FRUIT CENSUS. Small Returns Show Surprising Proportions. McRAE, Notary Public for Oregon. CORRECT—ATTEST: JACOB WORTHMAN, [L. S.] E. N. FORD, J. W. HOWARTH, Directors. Mrs. Wyatt Harris and niece are visiting in McCoy. Latest advices say there are 15 camps at Meadow lake. W. B. Gilson's family arrived from Tacoma Wednesday. Miss Grace Williams of Oregon City spent last Sunday in the city. Mrs. C. W. Tallage was at Camp Jones with Independence friends this week. Justin Gray has a handsome new cart with landscape paintings and flowers all over it. Mrs. Otto Benedict has gone to Redding, Calif. Mrs. Benedict will go in September, when they will formally take up their residence there. Cigar factory No. 13 changed proprietors yesterday. Harry Sitton purchased the interest of F. E. Griffith for \$1300. The new firm will be known as Carlin & Sitton. Miss Ida Skinner, missionary to India, is reported as having been very ill with jungle fever, but now mending. She has been with friends in Nilgiri mountains, at Ootacamundi, 7000 feet above sea level. Some good work in road building is being performed on the large ranch of Chas. E. Ladd northwest of North Yamhill. Two miles of plank road is being constructed leading up to the residence, which will require 400,000 feet of lumber. Seven teams will be kept busy hauling all summer. During the wet season the soil there gets very sticky, and almost impassable. Every five years in Oregon her county superintendents vote yes or no on a change of textbooks for the public schools. A vote will be taken the coming fall. Superintendent Stillwell is not in favor of much change, as most of the books now used suit him, and a general change would involve considerable expense. He is of the opinion that a change in the grammars might be beneficial, as Still's and Clark's, the books now used, do not supplement each other well. Probate Court. Will of John Bird admitted to probate. R. P. Bird appointed executor without bonds. Estate valued at \$5,600. Nine acres of land is bequeathed to Mrs. R. P. Captain Harris reports the highest temperature for the past month at 97 degrees on the 18th. The lowest was 49 deg. and 5 min. on the 10th. Mean, 65 deg. and 5 min. The total precipitation was three hundredths of an inch. Thunder and lightning occurred on the 19th. Two days were cloudy, 23 days clear and one fair. WHAT THEY HAVE DONE. The first trustworthy information relative to the extent of the damage done by the grain aphid was unearched on the farm of Marion Flechter, eight miles south of Corvallis, where the entire grain crop of this season was threshed last Friday and Saturday. About 2,000 bushels of grain, principally oats, was threshed and it was all fall sown. With the first appearance of bugs in this county, Mr. Flechter's fields became infested, and the grain remained literally covered with them until the warm sun came out, and with thousands of lady bugs, apparently drove the aphid away. Mr. Flechter's crop had every appearance of being the most thrifty he has harvested in ten years, and after a very thorough examination he placed an estimated yield on it of 25 bushels per acre for wheat and 55 bushels for oats. When threshed the actual yield turned out to be, wheat 20 bushels per acre, and oats 40 bushels; showing a loss on account of bugs of wheat five bushels, and oats 15 bushels per acre. The grain is not shrunken, but on the contrary is plump, large and heavy. The damage to the wheat consisted solely in the failure of husks here and there in heads to fill, such husks having no grain inside at all. With the oats the damage consisted in the failure of the whole head to fill and generally in large patches in various parts of the field. In one forty acre field a patch of five acres was literally without a grain of oats so far as could be discovered in a careful examination.—Corvallis Times

3399. Captain Harris reported the weather 101 deg. in the shade at 3 p. m. Thursday. This is the hottest of the season. DEATHS CANNOT BE CURED by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; the cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, O. Mr. Thomas Hatfield, editor of the Graphic, Texarkana, Arkansas, has found what he believes to be the best remedy in existence for the flux. His experience is well worth remembering. He says: "Last summer I had a very severe attack of flux. I tried almost every known remedy, none giving relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me. I purchased a bottle and received almost immediate relief. I continued to use the medicine and was entirely cured. I take pleasure in recommending this remedy to any person suffering with such a disease, as in my opinion it is the best medicine in existence." 25 and 50 cent bottles for sale by S. Howorth & Co.
