W. H. Snook will go out of the furniture business as soon as the present stock is disposed of. He will continue to deal in wall paper and art goods, and will remove to the room next door to Kuns' bakery. Smith, the jeweler, is moving to the same building.

T. H. Small of the Waldo hills about a month ago was married to one of Yamhill county's fair maidens and the other day he attained his eighty-fourth year. The two occasions were celebrated last Thursday afternoon by Mr. Small giving a grand reception, the neighbors gathering en masse to participate in the affair. The long and numerous tables were weighted down with numerous viands and it was a jolly scene from beginning to end. Mr. Small belongs to the Waldo Hills. He was there when they first showed themselves and expects to roam over them for several years yet.—Statesman, 10th.

The Southern Pacific railway company announced a reduction in freight rates on wheat Wednesday. On the west side line a uniform rate of 7 1/2 cents per hundred pounds is made. The former rate was 10 cents. The 7 1/2 rate will meet the river traffic at this point. On what were the narrow gauge lines on the West Side, the former rate was 8 cents at Oswego and running up to 11 cents at Sheridan and Airline. The new schedule makes a uniform rate of 7 1/2 cents from all points south of Vinca's, except when shipped from south of White's desire to ship via the main line; then the rate is eight cents, the extra 1/2 cent being for switching at White's. From Oswego the rate is 5 cents, formerly it was 8 cents.

To Meet To-day.—The Yamhill County Veteran Association will hold a meeting at the court house to-day at 1 p. m., being one of the three stated periods of the year for their reunions. A cordial invitation is extended to the public to be present. Capt. Ormsby of Silverton is expected to deliver the address, and he is capable of making an excellent speech. Pupils from the city schools will also have a place on the program.

"Melted pebbles" are the product of the fusion of minute crystal pebbles with such chemical elements as deprive them of their injurious character. This amalgamation produces the clearest, hardest and most brilliant lenses known to science. They are the acme of perfection in quality and scientific accuracy, making them the best possible aids to the vision obtainable and positively the only lens extant that is perfectly homogeneous. These lenses are the production of the Lock Kariene Optical Co. of Scotland. Dr. Lowe of McMinnville, is the sole state agent. These goods will not be sold to peddlars at any price. Beware of "just as good" substances. See them in Dr. Wright's office till Oct. 30th.

KNIGHTS OF PYTHIAS.—On Thursday night of last week a local lodge of this order was organized in Union hall, with a membership of eighteen. There were visiting brethren from Hillsboro and Forest Grove to the number of sixty-three. Knights from the former place had charge of the institution of the lodge. After the work of organization over ninety persons took supper at White's restaurant. The following officers were installed: R. L. Conner, C. C. F. Austin, V. C.; W. B. Gilson, P.; O. H. Irvine, M. of W.; Arthur McPhillips, K. of R. and S.; A. B. Apperson, M. of F.; F. G. Adams, M. of E.; C. C. Loux, M. at A.; A. H. Pape, I. G.; P. J. Sharp, O. G. O. H. Irvine and H. H. Case were chosen representatives to the grand lodge, which met in Portland Tuesday.

BOARD OF PENSIONERS.—Jacob Sliger of Gopher valley and Jacob Durst, a German of Bellevue, had an altercation in the feeding lot back of the Grange store Monday afternoon. Durst was too obviously on the defensive in the presence of Sliger and his wife, who were partaking of their dinner, and Sliger told him so in emphatic terms. A quarrel ensued, and then a fight, in which Durst used a piece of fence board and Sliger this penknife with which he had been engaged. Durst came out of the struggle with two slight cuts from the knife, one upon the side of the head, the other on his left side. Durst brought complaint before Justice Rhodes, and Sheriff Henderson went after Sliger, who had hurriedly proceeded home. The trial developed the foregoing facts, and that the parties were about even in fault. Sliger was acquitted.

DEATH BY ACCIDENT.—John McKinnon, a young and well-to-do farmer living between Amity and McCoy, met his death without warning Sunday evening. His goats had broken out of a pasture, and he had gone with his hired man in a buggy to drive them back. After this was accomplished the hired man told McKinnon to drive to the house and he would lay up the gap in the fence. McKinnon had driven but a short distance over a little hill when his assistant looked up and saw the horse running away, but he could not see McKinnon, who had fallen out of the buggy. He was found in an unconscious condition, and taken to the house, where he lived but a few hours. The presumption is that the horse had got his tail over the lines and that McKinnon, in leaning over to place matters right, received a kick in the breast from the animal. Whether the kick or the fall caused his death was not fully determined. Deceased is spoken of as an industrious young man of good character. He had just completed a \$1700 house, and intended to go the following day to Portland and buy furniture for it. He was soon to be married to a Miss McKee of the neighborhood.

PIANO RENTALS.—At the home of Mr. and Mrs. John Evenden Friday evening a number of friends gathered to listen to a very enjoyable musical recital by the members of Mrs. Evenden's class. Those participating were Misses Lasira Apperson, Cynthia Fellows, Helen and Eveline Calbreath, Lita and Joe Jacobson, Fern Stout, Mattie Dielschneider and Pearl Campbell. Each Miss rendered an instrumental selection except Miss Dielschneider, whose number was vocal. The Jacobson sisters rendered a duet, and the Calbreath sisters, Miss Stout, Miss Fellows, Miss Campbell and Miss Apperson each appeared in an instrumental duet with her teacher, the pupil taking the primo. The solo work of the pupils was likewise meritorious. Such selections as "Sparkling Diamonds," "Invitation Polka," "La Harpe Eolienne," "Tarentelle" and "Mazurka Polka" are recognized by musicians as high-class music. These were all given with marked competence and grace. Mrs. Evenden interspersed two solos, Smith's "Last Rose of Summer" and Ascher's famous "Alice," and sang De Koven's "O Promise Me." Mr. F. E. Rogers sang the beautiful solo "A Soldier and a Man," and a quartette selection was given by Miss Gortner, Mrs. Evenden, Messrs. Rogers and Eckman. The program met with hearty appreciation.

Life or Death? It is of vital importance that it should be understood by persons whose kidneys are inactive, that this condition of things is finally indicative of a state of the organs where life hangs in the balance. Bright's disease, diabetes, albuminuria are all diseases of a very obstinate character in their mature stage, and all have a fatal tendency. They often battle the most practiced medical skill, and the most approved remedies of materia medica. But opposed at the outset—that is to say, when the kidneys begin to discharge their functions inactively—with Hostetter's Stomach Bitters, the dangerous tendency is checked. Very useful, also, is this household medicine for those ailments of common occurrence—constipation, biliousness, dyspepsia and nervousness. It is a safeguard against malaria and averts chronic rheumatism.

Notice to Taxpayers. All taxes not paid by November 30 will be declared delinquent and costs added. By order of the county court. W. G. Henderson, Sheriff.

\$100 REWARD, \$100. The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J.
