Senator Calbreath is sponsor for a bill to regulate the district and state agricultural fairs. It repeals the several acts carrying appropriations for their maintenance, and in their stead establishes a fixed tax of one-half mill for each county to be used as the counties may elect in conducting county fairs, or if no fairs are held this money may be turned into the road fund. That would raise about \$3,000 in this county.

The experience of all men in feeding wheat is not alike. Wm. Merchant marketed nine head of hogs on Monday, to which he had fed a hundred bushels. The increase of weight amounted to 1170 pounds. At the price he received, 35 cents a pound, the wheat brought him 40.95 cents a bushel, but he hauled the wheat to market and had it chopped at an expense of \$1.80 a ton, amounting to \$5.40. This left him only \$35.55 for his wheat, the expense of handling not deducted. Naturally Mr. Merchant thinks there is nothing in feeding wheat at present prices of pork.

The city tax levy for the coming year was made by the council at an adjourned meeting Monday evening. It is the same as last year, general 3 1/2 mills, water 1 1/2 mills, street 1 mill. Figuring on the basis of last year's expenses and income, the council think this will raise an amount sufficient to run the city and pay the probable expense of a change in the waterworks plant. Besides paying expenses last year, \$2,984.07 of indebtedness was paid. Contracts for furnishing the city's supply of wood were let as follows: To George Squires for 400 cords at \$1.90; to Hans G. Nissen for 100 cords at \$2.15; to Chas. Groening for 100 cords at \$2.15, and to E. E. Ladd for 100 cords at \$2.15, wood to all be old growth fir.

Bad literature seems to have had its effect upon three certain boys of respectable parentage in this city. Chamberlain's Cough Remedy is famous for its cures of bad colds. It opens the secretions, relieves the lungs and aids nature in restoring the system to a healthy condition. If freely used as soon as the cold has been contracted, and before it has become settled in the system, it greatly lessens the severity of the attack and has often cured in a single day what would have been a severe cold. The Legislature. Now that the Oregon legislature is in session everybody will want to read a newspaper printed at Salem, the capital. They will want a paper that gives all the news. The Statesman is just such a paper—bright, spicy, active, energetic, well edited.

It reports the proceedings in detail every day, not overlooking a single item in either house. Your senators and representatives were elected on a stated platform, pledged to carry out certain policies of reform. You will want to watch their course in the legislature and see whether or not they remained true to their pledges. The Statesman will give you all of this and more, too, for it is a newspaper in every sense of the word and every day of the week. The daily is 50¢ a month. The big 12-page weekly is \$2 a year—three months, weekly. Address all communications and make all moneys payable to Statesman Publishing Co., Salem, Or. 2-4

An Old Soldier's Recommendation. In the late war I was a soldier in the First Maryland Volunteers, Company G. During my term of service I contracted chronic diarrhoea. Since then I have used a great amount of medicine, but when I found any that would give me relief it would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results follow. I take pleasure in recommending this preparation to all of my old comrades, who, while giving their services to their country, contracted this dreadful disease as I did, from eating unwholesome and uncooked food. Yours truly, A. E. Bending, Halsey, Or. For sale by S. Howorth & Co., Druggists.

H. Woodward; directors, D Tallman and Wm. Stratton. The association has been in hard luck the past three years, it having rained more or less during every fair. This, however, does not discourage the association, which will go ahead as usual, and hold a fair again this year. This is the kind of grit that will surely win sooner or later.

The farmers on Dayton prairie and of the hills five miles south of Dayton, are now having a big coyote hunt, which is to continue for a week. A number of coyotes and wolves have lately been seen in the hills, and on the prairie, which have visited henroosts and pigpens and helped themselves to chickens or a young porker. The farmers now propose to be revenged for these depredations and have a season of sport and exterminate these marauders. The hunters have a pack of good hounds, and are otherwise well equipped with firearms, for the war of extermination.

The high water last week in the Yamhill, lacked only six inches of running into the first story of the red warehouse. This was the highest water recorded here this season. The correct guessers kiss the other five girls while the unsuccessful kiss the one that bit the onion.
