The signs of the times point hopefully toward international bimetalism. We believe that with the cooperation of Germany, France and the United States it could be established on the old ratio.

FIFTY-THREE senate bills and forty-five house bills were passed by both houses and have gone to the governor for his signature.

Creating 6th and 8th judicial districts. Requiring executors and administrators to report to county court in April and October of each year.

Authorizing the governor to lease, by contract, convict labor at not less than 35 cents a day. Creating liens on horses for shoeing.

Protecting fish and game. This is wholly a sportsman's measure, similar to the present game law, and provides for the appointment by the governor of a fish and game protector with \$2000 salary and \$500 expenses yearly.

The legislature succeeded during the final quarter hour of its session in bringing itself to a focus on the question of a United States senator.

In his opinion, the city attorney said, there could be no disorder or trouble if those who were offended by Slattery's remarks would stay away from his lecture.

I am also confident that the republican party, when it secures control of all the branches of the national government, will solve the economic and financial problems now before the country in a way that will restore prosperity to all the great industries of the nation.

A QUESTION OF POLICY.

Will the McMinville Reporter, or some other goldbug paper, tell us where the secretary of the treasury gets his legal authority for paying the interest in gold, to the exclusion of silver, on government bonds issued and made payable in "coin"?

It is a hopeful sign when the leaders of the people, the newspapers, seek information. We are all ignorant, more or less, as to the great financial question, and should be as willing to learn as to give instruction.

A Foolish Riot.

The city of Savannah, Ga., was the scene of a riot by excited Catholics Tuesday evening. The city had been liberally placarded with notices that ex-priest Slattery and his wife, described as an ex-nun, would lecture on Catholicism.

Before the people today, and which stands preeminently above all other medicines, is HOOD'S Sarsaparilla

It has won its hold upon the hearts of the people by its own absolute intrinsic merit. It is not what we say, but what Hood's Sarsaparilla does that tells the story.
