The public school graduates in the throes of writing an essay or oration. Added to this arduous task he is asked in this district to contribute a dollar to pay for his diploma. This is contrary to all precedent and is a hardship to the student. After a student has labored diligently to educate himself and complete the course it is obviously the duty of the school board to bestow diplomas as a free will offering in recognition of faithful work on the part of the pupil. This is what it means, and is the gist of all the commencement talk addressed to graduates. It is a legitimate item of school expense. We hope the present board will lose no time in correcting the injustice, and they cannot do better than to begin with the present class.
