Self-denial is the one thing most difficult to inculcate and always hard to get, especially when there are good things to eat within reach. But there is no self-denial necessary if you take Simmons Liver Regulator. It promotes digestion, prevents dyspepsia and a dose after a heavy meal of delicacies will prevent any discomfort. It's the best good-night toddy.

In Self-Defense you ought to keep your flesh up. Disease will follow if you let it get below a healthy standard. No matter how this comes, what you need is Dr. Pierce's Golden Medical Discovery. This is the greatest flesh-builder known to medical skill, far surpassing fishy cod liver oil and all its nasty compounds. It's the best for the most delicate stomachs. It makes the morbidly thin, plump and rosy, with health and strength.

From Willamette Valley Chautauquan. Sann Ichiro Hirota, a young Japanese, a bright student now taking a course at Pacific University, gave an instructive talk on "The Rise of Japan." The speaker gave a brief view of the political history of Japan, and showed the growth of education and christianity on the island. He touched upon the late war of Japan and China. "This war," he said, "should be carefully studied by all. It meant more than a contest between two hostile nations. It was a struggle between progress and stagnation, between civilization and barbarism, between freedom and serfdom. Japan won in the great fight. Every day's conflict was but a repetition to the emperor of Japan, who nobly commanded his armies, of Julius Caesar's famous words, 'I came, I saw, I conquered.' This war and its final victory has established throughout the world that Japan is no longer in the regions of barbarism, but is a civilized nation." Camb. Presbyterian church Tuesday evening, Oct. 1st. Admission 10 and 15 cents.
