the great amount of sympathy expressed for the players when the cards are running badly and they have been called upon to interview the bank for the fifth or sixth time. The heaviest dealers in sympathy are those who have the largest stack of chips before them. It does not cost anything, and it is believed by the ones who peddle it out that it will impress the others with a belief that they are real generous. But a careful observer will notice as the game progresses that the unlucky one is always raised by those who believe they have the best hands, notwithstanding the size of their
