Lena Stillwell has been employed by the school board as supernumerary instructor in the public schools. She relieves the superintendent one day in the week, permitting him to put in that much time visiting the different rooms. That does not give him as much time as a superintendent ought to have in getting around among so many and seeing the work performed.

Married, at the residence of the groom in Moores valley, Yamhill county, Nov. 14th, 1905, by Elder E. B. Ridgeway, Mr. G. W. Harger and Mrs. Elizabeth Delahunt of Oswego. Mr. and Mrs. Harger are old time acquaintances of fifty years ago and had not seen each other for twenty years until the marriage day. We wish them much joy and happiness. Oregonian news copy.

A little fellow in Miss Baker's school was heard to exult the other day over the fact that the school hadn't a single case of tardiness during the month, and he said his teacher gave them the opportunity to yell "Hurrah." The fact that the little fellows range from six to ten years and that the weather hasn't always been good, makes a case of remarkable punctuality, and one not often equalled in cities of this size.

Mr. J. L. Settle, a relative of the Rhodes boys, who recently located here, is looking up the preliminary affairs of the building and loan association incorporated a few days ago. He has had several years experience with such associations, and is confident a strong one can be organized here. There is not much doubt of the beneficial results to the community in general, and to both members and borrowers of capital from building and loan associations. They induce and assist people of limited means to own and improve their homes. They foster the habit of saving a portion of the monthly income. They pay good returns on money invested. It is remarkable as a statistical fact that only one person out of ten who borrows money in real estate mortgage in the usual way ever pays it off himself. On the other hand nine out of every ten who borrow through loan associations come out clear of debt, their property acquired and paid for. We believe the enterprise is worthy of encouragement in McMinnville.

The McMinnville soap factory. Cal. Cooper's pet enterprise, has not gone to sleep by any means. There is now in transit from Buffalo an eleven hundred pound kettle, and on its arrival the engine and boiler now used in the Whiteson sizer factory will be moved up, and soap will be made for all of Yamhill and half the balance of the state. We guess there is no question but the McMinnville soap is the best on the market.

Frank Campbell, an 18-year-old stepson of J. A. Frisbie, was locked up by the marshal Saturday evening for drunkenness and disorderly conduct. Monday morning Mr. Frisbie swore out a warrant before Justice Rhodes, charging E. H. Barker with selling liquor to the boy, he being a minor. Hearing of the case was set for Wednesday, when defendant waived examination and furnished bond in the amount of \$100 for appearance before the district court. Four witnesses were subpoenaed by the state, all boys said to be under age, who were companions of young Campbell during his festive career Saturday night, but were more fortunate in escaping the lockup. They will likely be called upon by the grand jury to tell what they know about selling liquor to minors, and it is intimated that more than a single offense is apt to come to light. Several boys about town have been in the habit of getting liquor for some time.

When Chill Mists of the Morning Hang like a pall over the surface of the earth, it will be well for you before venturing into the raw vaporous air, charged, perhaps, with the seeds of malaria or provocative of rheumatic twinges, to take a wineglassful of Hostetter's Stomach Bitters, and thus shield yourself from atmospheric influences threatening to health. If you happen to get snowed, sleeted or rained upon, use the same preventive, and avoid the rheumatic or dangerous cold. The agreeable warmth infused into the circulation by this genial stomachic, its invigorating and regulating properties commend it to all appreciative of the fact that prevention is better than cure. Use the bitters for dyspepsia, biliousness, nervousness and indigestion, sick headache and debility.

A Book for Young Men. An immense amount of suffering and injury to the human race, is due to the ignorant violation of physiological laws by the youth of our land. Ruinous practices are indulged in, through ignorance of the inevitable injury to constitution and health which surely follows.

By every young man, the divine injunction, "Abstain from all unchastity," should be well heeded. To assist such in acquiring a knowledge of themselves and how to preserve health, and to shun those pernicious habits which lead to ruin, we have prepared a little book which is complete with useful information to every young man. It will be sent to any address, securely sealed from observation in a plain envelope, by the World's Dispensary Medical Association of 693 Main Street, Buffalo, N. Y., for receipt of ten cents in stamps (for postage), if enclosed with this notice.

Economy is something that everybody tries to practice, and yet just a little oversight will sometimes rob the most frugal and thrifty of a year's savings. You want to do as J. P. I have five as healthy children as you can find."

Mrs. W. B. Meek, who resides at Camptonville, Cal., says her daughter was for several years troubled at times with severe cramps in the stomach, and would be in such agony that it was necessary to call in a physician. Having read about Chamberlain's Colic, Cholera and Diarrhoea Remedy, she concluded to try it. She found that it always gave prompt relief. It was seldom necessary to give the second dose. "It has not only saved us lots of worry and time," she says, "but also doctor bills. It is my opinion that every family should have a bottle of this remedy in the house." For sale by S. When a person begins to grow thin there is something wrong. The waste is greater than the supply and it is only a question of time when the end must come. In nine cases out of ten the trouble is with the digestive organs. If you can restore them to a healthy condition you will stop the waste, put on new flesh and cause them to feel better in every way. The food they eat will be digested and appropriated to the needs of the system, and a normal appetite will appear. Consumption frequently follows a wasting of bodily tissue because nearly all consumptives have indigestion. The Shaker Digestive Cordial will restore the stomach to a healthy condition in a vast majority of cases. Get one of their books from your druggist and learn about this new and valuable remedy.
