LOCAL NEWS.

Wright, the dentist, McMinnville.
Have you noticed the nice new necktie worn by the city reporter?
The value of glasses depends on the skill of the optician. Dr. Lowe is skilled.
J. D. Nairn, the stockman of Ballston, was an attendant at the horse sale on Tuesday.
A school entertainment will be given at No. 8, Friday evening, Dec. 20th. Admission free. All are cordially invited.
Mrs. A. E. Barker will lecture on the power of prayer to convert, in Wright's hall, Sunday, 2:30 p. m. All are welcome.
Noel Duncan of Santa Rosa, Cal., arrived here Saturday and will spend Christmas with his mother, Mrs. S. F. Stagg.
A large number of Paul Cooper's friends met at his home Tuesday evening and assisted him to celebrate his birthday anniversary in a most enjoyable manner.
Mrs. S. F. Stagg, who is just recovering from a bed of sickness, desires to express her gratitude for the helpful kindness and sympathy shown her by friends and neighbors.
The total enrollment of the McMinnville public schools has reached 428 pupils, 305 of which are native Oregonians. The remainder 123 represent 22 states and four foreign countries.
Rev. Elmer E. Thompson will speak at the Columbus building on Friday afternoon, December 13, at 2:45. His subject is Personal Virtues and Vices. Patrons and friends of the schools are invited to be present.
A. B. Apperson and Jimmy Durham returned from San Francisco Monday. Walt Durham came back as far as Portland. Clarence Irvine, who was also down swinging on the Golden Gate last week, returned two days sooner.
A slight wreck occurred at the depot on Monday. The construction train was pulling on to the switch when a part of the pile driver extending beyond the car struck the freight platform, derailing the car and tearing up quite a section of the track.
For a short time Dr. Lowe the optician can be found at the office of Dr. Wright. Eyes tested free.
H. Z. Foster of Willamina and J. B. David of Newberg, two gentlemen whose names have lately been heard in connection with legislative honors, were seen in the metropolis last Saturday. Their conduct was above reproach, however, neither of them being seen in the company of the other or with any of the "political bosses" said to infest the county seat.
The first annual oratorical contest at McMinnville college, which has been a new feature by the class of '94, is under way. The prizes in this contest will be \$50, \$45, \$40 and \$35. No oration can exceed 1000 words. A cordial invitation is extended to all to be present.
Phil. Withycomb of North Yamhill was a business caller Tuesday. Phil is one of those enterprising fellows who is always up to something. His latest idea is a germproof well, not of his own invention, however, but one that has made its way into popular favor east. It is simply a solid casing made in the manner of drain tile extending down to the permanent water supply and shutting out surface water. The idea commends itself at a glance.
Charity lodge No. 7 A. O. U. W. at its meeting Friday evening elected the following officers for next year: J. G. Eckman, W. M.; John Derby, foreman; Henry Fletcher, overseer; Dr. J. D. Baker, recorder; E. C. Walker, financier; B. Nelson, receiver; Wm. Poole, guide; Henry Eccleston, inside watch; Charles Kuns, outside watch; trustee for three years, W. L. Warren; examining physician, Dr. J. D. Baker. These officers will be installed the first Friday evening in January, at which time a joint installation and supper will be held with the ladies of the Degree of Honor.
The public schools will take a vacation from Friday, the 20th, until Monday, the 30th, when they will resume the work, commencing New Year's day.
Prof. James informs us that all the teachers purpose attending the local institute at Whiteson on the 21st.
The several rooms are taking up what is known as the fire drill. At a given signal the pupils are trained to form in order and march out of doors. In case of fire in the building it is claimed the rooms can be emptied in brief time and without confusion. Much would depend on the nerve of the teacher, perhaps, and somewhat upon the obedience of pupils.
The directors have purchased a new Standard dictionary for the Cook building.
The entertainment by the Presbyterian people at the opera house Wednesday evening was well patronized, the gross receipts reaching \$425. The excellent program rendered fully justified the good patronage. It consisted of a chorus by the choir, a quartet by Mr. and Mrs. F. E. Rogers, Mrs. Campbell and Prof. Littlefield, a very pretty and difficult vocal duet by Mrs. Strong and Mrs. Campbell, a most fascinating and amusing character song, "You Can't Holler Down My Rain Barrel," by Mildred Warren and Dottie Snyder, which was heartily encored, a vocal solo by Miss Annie Nichols, a piano solo by Miss Ellie Ball, a history of the pumpkin by Edna Bredt, well supported by Vera Thompson and Rose Rocca, ending in a brilliant tableau, and a tableau by Elsie Hobbs and Ethel Harris, in which the former represented the belle of 1855, in the dress of that period, looking scornfully at Ethel, who was trailed out in bloomers with her bicycle, with one foot on the pedal ready to mount, looking equally independent and disdainful of her sister, and representing the belle of 1895. Miss Frances Mann gave an entertaining recitation, and the mandolin club favored the audience with one of their selections. This club is composed of Mr. John Evenden, Mrs. J. E. Durham, and Miss Laska Apperson, as mandolinists, Mr. Ed. Baker, Miss Jennie Sharp and Miss Elvie Apperson as guitarists and Miss Myrtle Apperson as piano accompanist. Their selection was well received. The hall was tastefully decorated, the stage being a good business, and a rare and unusual degree of sociability seemed to prevail.

COLLEGE NOTES.

Last week was a very busy week at the college. It was the term examinations, that the teachers were pleased with the work that most of the students had done.
Quite a crowd gathered on the foot ball grounds Saturday to witness the reprinted game between the college boys and the boys from Lafayette. After they had waited some time to see the fun, the word came that Lafayette had telephoned that they could not put in an appearance. Sides were chosen and a little kicking done just the same.
A new feature in college life goes into effect this week. Rhetoricals are made a regular part of the work, the whole school divided into two divisions under President Brown and Mrs. Wolfenden and having exercises at the same time. We all expect to become Barbes, Websters, Choates etc., in a few weeks.
The feature that is now being looked for in the class of '94 oratorical contest, to be held next week Friday night. The orations have cost the contestants many a sleepless hour and some midnight oil. This, I think, the first thing of the kind in the history of the college. By the catalogue, there are to be four cash prizes. There will probably be some good music as well as good speaking and ought to be a good audience.

COLLEGE.

No mystery about it. When the Shakers offered some time ago to give away a bottle of their Digestive Cordial to any one at their New York office, there was a great rush and a great many people thought they were crazy. Subsequent events prove it to have been a very clever advertising transaction for although they gave away thousands of bottles, it was in the end profitable. Frank Campbell, witness, had a bottle come back for more and paid for it with pleasure, saying they had derived better results from its use than from any other medicine they had ever used.
There is nothing so uniformly successful in the treatment of stomach troubles as the Shaker Digestive Cordial, and what is better than all, it relieves at once.
Laxol, the new form of castor oil is so palatable that children like the spoon clean.

Don't be Imposed Upon.
When you ask for Doctor Pierce's Golden Medical Discovery, Go to a reliable dealer. He will sell you what you want. Beware of those who have something else to urge upon you in its place are thinking of the extra profit they'll make. These things pay them better, but they don't care about you.
None of these substitutes is "just as good" as the "Discovery." That is the strength-restorer so far-reaching and so unerring in its effects that it can be guaranteed. In the most stubborn skin, scalp, or scrofulous affections, or in every disease that is caused by a torpid liver or by impure blood—it effects perfect and permanent cures.

School Fund Apportionment.
Whereas, there has accumulated in the county treasury an unusual amount of school funds since the August apportionment; and whereas, the schools of the county are very much in need of the same, therefore, notice is hereby given that another "special" apportionment will be made immediately. The amount will be about \$1.50 per pupil. Let the schools go on. Provision will be made for the mountain districts, which cannot have a winter school, that they shall not suffer by this. * * * A course of study has been adopted for the county schools to commence after holidays.
Respectfully,
J. B. STILLWELL, Supt.

From Far-Away Ceylon

We have just received from far-away Ceylon a consignment of Teas from the celebrated Kusalana plantations.

In the great Tea-drinking countries of Bussia and England Ceylon teas have entirely superseded the products of China and Japan by reason of their

Cleanliness, Purity, Strength.

These teas are prepared in the cleanest possible manner, being picked by the natives with gloved hands and passed through modern machinery under the supervision of the white planters, whilst the China and Japan teas are manipulated by the coolies with their hands in the same old way as they were 100 years ago. The success of Ceylon teas has been so phenomenal that Great Britain alone uses one hundred and ninety million pounds annually, or four and a half million liquid gallons daily, which will not be a circumstance to what the United States will consume when its people realize the vast superiority of these teas.

As a Matter of Economy also
these teas should always be used by the careful housewife, as it is only necessary to use half the quantity you would of any other.

In one-pound original packets as packed and labeled in Ceylon, at
