

## Did You Ever

experience a dull, throbbing, shifting pain in your teeth, sometimes accompanied by soreness of the tooth, carache, headache and slight swelling of the face? If so, you have had an abscessed or ulcerated tooth and know all its misery. Most abscessed teeth can be saved at any stage without further pain by skillful treatment. But no operation in dentistry requires more skill and knowledge of the surrounding parts and effects of the various medicaments used than treating a dental abscess. My preparation and practice in this line of work have been thorough and successful. All operations done thoroughly, but carefully, gently and with minimum pain. All plates and artificial work are unexcelled and done by the latest methods only. Prices very reasonable. Call and let me examine your teeth.

LEROY LEWIS, D. D. S.

McMinnville, Ore.

### PHYSICIANS

CALBREATH & GOUCHER,

Physicians  
and Surgeons.

(Office over Braly's Bank.)

W. S. LINK, Assistant Cashier.

## LOCAL NEWS.

G. S. Wright, dentist.

Typewriter supplies at C. Grisen's. The Columbia, "the standard wheel of the world," \$75.00.

Mr. Gabriel, the Dayton warehouseman, believes the price of wheat will advance to 80 cents.

Fresh groceries are arriving every day at Bettman & Warren's.

Father Morrow of Portland will hold services in the Catholic church Sunday morning and evening.

To save your harvest expense buy your groceries of Bettman & Warren.

The Reporter and Weekly Oregonian one year for \$2, strictly in advance.

Shell Hawley is up from California on business, intending to remain till November.

It is quality as well as price that counts in teas. Will Kuns has the best in town for the money.

Mr. Hoskins, the Lafayette harness maker, has closed his shop and gone to the coast. We understand he will relocate.

For Sale—A good horse, phaeton and harness, cheap. Inquire at this office.

Judge Galloway was up Saturday looking after his prune crop in Happy Valley. He will have several carloads to take care of.

Post's Early Crawford peaches are the finest ever seen in the local market.

Miss Mabel Edwards of Newberg has been visiting Miss Bergitta Nelson this week.

J. P. Irvine & Son will sell you sugar by the sack at Portland prices with freight added.

Frank Ferguson had the brick foundation laid and a new house going up before some people could say Jack Robinson.

Are you going to paint your house? Consult Elsie Wright about paints and oils. He will give you the best material at least cost.

For sale—a single buggy and harness, good as new. Inquire of Wm. Hemstock.

Harvey Henderson will superintend the job of picking the big prune orchard on the hill. They expect to begin the 25th or thereabouts.

The finest peaches on the market are raised by F. L. Post. Leave your orders with Wallace & Walker or J. P. Irvine & Son.

The residence property of Judge Galloway on E street has been sold to Mr. Miller of North Yamhill, father of the Miller brothers of this city.

Order your peaches from Wallace & Walker or Irvine & Son. They handle Post's superb varieties grown on the rich sandy bottoms of the Willamette.

R. Jacobson is back from California. He reports business improving a little in that state. They had a short crop, but it turned out better than anticipated a few weeks ago.

About the time the morning passenger train was ready to leave on Monday a leaking boiler was discovered, and it became necessary to send to Portland for another engine. All up trains were delayed for the day.

F. W. Spencer calls attention to the McCormick binder. He is selling them, and the people generally know what they are. He also carries all kinds of supplies for that machine.

The fire department of Lafayette has received a new ten-pump hand engine which cost about \$200. Fifty feet of suction hose was secured with it, and 150 feet of discharge hose. It is claimed the engine will throw a stream over ordinary buildings a distance of half a block. This will afford much better fire protection than Lafayette ever had.

Mrs. E. M. Warren, who will be recognized as excellent authority in such matters, furnishes us the following outline of what are the coming styles in fall millinery. She says: "Perhaps what will interest all ladies more than any other one thing, is what will be the leading color. I must say blue, with a big E at that, for blues lead, all other colors follow. There are six different shades, handsome blue, red, which has been prominent the past season, comes next. Green will be a favorite, then comes black, gray, and brown, which will all be good. Plaid ribbons are prominently shown and make a very attractive appearance. Taffetas and taffeta moires will also be used. This is to be a season of milliners' shapes. There will be more made hats than usual. Soft materials will be used. In this the artistic milliner will have a chance to show her taste. Hats from these soft materials nearly all turn up on the left side. This turn on the left side seems to mark the season style. New forms of turbans and Tam O'Shanter are seen on every hand. Two-toned effects are still shown. Bell crowns are good, though modifications of it are seen. Walking hats trimmed with plaid scarfs, also bell crowned sailors trimmed with Scotch plaid will be in great demand. The tendency in ostrich is towards plumes and long ones at that. Flowers will be used again in the fancy heliotropes and bluets. No lady need be prevented from looking her best, since there is an abundance of handsome shapes and colors this season."

G. S. Wright, dentist.

Hopgloves cheaper than ever at the Racket Store.

Wm. F. Dielschneider does all kinds of Jewelry repairing.

See Dr. Nelson about seamless gold crowns and plate work.

First class shaved shingles for sale at the Grange & Farmers' store.

Bettman & Warren's is the place to buy your groceries for harvest.

The simplest and surest binder is the McCormick. Sold by F. W. Spencer.

The best 25-cent meal in the city is obtainable at T. A. White's restaurant.

W. L. Warren was an invalid the first of the week. He had evidently indulged too freely in the luxuries of the season.

Miss Elsie Hendrichsen, who has been visiting for the past month at the home of R. Nelson, returned to her home in Vancouver, Wash., yesterday.

Chamberlain's Colic, Cholera and Diarrhoea Remedy always affords prompt relief. For sale by S. Howorth & Co.

Themes at the Christian church next Lord's day, "The Desert and the Garden" at 11 a. m., and "The Good Samaritan" at 8 p. m.

The Grange & Farmers' store received two very large invoices of new goods this week and the store is almost completely filled with new things at low prices.

Calbreath & Goucher are getting material on the ground for a prune dryer. It will have a capacity of about 180 bushels a day and will take care of their petite and silvers this season. They received a carload of packing boxes for their green fruit the first of the week.

D. B. Kingery has secured the old M. E. church building near the railroad for packing and storage purposes, where the product of his prune orchard, amounting to several hundred bushels, will be handled. He will ship through the Earl company.

George Flesher left yesterday for Santa Barbara, where a job awaits him in a big lumber yard. He expects to return in the spring unless induced to remain by better wages and prospects than are offered here, in which case the family may join him.

Hon. Thos. Tongue writes encouraging of Yamhill river improvement. There have been a good many obstacles placed in the way of this meritorious enterprise, and it has been a long and patient pull on the part of its friends, but we are confident the crown of success will soon be theirs.

W. M. Toney had 22 acres of wheat that averaged 36 bushels. His crop was all good, but this field was extra. He marketed a portion of his crop Tuesday at 76 cents, sufficient to square himself with the world, and naturally feels good-natured over the results of his season's work.

T. D. Henderson's philosophy strikes us as sound. He says: "When wheat is bringing a good price I aim to sell enough to pay my debts. Then if there is any left and I want to speculate on the chances of its going higher, I do so. If the price goes up I am ahead, and if it goes down the debts are off my hands."

Word comes from a source as reliable as a letter written by himself, that Asher Saylor, a former resident of this city, is among the number who made rich finds in the Klondike gold fields last winter. Saylor was with the McMillan party in 1888, and returned to Forty Mile a couple of years later, remaining in the country ever since. His people in Portland have a letter from him saying that he was one of the lucky ones and fully confirming what has been alleged by others in regard to the richness of the field.

The Reporter has a subscriber living at Kitchikan, Alaska, J. B. Morin, who sends some samples of ore from the Bell mines and writes as follows: "We have been very prosperous locating rich claims. Johnny J. Campbell, formerly of McMinnville, found rich rock at a depth of eight feet and is now down twenty, the rock still better. J. O. Campbell and family of Tillamook will soon join his father and brother in sinking it to 75. Good grade ore is being found in all parts of southeastern Alaska."

Christianity is a positive institution, and has had a positive existence in the world for more than eighteen centuries. Infidelity, as opposed to Christianity, is not an institution but a mere negation of an institution and of the facts and documents on which it is founded. Infidelity has no essential formal existence. It has no facts and documents and, therefore, it has no proof. It merely assails Christianity but offers no substitute for it, and it has none to offer. Jesus Christ was and is a person, and has personal, positive attributes. Infidelity is a state of mind, an intellectual or moral infirmity. It stands to Christianity as darkness stands to light. Is darkness anything? Is blindness anything but the loss of sight? Is unbelief anything but the repudiation of testimony? Jesus Christ had a real and positive character, unique, original, transcendent; and his exalted character is all-sufficient, in the eye of educated reason, to sustain his divinity, and to hail him as the Supreme Benefactor of our race.—Rev. Frank Powell at the Christian church Sunday evening.

Ride a '97 Columbia. \$75.00.

Teas, the best quality for the money, at Kuns'.

If Wm. F. Dielschneider repairs your watch, it's all right.

C. F. Daniels and family returned from Netarts last Friday.

J. O. Rogers is assisting in the inventory of the Redmond stock.

Dave Neyberger and W. L. Warren left yesterday for Ocean Park.

The family of E. F. Manning returned from Camp Jones last evening.

Prof. Duncan of Dayton received an average of 99.3-5 on his examination for a life diploma.

"Billy" Adams of Portland, a nephew of O. H. Adams of this city, is one of the wealthy ones from the Klondike gold field.

The ladies will serve ice cream and cake on Elsie Wright's lawn Friday afternoon and night, for the M. E. church.

Shirer Brothers of Lafayette are probably the earliest hop pickers in Yamhill. They had a field of four or five acres ready last Monday.

The McCormick is, as it always has been, the most durable binder on the market, light running and easily handled. F. W. SPENCER, Agent.

Most of the threshing machines were laid up last week waiting on the harvest, but they are again at it pouring out the golden grain.

Joseph Hoberg bought the stable on the Gilbert place, and has had Frisbie and Gardner move it to his new premises adjoining on the south.

Tom White and family have just returned from a visit to the Santiam country. They went to assist in celebrating the 60th birthday of Mr. White's father.

The Lafayette band will give an excursion to Astoria, the boat leaving Dayton at 2:30 p. m. tomorrow and returning on Monday. The fare for the round trip is \$2.75.

This hot weather is a burden, but it has its compensations. Hop men say it is the making of their crop, which is a big item to this country. Destruction of the lice is what we need as much as comfortable temperature.

E. C. Walker writes from Netarts that himself and family expect to come home the first of next week. The Walker family, A. M. Perry, J. L. Rogers, J. W. Hobbs and A. J. Hunsaker, and families, constitute the McMinnville contingent in Happy camp at present.

That the railroad freights are too high on some classes of freight between here and Portland, is evident from the fact that Manning Bros. having a lot of six farm wagons to bring up, sent a couple of teams after them. They made the round trip in two days. After paying a fair price for the teaming, Manning Bros. saved over \$11.

F. W. Redmond made an assignment Monday. Jacob Wortman was made assignee. The liabilities as far as ascertained approximate \$10,000, with assets considerably below that figure. The failure was a great surprise to most people, who supposed that Redmond was doing a safe but conservative business. He appears to have steadily run behind the past three years.

Edward Jeffries and Mrs. Victoria Belleque, residents of Grand Ronde, who were arrested last week on a charge of adultery, were examined Tuesday and released for want of proof. The prospective trial seemed to create about the same degree of interest among the children of the forest as is generally manifested by their pale faced brethren in similar cases and brought many of them to town.

Teachers certificates granted last week: Life diplomas—S. S. Duncan, Sarah Marks; first grade—Mrs. B. O. Snuffer, Miss Jessie Palmer; second grade—Cora Shaeffer, Juniata Lambert, Arthur E. Lambert, Lucile DeFord, Harvey Wilson, Effie Jackson, Lena V. Tawney, Ella White, Eva Cumston, Mrs. Daisy Page; third grade—Agnes Vaughn, J. A. Campbell, Mrs. Mary Watts, Bessie Linden, Frances Taylor, Clara Hadley, Nellie Nelson, Mand Brisbine.

O. O. Hodson returned from Newport Monday, business requiring his presence here. The family and other parties from McMinnville remained and are enjoying life. Last week a school of whales put in their appearance and one of them entered the bay, affording much exciting sport in the futile attempts to capture it. Our friend Judge Magers, who has an established reputation for catching big fish, was urged to go out and hook one of the monsters, but refused, we understand, because they were not rising to the fly. The Judge never would use a worm or a grasshopper.

Burke Jones, son of Silas A. Jones, of Brooks, was drowned last Sunday afternoon in the Willamette river, at a point known as Simon's landing, a few miles north of Salem. He had gone to the river, in company with others, for the purpose of taking a bath, and while in the water they got onto a floating log which carried them into the current before they were aware of it. Burke was not an expert swimmer and, in his attempts to reach a shallow place, he lost control of himself and sank before assistance could be afforded him by his companions. At an early hour the body was recovered about 200 yards below where it was last seen alive.

A pension has recently been granted to Moses Johnson of Gaston.

Tom White's ice cream is the best thing in sight at this writing.

Miss Jessie Palmer of Dayton was the guest of Mrs. H. P. Webster last week.

We understand that A. A. Unruh has decided to move his repair shop to Portland.

The reported murder of L. Abrams, the merchant at Lincoln, Polk county, was a canard.

Jacob Wortman now occupies his handsome new dwelling fronting the court house.

The little steamer Eugene that formerly did service on the Willamette and Yamhill, left Portland Wednesday, to do service on the far off Yukon.

Little Vern Gabriel wants the party that found his coat between his home on college side and main street to please leave it at Grange store, as he needs it.

Taxpayers should observe the notice published by Assessor Wood this week. He has completed his work and the board of equalization will meet to correct any errors that may be made to appear.

Everette Latourette of McMinnville, who has been spending a few weeks with his brother, D. C. Latourette, will return home in a few days. He is one of the active students in the McMinnville college.—Oregon City Press.

Are you going to fence? If so do not fail to see Mr. Reed, of the McMinnville fence works. He has the cheapest and best fence on earth for any and all purposes. It will turn stock of all kinds and is strong, durable and ornamental.

Married, in the first Baptist church of Rossland, B. C., Aug. 15th, 1897, Mr. C. Norman DuCett of Portland, Oregon, to Miss Cynthia Kutch of Carlton, Oregon, Rev. J. H. Best officiating. The ceremony was performed in the presence of a few of the groom's intimate friends. The happy couple left for New Denver, B. C., on the afternoon of the 16th, where they expect to make their home.

An assault and battery case was on trial yesterday afternoon before Justice McPhillips, wherein Frank Stevens of Wheatland was arraigned for laying violent hands upon Wm. Vestal. The case was dismissed after hearing the evidence of the state and the attorneys had been given a little chance to partially earn their fees by shedding great drops of perspiration.

Wheat has advanced a couple of cents in the local market since our last report, being worth 78 cents yesterday. Quite an amount changed hands the first of the week at 76. As a rule farmers have sold but a portion of their holdings and are still looking for higher prices. Most of the crop is yet to thresh. There was a speculative flurry in the Chicago market Tuesday that sent prices up five cents for a day, but it did not affect the outside market.

The result of the efforts to establish the flax industry in Oregon may be witnessed any day in Salem now. The bundles or stocks are being hauled into the retting-ponds that have been prepared. One near the penitentiary has area enough to ret ten acres at a time; another near the old mill has a capacity for the growth of two acres. Each pond has been used once, and the second retting is now being put in. The fiber is 30 inches in length, and is said by those accustomed to work in flax that the amount of fiber to the straw is greater than the average.

The following item was telegraphed from Newberg Wednesday: James Everett, who lives near Newberg, jumped out of bed while asleep last night and, after plunging through a window, crashed through a picket fence and ran into the garden, calling for his wife to come and help him over the fence. When caught he was covered with blood and on examination a piece of glass was found to have penetrated to a depth of four inches in the region of the kidneys. He is lying in a dangerous condition.

### High Temperature.

The past week has been one of unusual warmth. Saturday and Sunday the uncomfortable altitude of 102 was reached. Monday and Tuesday were a little milder but on Monday the mercury mounted to the record-breaking altitude of 104. Yesterday at 2:30 it was stationary at 103.

Through the kindness of Capt. Wyatt Harris, who has kept the local record for the government weather bureau for the past nine years, we are enabled to give the highest temperature occurring each year:

1890, August 13th, 100°.  
1891, July 23d, 102°.  
1892, June 27th, 101.  
1893, August 7th, 100.  
1894, August 2d, 101½.  
1895, August 5th, 101.  
1896, July 15th, 103.  
1897, August 18th, 104.

The horrible plot of the sound money men to ruin the country by putting up farm produce still goes on.

It is a great thing for this country, now that there is an existing gold standard of value, that while we have an abundance of silver, \$521, 000,000 in the treasury, we have so limited it that we have the use of both money metals without fear of the depreciation of either.

## IMPORTANT TO SUBSCRIBERS.

Since February, 1892, the following notice has appeared regularly at the head of this paper: "Subscription price \$2.00 a year. One dollar if paid in advance." There is a difference equal to the dutchman's one per cent, and on the face it looks like a pretty steep charge for carrying a small account. Now the time has arrived when it is meet and proper to do a little talking about squaring delinquent accounts, and what we have to say will be to the point. It is this: Any subscriber who calls and settles his account can do so at the rate of \$1 per year for the time since Feb. 15th, 1892. We do not want the extra dollar a year from any subscriber who aims to deal squarely with the publisher, and we are willing to take the public into business confidence to the extent of saying that the \$2 rate is maintained solely for the benefit of the class who attempt to avoid payment after their accounts have accumulated. The \$1 rate is so low that a publisher can not afford to incur expense in its collection, and the \$2 rate is none too high in case he is obliged to.

The Ohio and Iowa democrats who made the silver question the sole issue of their state campaigns this year are very blue now. The bottom has fallen out of the silver argument by reason of the future drop in the price of silver and the future increase in the prices of farm products and general prosperity, and now they are left with nothing to support their doctrines or their platforms. It is said, but the people who took the bit in their teeth and adopted the platform of calamity in opposition to the views of the wisest men of their party must bear the responsibility of defeat.

A woman's headache may come from several causes. She may have a headache arising from nervousness, or from digestive disturbances. Nine cases in ten, her headache comes from disorders peculiar to her sex. It may show itself in the symptoms which are characteristic of a dozen disorders. Thousands of times women have been treated for the wrong disorders. Dr. Pierce's Favorite Prescription was compounded for the sole purpose of relieving womankind of their ills and pains. Thousands of women have testified that after taking treatment from several physicians without benefit, the "Favorite Prescription" cured them completely and quickly. It has been used for over thirty years, and has an unbroken record of success.

The woman who hesitates is invited to send 21 one-cent stamps to cover only the cost of mailing a copy of Dr. Pierce's Common Sense Medical Adviser, which contains plain, clear information about all the organs of the human body and their functions.

The silver anti-republicans have a call out for a meeting. They call themselves free silver republicans, but they are for Bryan, 16-to-1 and office.

The strength which comes to us from eating nourishing food is better than stimulation, because it is new strength.

The health which belongs to a strong body, well nourished by proper food (properly digested), is the only health that is lasting.

The difference between Shaker Digestive Cordial and other medicines is simply that it helps nature to make strength. It does not profess to cure sickness, except as that sickness is a result of weakness caused by food not properly digested.

Shakers Digestive Cordial will relieve the pangs of indigestion, and make thin, sick, weak people as well as if their stomachs had never been out of order.

It is a gentle aid to the digestion of nature's strength-maker, food.

Sold by druggists. Trial bottle 10 cents.

ABOUT the only man in the first congressional district who will not be able to take a summer vacation, is the Hon. Thos. H. Tonuge. Probably he would like to.

## A Remarkable Cure of Chronic Diarrhoea.

In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me a great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 50 cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write me. Yours gratefully, HENRY STEINBERGER, Allentown, Pa. Sold by S. Howorth & Co.

## CASTORIA

For Infants and Children.

The true signature of J. C. Ayer & Co. is on every bottle.
