

## It is the Nerve

of a tooth which has been completely or nearly exposed that gives you that sharp, shooting, lancinating pain when subjected to pressure or something cold or hot or sweet. If you have such a condition in your tooth, it should receive immediate attention. There are but two methods of saving such a tooth, viz., removing the nerve and filling the roots or applying a proper non-conducting capping to the pulp. Either operation requires great skill. I have indeed been successful in my methods in such operations. If the tooth is beyond saving, my method of extracting deprives the operation of its pain and dread. All plates made to fit and appear as natural as each individual case will permit. I keep up-to-date in all methods of work and material. Call for examination and prices.

Hugh Maloney and Hugh Mendenhall returned from the mountains Sunday last. During their outing they made quite a record as nimrods, having five bucks, one doe, two cougars and one bear to their credit. The boys say that they have had a splendid time from start to finish and they look as brown as a berry and as rugged as a mountain ash.—Sheridan Sun.

Lafayette seminary opened its fall term on Monday. The largest enrollment of students for many years is reported. The teaching corps is as follows: Rev. C. C. Polling, Ph. B., president; Professor D. M. Metzger, A. M., vice-president; Professor A. Launer, Miss Mamie Ross, Mrs. M. E. Weaver, and Mrs. M. L. Bardon. The music and physical training will be in charge of Professor J. Whitehorn.

The evening express from Portland last Friday came so near a catastrophe as to make the hair of some of the passengers stand on end. It was somewhere between North Yamhill and Carlton that the brakes were applied with all possible vigor and the train came to a standstill with a jolt that made everybody lean forward in their seats. The cause of it all was the special train carrying the railroad commissioners, that had taken the same track northward bound. As the trains could not pass one another, the special had to back up to Carlton.

School trade is a factor in my business. Some rules that I observe are: to satisfy the buyer is my best profit; fair criticism is preferable to a fulsome praise; everything is as advertised. In the union of goods, prices and fair treatment, there is strength. W. L. HEMBREE, book store.

Those who believe chronic diarrhoea to be incurable should read what Mr. P. E. Grisham of Gaars Mills, La., has to say on the subject, viz: "I have been a sufferer from chronic diarrhoea since the war and have tried all kinds of medicines for it. Last fall I found a remedy that effected a cure and that was Chamberlain's Colic, Cholera and Diarrhoea Remedy." This medicine can always be depended upon for colic, cholera morbus, dysentery and diarrhoea. It is pleasant to take and never fails to effect a cure. 25 and 50 cent sizes for sale by S. ### The Coming of Baby.

When a baby comes to the house real happiness comes. The care and anxiety count for nothing against the clinging touch of the little hands and the sound of the little voice. The highest function given to human beings is bringing healthy, happy children into the world. Over thirty years ago the needs of women appealed to Dr. Pierce, now chief consulting physician to the Invalids' Hotel and Surgical Institution, of Buffalo, N. Y. The result of his study improved by thirty years of practice is embodied in Dr. Pierce's Favorite Prescription. It strengthens, purifies and makes healthy the organs distinctly feminine. It gives weak women the strength and health necessary for the production of healthy children and it makes the bearing of those children easy. It is sure to cure any weakness or derangement peculiar to women; stops pain, soothes inflammation, strengthens, purifies, invigorates.
