Stories Told by the Survivors-The Captain Committed Suicide as the Ship Went Down.

Havana Oct. 19.-The gunboat Maria Christina, which left this port yesterday for the scene of the wreck of the Triton, bound from Havana to Bahia Honda, Pinar del Rio, which sank yesterday between Dominica and Mariel, has returned, accompanied by the tugboat Suri, which went with her. The two vessels arrived here this evening, the gunboat having on board 19 and the tugboat 23 members of the lost ship's company, of whom 13 are civilians and the rest soldiers. The whereabouts of the rest of the company is unknown. The Triton struck during a heavy rain. Her cargo shifted and 15 minutes later she sank in 120 fathoms of water.

A scene of terrible confusion and panic ensued as soon as the passengers realized the meaning of the crash. a wild struggle they rushed for the boats. #### OREGON ROADS TRIUMPH.

Concessions on Both Sides, But the O

R. & N. and O. S. L. Are Victorious Salt Lake, Oct. 20. - President Mohler, accompanied by Traffic Manager Campbell and General Superintendent O'Brien, left for Portland this evening after a highly successful conference with the Union Pacific and Short Line officials. Since the arrival of the O. R. & N. party on Saturday, the negotiations have been in progress, and today a complete understanding was reached, and as a result the throughcar service from Chicago to Portland will be resumed at once.

The fast-freight line of the Union Pacific to Portland by way of Sacramento will be taken off, and the tariff relations existing with the Oregon read before the cancellation of September 23 will be fully restored. While concessions have been made on both sides, the net result is conceded to be a victory for the Short Line and the O. R. & N.,

which have stood together in the fight. The Ogden gateway is to remain permanently open, and the use of the Rio Grand Western and its Eastern connection by Odgen shippers, if they desire it, is therefore assured. The conflict which has now been brought to a close arose from the opening of the Ogden gateway and the admission of rivals of the Union Pacific to the territory tributary to the Short Line and the O. R. & N. and the agreement that the condition thus brought about shall continue is regarded as a triumph for the

diplomacy of the two latter companies. President Mohler's contention, as expressed here today, was that all connecting lines should be treated alike, and this concession the Union Pacific has been compelled to make. It was and kept themselves affoat for hours. also forced to yield to other conditions exacted by Mr. Mohler. Its officials had become very tired of the decrease of business caused by its rupture with the Navigation company and the Short Line, and seemed glad to be in a position to surrender and thereby renew its

In the matter of the division of freight charges, it is understood that the Union Pacific secured concessions, the details of which are for the present withheld. Those who were rescued tell heart. The terms of the agreement insures the continuance in the Northwest field of agents of Eastern companies benefitted by the opening of the Ogden gateway. Disclosures during the conference add strength to the belief that the reorganization of the Union Pacific will not result in the abandonment of the independent organizations of the Short Line and the O. R. & N.

This ends the long and interesting fight that has been waged since last spring between the Union Pacific and the Oregon Short Line over the opening of the Ogden gateway, and from the conclusions reached and announced, it is quite evident that the Short Line, aided by the O. R. & N., has gained its point, and that the Ogden gateway will be kept open hereafter in addition to the through service over the Union Pacific, which the new agreement restores. This is a victory of decided advantage to Portland, for it keeps open to the Utah-Colorado lines this Nortwest territory, which previous to the little un-York, Oct. 19.—The popular California to the exclusion of Oregon

The other woman and the baby were also badly bruised. One of the horses was killed and the buggy wrecked.

## ONE HUNDRED DEATHS.

New Orleans Fever Fatilities Have Reached the Century Mark.

New Orleans, Oct. 20.-Before 7 o'clock this evening the 100 mark of deaths during the present period of yellow fever prevalence had been reached. When the board of health closed its books last night there had been 93 fatalities. Between last night and nightfall today, seven deaths were reported. This century of deaths has occurred among less than 900 cases that have been reported in to the board since early in September, when the first case made its appearance in New Orleans.

## Situation Is Bad.

Washington, Oct. 20 .- The yellow fever situation today, as reported to Surgeon-General Wyman, was not favorable, the disease having made its appearance at Baton Rouge, where there is one case, and at Montgomery, Ala., both of which places heretofore have been free from the disease. From Montgomery, Dr. Wyman's information is that four cases had been reported by State Health Officer Sanders. Dispatches from other places show new cases and deaths as follows:

Mobile, six cases, one death. Scranton, La., 12 cases. Pasacougoala, Miss., two cases. Edwards, two cases, three deaths. Cayuga, Miss, three cases, one
