

Klondike Gold

SHOULD NOT BE USED
to fill teeth unless necessary to preserve them. Tooth decay is usually caused by food accumulating between or about them, and being allowed to remain there. It decomposes and forms an acid, which nurtures bacteria. This causes a rapid breaking down of tooth substance, after which the only remedy is to fill the cavity. This should be done carefully and thoroughly by a dentist who is skilled in the art and understands the structure of the tooth. Having made such work a specialty, I invite your attention to my methods. Extracting done carefully and painlessly. Plates made as natural as possible and assured to fit. All methods used are only the latest. Call for examination and prices.

Webster's International Dictionary
Successor of the "Unabridged."
The One Great Standard Authority.
So writes Hon. B. J. Brewer, Justice U. S. Supreme Court.
Standard of the U. S. Gov't Printing Office, the U. S. Supreme Court, all the State Supreme Courts, and of nearly all the schoolbooks.
Warmly Commended by State Superintendents of Schools, College Presidents, and other Educators almost without number.
Invaluable to the household, and to the teacher, scholar, professional man, and self-educator.
THE BEST FOR PRACTICAL USE.
It is easy to find the word wanted.
It is easy to ascertain the pronunciation.
It is easy to trace the growth of a word.
It is easy to learn what a word means.
The Chicago Times Herald says: "Webster's International Dictionary is the present form of a lexicon on which every true teacher should be based in the way of orthography, ortho-epigraphy, etymology, and derivation. From it there is no appeal. It is the perfect human effort and labor which can make a dictionary." **GET THE BEST.**

Big cut in prices at R. Jacobson & Co.'s on account of preparation for removal into new building.
The Vesperian dramatic club will greet the public with their first appearance this season on Friday night, Nov. 12th, in "The Man from Maine." The cast remains about the same as last winter.

Why go to Klondike to make money when you can make it at home by buying your groceries of J. P. Irvine & Son?
Something of a flurry has been stirred up in educational circles over a charge that gambling was indulged in among students at the state university. Investigation has led to the expulsion of two students and a third has left rather than stand trial.
H. B. Reed is the all-round fence man. He not only makes and sells the combination picket and wire fence, but has two or three styles of all wire fencing, and also common barbed wire. He is in the fence business, and it will pay you to see him about anything in that line.
Talk about your boys of 70! Joseph Hoberg was on top of the Jacobson block all of the stormy afternoon of last Saturday putting in the skylight and spreading about 75 pounds of putty, till his hands were so cold he could hardly lift them. It was a big job and had to be done to protect the building.
Talking about the porcupine as a rare animal in these parts, Fred Sisson captured one a few days ago and is holding it in captivity and making overtures in the direction of adoption as a household pet. Old hunters say the animals are not so very rare, nevertheless one is seldom seen. The common evidence of their presence is the return of a hunting dog from an encounter with one, his mouth and nose full of quills. The porcupine always comes off first best.

George Gammie, who was for several years superintendent of the Ladd & Reed stock farm in this county, is at present managing a 2480-acre tract in Union county in the capacity of receiver. In a letter forwarding his subscription, Mr. Gammie says: "There have been splendid crops of wheat all over Union county. Some of the finest fields of wheat I ever saw, some large fields going as high as 40 and 50 bushels. You must think us very slow in harvesting, as there is yet a great quantity of grain to thresh. On this farm there are about 15,000 bushels of wheat to thresh, and A. B. Conley has 40,000 bushels of barley to thresh, but you must excuse us when I tell you that his one separator has had 7000 acres of grain to handle, and all over the valley there is a great deal remaining, but is all headed and stacked."
Three leaders—Kimball pianos and organs, New Home and Wheeler & Wilson sewing machines; for sale at C. G. Grisen's. 44w3
Judge Denny was in the city Monday and favored The Reporter with a call. The judge feels that he has been placed in a false light in reference to his attitude toward the improvement of the Yamhill river, it having been alleged that he had filed a protest against the location of the dam and locks on his place and threatening to mulct the government for damages. He says that he has made no protest, but on the contrary is in favor of the proposed improvement and that he offered to donate the land necessary for the purpose. What he did do, he says, was to write a letter to General Alger apprising the government of certain facts in connection with the construction of the works. If located at the point he supposed they would be, unless care was observed to prevent it, overflow of his land would result, and he notified Gen. Alger that the government would be held responsible for any damages. His object, he explains, was to prevent such a contingency by having the works properly constructed. We are bound to take Judge Denny at his word, but it is becoming more and more evident as the dilly-dallying with this business progresses, that there is a nigger in the woodpile, and that some powerful agency is at work to prevent the carrying out of the project for which appropriations were secured some months ago. The question is, who are the people interested, and who are their agents? Our people are beginning to have a pretty clear idea about it.

At Racket store. A larger line than ever before of women's, misses' and children's underwear, also for men and boys. Be sure and see them. 43w2
J. P. Irvine & Son have the largest stock of groceries ever carried in the county, and now is the time to lay in your winter supply at bed rock prices.
The County Christian Endeavor convention will meet at Lafayette Nov. 5th, 6th and 7th. A good meeting is anticipated and good program has been prepared. All societies are expected to send delegates.

The dedication of the new Cumberland Presbyterian church occurred last Sunday. The attendance was estimated between 400 and 500, and nearly all were comfortably seated. The membership of the Methodist church joined in the services. Rev. R. F. Powell of Seattle preached the dedicatory sermon from Matt. 16:18. He divided the subject into four parts, viz: Foundation, material, work and destiny of the church. The foundation should be Christ, the material redeemed souls, the work recruiting Christ's army, and the destiny would be that it would stand and the gates of hell should not prevail against it. The sermon was regarded as an able one, and was well received by the audience. Rev. Powell then undertook the raising of \$450 to leave the church free of all debt. About an hour was occupied in raising the amount, the contributions coming in lively when the smaller amounts were reached. Pledges and money were obtained to the amount of \$450.81. The dedicatory prayer was offered by Rev. E. E. Thompson, the pastor, and the services closed with an hosanna chorus by the choir, whose music throughout is highly spoken of. A cut of the new church building will appear in The Reporter in a few weeks. Nearly \$4000 have been raised and expended by this church within the past fourteen months.
A city caucus that had something of the appearance of rivaling greater New York was held in the court house Wednesday evening. O. H. Irvine was chosen chairman and C. H. McKinney and J. G. Eckman secretaries. Mayor Chrisman moved to proceed to ballot, and that a majority of votes cast elect, and that voters be required to step forward and place ballots in hat. C. A. Wallace amended that ballot be placed in chairman's hand and that he cast the ballot. Mr. Chrisman objected on the ground that no man had the right to handle another man's ticket. Mr. Fenton amended that names of voters be recorded by secretaries, and the original motion as amended carried. On motion of Mr. Vinton the chair appointed F. W. Fenton and E. V. Littlefield tellers. On motion of E. C. Walker three judges were appointed to determine qualifications of voters as ballots were cast. Chair appointed E. C. Walker, O. O. Hodson and J. J. Spencer. On motion of Judge Magers the election proceeded on the order of first, mayor, second, recorder, third, marshal, after the chair had appointed as outside tellers Messrs. J. A. Peckham, A. B. Apperson, J. H. Nelson and Thos. Rowland. Votes to the number of 194 were cast on the first ballot, of which Mayor Chrisman received 125, Mr. J. P. Irvine 18, Mr. Warren 13, scattering 38. Mr. Chrisman was declared nominated. No election of recorder resulted on first ballot, and on second ballot Mr. Snyder received 112 votes, and Mr. Conner 63, scattering 11. Mr. Snyder was declared the nominee. Two ballots were cast for marshal, Mr. Neal, the present incumbent receiving the nomination, the vote being Neal 97, Brower 86, scattering 6.

When we wrote the brief article last week urging organization on party lines on city elections, we had but one object in view—the betterment of city government by bringing out the best possible men as candidates and securing their election by a free and untrammelled vote at the election polls. There is no such overwhelming odds in favor of either party in the city as to make it certain that either the republican, populist or democratic party would profit by such an arrangement. For our own part we are free to say that we wouldn't care a fig so long as the desired object was gained. Every person familiar with our city elections during the past few years, is aware that the method at present in vogue, of holding a single caucus, whether called a citizens' caucus or something else, has only the effect of stifling a free expression of public sentiment and rendering the elections a farce. It is urged against this method, that factions and cliques having objects to gain at the expense of the public, organize their forces beforehand, turn out to the caucus to a man, and carry through their measures, while a large proportion of voters, either out of disgust at the huggermugger practices sometimes employed when numbers fail, or out of general apathy, remain away from the caucus. After the "citizens'" caucus has been held and the pins set up, all opposition to the triumphant "push" is met with the withering cry of "bolter! kicker! etc." The caucus, notwithstanding its objectionable features, is necessary in our political affairs, but it should never be accepted as the court of final appeal and allowed to usurp the place of public elections. If there is any other way than division on party lines of securing freer and fairer city elections we should be just as ready to accept them.
Dig down to the cause of your sickness, if you want to get well and stay well. Most likely it's indigestion. The irritating poisons of fermenting, putrid food, left in the stomach by indigestion, causes headache, neuralgia, nervousness, dizziness, stomachache, nausea, irritability and all the other well-known symptoms of indigestion. They also cause many pains and disorders which are often laid to other causes and hence are not easily cured. But as soon as the poisons are removed, all these symptoms and disorders disappear, because there is nothing left to cause them. Nothing succeeds in this like Shaker Digestive Cordial, because it prevents the undigested food from fermenting in the stomach and helps the stomach to digest its food. Sold by druggists, price 10 cents to \$1.00 per bottle.

Nineteen tardies for the first month is a pretty large beginning. Report books will be sent at the close of every month to the parents; please examine them, sign them, and if the work indicated is not satisfactory will you not consult the teacher or the principal. Our aim is to do the best possible for your children; we cannot do it without your cooperation, parents. We extend to you a hearty invitation to visit the school at any time.

For Sale.
One-half interest in a livery stable. Good location. For terms apply to
41-4 J. E. HUBBARD, Lafayette, Or.

A man may dress as well as his own good judgment and the assistance of an artistic tailor may elect. He may take his "tubs" but if his digestive organs are out of order, he will have an unwholesome appearance. His complexion and the white of his eyes will have a yellowish cast. His tongue will be coated, appetite poor, his teeth rusty, his breath abominable. He is one, unmistakable sign of constipation. The quickest, surest, easiest way to cure this trouble is to take Dr. Pierce's Pleasant Pellets. They are made of refined, concentrated vegetable extracts. Nothing in the least harmful enters into their composition. They hunt down all impurities, and "make them move on." They are the product of many years' study and practice. Dr. Pierce cannot afford to put forth a worthless article. Address with 21 cents in one-cent stamps, to cover cost of mailing only World's Dispensary Medical Association, Buffalo, N. Y., and get a free copy of the "Medical Adviser."
Do you know, that Elsia Wright carries a full line of lubricating oils for machinery? Owners of valuable harvesting and other machinery cannot afford to experiment with poor oils. He carries the best on the market and they are warranted not to gum.
For Sale.
20 head of choice goats for sale by T. A. Shelton, Carlton. 44-2
